- Contact your network operator for service availability.

- TCT Mobile Contact Center:
  - For any question or need of help, you can contact us by phone or email. You can also contact us by e-mail to ask any question or report a fault.

- Personal digital assistant:
  - This device complies with Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, can cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:
  - Reorient or relocate the receiving antenna.
  - Increase the separation between the equipment and the receiver.
  - Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
  - Consult the dealer or an experienced radio/TV technician for help.

- In European Union countries:
  - The collection points are accessible free of charge. All products with this sign must be brought to these collection points.
  - The recovery scheme is run by private companies on behalf of your local authorities.
  - The collection points are accessible free of charge. All products with this sign must be brought to these collection points.

- Restrictions on use:
  - Avoid using your cell phone near electrical appliances.

- Legal requirements of use:
  - If your cell phone is designed to operate at multiple power levels, it may not always use the highest certified power level in all tested frequency bands.

- Privacy:
  - You must respect privacy. You may not use your cell phone to make unauthorised recordings, to intercept confidential conversations, or to monitor or record any oral or written communication. You may not use your cell phone to reproduce or distribute any oral or written communication without the consent of the person who made it or the person who has been addressed in it.
