To access your call log, press (2) and select the "Call log" icon from the screen. Then press (2) to access your call log.
**Safety and use information**

Always handle your phone with care and in a safe and responsible manner. This warranty does not affect your statutory rights. When using your phone, please note the following information:

**TRAFFIC SAFETY**

- Do not use your phone while driving or operating a vehicle. Texting while driving is prohibited in many jurisdictions. Keep your hands on the wheel and your eyes on the road while driving.
- Use hands-free devices when possible.
- Do not project the phone's light or screen directly into the eyes of other road users.

**TURN OFF YOUR PHONE IN AIRPLANE MODE, IN HOSPITALS, AND IN OTHER PLACES WHERE BEING ALERT TO YOUR SURROUNDINGS IS ESSENTIAL**

- When using your phone in areas where medical devices or electronics are used, ensure that the electromagnetic waves emitted by your phone do not interfere with these devices.

**TURN OFF YOUR PHONE IN AIRPLANE MODE, IN HOSPITALS, AND IN OTHER PLACES WHERE BEING ALERT TO YOUR SURROUNDINGS IS ESSENTIAL**

- When using your phone in areas where medical devices or electronics are used, ensure that the electromagnetic waves emitted by your phone do not interfere with these devices.

**BATTERY**

- Before using your phone, please refer to the instructions for proper charging.
- Never leave the battery inside the phone while charging. The battery should be kept away from heat and other sources of higher temperatures.
- Do not disassemble or modify the battery. The battery should be disposed of according to local regulations. Contact your nearest service center for disposal information.

**SOFTWARE**

- The software in your phone is copyrighted and protected by international treaties and other rights. Unauthorized copying of software or modification of the software in the phone is prohibited.
- Make sure your phone is properly backed up before making any configuration changes or deleting data.

**GENERAL INFORMATION**

- Your phone is identified by an IMEI (phone serial number) for identification and warranty purposes.

**CHARGERS**

- Many chargers can regulate the internal temperature of your phone during the charging period. The charger design is specific to the rechargeable battery and phone combination. If your phone does not charge properly, please contact your nearest service center.

**RADAR WAVES**

- Mobile phones are equipped with a built-in antenna. For optimal operation, do not cover the antenna area with your hand or body. The antenna area is located at the top of your phone. Be sure that the antenna area is not obstructed when using your phone.

**RAINWATER AND SNOWMELT**

- Avoid using your phone in rainy or snowy conditions. If your phone gets wet, contact your nearest service center for assistance.

**WATER**

- Avoid using your phone in wet or humid conditions. If your phone gets wet, contact your nearest service center for assistance.

**ELECTROSMOKE**

- Avoid using your phone near smoke or electrosmoke devices. If your phone gets contaminated with electrosmoke or smoke residue, contact your nearest service center for assistance.

**AIR**

- Avoid exposing your phone to high altitude or rapid temperature changes. If your phone gets exposed to high altitude or rapid temperature changes, contact your nearest service center for assistance.

**UNAUTHORIZED MODIFICATIONS**

- Do not attempt to modify your phone without authorization. Unauthorized modifications can void your warranty and may cause damage to your phone.

**GENERAL DISCLAIMER**

- TCT Mobile Limited disclaims all liability for any loss, damage, or injury caused by the use of this guide or any other information contained in this guide.

**DISCLAIMER**
