Doro 1360 Quick Start Guide

1. GET STARTED

SIM card, memory card and battery

Remove the battery cover

Be careful not to damage your fingernails when you remove the battery cover. Do not bend or twist the battery cover excessively as it may be damaged.

Insert SIM card (required)

Remove the battery if it is already installed. There are two SIM card slots, SIM1 and SIM2. If you are to use only one SIM card, we recommend to use SIM1 slot.

Slide the card under the metal part, with the gold-coloured circuit board facing down. The cut-off corner of the card helps to you place the card, correct placement is indicated in the compartment.

Insert SD card (optional)

Press the card’s lid carefully towards the assistance button until it “clicks”. Lift the lid to an upright position. Make sure the card’s contacts are facing downwards. Fold down the lid and carefully push it down, sliding it back in place.

Note! The circuit boards (metal part) on the cards must not be scratched or bent. Try not to touch the circuits with your fingers.

Insert the battery

Insert the battery by lining up the battery compartment with the circuits facing down to the right. Replace the battery cover.

Charge the phone

CAUTION

Only use batteries, charger and accessories that have been approved for use with this particular model. Connecting other accessories may be dangerous and may invalidate the phone’s type approval and guarantee.

When the battery is running low, is displayed and a warning signal is heard.

To connect the mains adapter to the wall socket and to the charging socket.

Tip: Don’t forget to remove the protective plastic film from the display.

2. GET TO KNOW YOUR PHONE

Turn the phone on and off

1. Press and hold the on the phone to turn it on/off. Confirm with Yes to power off.

2. If the SIM card is valid but protected with a PIN code (Personal Identification Number), input SIM1 PIN is displayed. Enter the PIN code and press OK. Delete with Clear.

Note! If PIN and PUK codes were not provided with your SIM card, please contact your service provider.

Trials remain: shows the number of PIN attempts left. When no more attempts remain, PIN blocked is displayed. The SIM card must now be unlocked with the PUK code (Personal Unblocking Key).

1. Enter the PUK code and confirm with OK.

2. Enter a new PIN code and confirm with OK.

3. Re-enter the new PIN code and confirm with OK.

Start-up wizard

When starting the telephone for the first time, you can use the start-up wizard to set some basic settings.

Tip: You can run the start-up wizard later if you want.

11. WARRANTY

This product is guaranteed for a period of 12 months from the date of purchase. During this period, Doro will, at its own discretion, repair or replace any defective part or product free of charge. Doro reserves the right to charge for any repair or replacement services after the warranty period.

12. CARE AND MAINTENANCE

Your mobile phone must be treated with the greatest care. Negligence may void the warranty.

- Do not expose your phone to extremely hot or cold temperatures.
- Do not use or leave your phone in dusty or dirty environments. The unit's moving parts and electronic components can be damaged.
- Do not keep the unit in hot places. When the unit warms up to normal operating temperatures, condensation can form on the inside of the case and damage the electronic circuitry.
- Do not use the unit if you are already feeling unwell or unwell.
- Do not use strong chemicals to clean the unit.
