Quick Start Guide

1. Insert the battery.

2. Insert the SD card.

3. Attach the lens. Align the lens' white or red index with the camera's index in the matching color.

4. Set the lens focus mode switch to <f>.

5. Set the power switch to <ON>.

6. Set the Mode Dial to <1> (Full Auto). All the necessary camera settings will be set automatically.

7. Focus the subject. Aim the viewfinder center over the subject and press the shutter button halfway to autofocus.

8. Take the picture. Press the shutter button completely to take the picture.

9. View the image. The captured image will be displayed for approx. 2 sec. on the LCD monitor.
