We hereby declare that [all essential radio test suites have been carried out and that] the above named product is in conformity to all the essential requirements of Directive 1999/5/EC.

The conformity assessment procedure referred to in Article 10 and Annex V has been carried out.

We, INFINIXMOBILITY LIMITED, declare that the product meets the requirements of the applicable harmonized standards.

The technical documentation is kept at:
Intertek, Oakdale, PA 19069 USA
Identification mark: 0979

Declaration of conformity information

- EN 301 908-1 V6.2.1; EN 301 908-2 V6.2.1;
- EN 300 328 V1.7.1; EN 300 440-2 V1.4.1;
- EN 301 511 V9.0.2; EN 300 440-1 V1.6.1;
- EN 301 489-7 V1.3.1; EN 301 489-17 V2.2.1;
- EN 303 343-1:2012; EN 62209-1:2006;

Specific absorption rate (SAR) certification information

Maximum SAR for this model and conditions under which it was recorded:
- Head: 0.189 W/kg
- Body: 0.185 W/kg

This is because, for purposes of system safety of all persons, regardless of age and health.

A body-worn SAR test has been performed on this device at a separation distance of 1.5 cm. To meet RF exposure guidelines during body-worn use, the device should be positioned at least 1.5 cm from the body.

The radio wave exposure guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 2.0 W/kg. Tests for SAR are conducted using standard operating positions with the device transmitting at its highest certified power level.

The ICNIRP and include a substantial safety margin designed to assure the safety of all persons, regardless of age and health.

This device is not the address of Infinix Service Centre. For the address or the technical documentation, visit www.infinixmobility.com and search for your device with the model number.

Thank you for choosing Infinix smartphone.
