9. On/Off button
10. Volume key
Preparing your phone

You need to insert the SIM card provided by your carrier to use cellular services. Install your phone as shown.

Step 1. Open the back cover.
1. Use your finger or a plastic opening tool to pry the back cover.
2. Do not apply force when opening the back cover to avoid breakage.
3. Make sure to align the hooks with the designated holes on your phone. Be careful not to bend the hooks on the back cover.

Step 2. Insert the SIM cards and the memory card.
- Insert the SIM1 (USIM) card into SIM1 slot and SIM2 card into SIM2 slot.

Step 3. Install the battery.
- Align the battery connectors on the battery with the pins in the battery compartment. Then push the battery down into place.

Step 4. Install the back cover.

DO NOT insert or remove the SIM cards while your phone is turned on. Doing so may permanently damage your SIM cards or your phone.
Method 1. Connect your phone to a power outlet using the included cable and USB power adapter.

Method 2. Charge the battery using a computer.

Your device has a rechargeable battery. For more information about battery safety, see “Rechargeable battery notice” in the Important Product Information Guide.
