Preparing your phone

You need to insert the SIM card provided by your carrier to use cellular services. Install your phone as shown.

Step 1. Open the back cover.

Step 2. Insert the SIM cards and the memory card.
Tip: Insert (U)SIM card into SIM 1 slot and SIM card into SIM 2 slot.

Step 3. Install the battery.

Step 4. Install the back cover.

DO NOT insert or remove the SIM cards while your phone is turned on. Doing so can permanently damage your SIM card or your phone.
Charging the battery

Charge the battery as shown.

Method 1. Connect your phone to a power outlet using the included cable and USB power adapter.
Method 2. Charge the battery using a computer.

For more information about battery safety, see the Important Product Information Guide.
