Quick Start Guide

1. Insert the battery.
2. Insert an SD card.
3. Attach the lens. Align the lens’s white or red index with the camera’s index in the matching color.
4. Set the lens’s focus mode switch to <AF>.
5. Set the power switch to <ON>.
6. Set the Mode Dial to <C1> (Scene Intelligent Auto).
7. Focus the subject. Aim the viewfinder center over the subject and press the shutter button halfway to autofocus.
8. Take the picture. Press the shutter button completely to take the picture.
9. View the image. The image just captured will be displayed for 2 sec. on the LCD monitor.
