We recommend that you read chapter 2 carefully before using your telephone. The telephone is a valuable device, please handle it carefully. A device can be repaired only if it is a component of our warranty as contained herein. 

Traffic safety
The display screen is made of glass and is in use using a low voltage to create a display that will not emit any radiation. When using the screen, please do not subject the telephone to any condition which might cause it to overheat. When using the telephone, do not use or keep the telephone near strong electromagnetic or electrical equipment, due to the safety of the telephone and the surrounding equipment.

Conditions of use
When using your telephone, you should use the telephone to make sure that it will not be used to send or receive any message that is unlawful or harmful to the public.

Conditions of use are defined as follows:
- Do not use the telephone in a dangerous environment or in an area where it may cause harm to the public.
- Do not use the telephone near a lightning flash or in a water-like environment.

Use by children, battery chargers, and accessories which are recommended by the manufacturer.

Use by children is not recommended. Children should not be allowed to use the telephone without adult supervision. Children should not be allowed to use the telephone near electrical equipment, due to safety hazards. It is recommended that you check with your local electrical and/or telephone provider to make sure that your telephone is suitable for use by children. The telephone should be stored in a place where it is safe from any accidental damage or use by children.

Battery charger and accessories
The battery charger should not be stored in a place where it is exposed to direct sunlight or any other environment that may cause it to overheat. Do not store the battery charger near any other electrical equipment or appliances. Do not store the battery charger in locations where it may be exposed to any water or any other liquids.

Always store your telephone in a clean and dry place.

Troubleshooting
Before contacting the after-sales department, you are advised to follow the instructions below:
- You are advised to switch off the telephone from time to time to improve the performance of your telephone.
- You are advised to avoid any electrical equipment, due to the safety of the telephone and the surrounding equipment.
- You should check the telephone before using it.

If your telephone is not working properly, please contact your local electrical and/or telephone provider to make sure that your telephone is suitable for use by children.

Battery charger and accessories
The battery charger should not be stored in a place where it is exposed to direct sunlight or any other environment that may cause it to overheat. Do not store the battery charger near any other electrical equipment or appliances. Do not store the battery charger in locations where it may be exposed to any water or any other liquids.

Always store your telephone in a clean and dry place.

Telephone warranty

Congratulations on choosing this telephone — we hope that you will be completely satisfied with it.

Your telephone is guaranteed against any defect from technical specification errors in the material and manufacture for a period of 12 months from the date of purchase on your original purchase receipt. The conditions of the warranty are subject to the conditions of your original purchase receipt. The warranty conditions are subject to any other specific provisions on your original purchase receipt.

The warranty terms defined in the manual also apply to the battery and accessories included with the telephone for a period of 12 months from the date of purchase on your original purchase receipt. Under these conditions, your telephone and battery will be replaced if the telephone and battery are defective and the defect is not due to your use or misuse of the telephone and battery.

Any defect in your telephone or battery which is not due to your use or misuse of the telephone and battery is subject to the conditions of the warranty.

The conditions of the warranty are subject to any other specific provisions on your original purchase receipt.
