Turning on glove mode

- Touch Settings icon on your home screen or on the current application. It's located in the upper left corner of the screen.
- Touch Gloves mode to turn it on.

Turn on gloves mode, you can then perform touchscreen operations wearing gloves.

Performing one-handed operations

- Touch Settings icon on your home screen or on the current application.
- Turn on One-handed operations.

You can then move the keypad and other enabled items to one side of the screen for easier one-handed use.

Managing contacts

- Touch People icon on your home screen.
- Tap Manage contacts.

If you are using your Mate for the first time, tap Manage contacts and tap to import contacts from a storage device to the phone.

Touch the Groups tab to group your contacts for easier management.

Installing the micro-SIM and microSD cards

- Only use micro-SIM cards that are compatible with your Mate. To check which cards are compatible, contact your service provider.
- Your Mate supports Class 10 microSD cards. Refer to the following figure to install a microSD card.
- Your Mate supports Class 10 microSD cards. Refer to the following figure to install a microSD card.
- After you complete these steps, you are ready to use Mate.

Press and hold the power button for a few seconds until Mate vibrates to power it on.

Using the buttons

- From any screen, you can:
  - Touch Home button on your home screen or on the current application. It's located in the upper left corner of the screen.
  - Touch Back button to return to the previous screen or close the current application.
  - Touch Menu button to display recently used applications.
  - Touch the volume up or down button to adjust the volume.
  - Touch the power button once to lock the screen.
  - Touch the power button to wake up from sleep mode.
  - Touch the power button to change the volume.

- Under the Home button, you can enable or disable the hide navigation bar function. When the function is enabled, touch Hide navigation bar to hide the navigation bar. Flick up from the bottom of the screen to display it.
- Press the power button once to lock the screen or all apps.
- Press and hold the power button for 10 seconds or longer to reset your phone.
Your phone supports fast charging, which requires the provided power adapter and USB cable. Using other power adapters or USB cables may cause repeated restarts, extended charging time, excessive heat, device damage, or in extreme cases, an explosion.

Note: Do not use the power adapter, headset, USB cable, and other accessories in dusty, damp, or dirty environments. Avoid magnetic fields. If you accidentally expose your phone to water, use a soft cloth to wipe the water off. Make sure your phone is dry before you begin using it.

Sending an email

Touch to access Email. Once you have set up your email accounts, you will be able to stay connected while on the go.

Taking a photo

Touch to access Camera. Your Mate features a BSI HD camera that lets you take photos in several modes, such as panoramic, beauty, and group. To capture your most attractive smiles, your Mate provides face detection. The camera automatically focuses on certain objects. To focus on a particular object, touch it on the viewfinder. Then, touch to take a photo.
