LG Lotus Elite features a convenient external touch display for easy access to your favorite features.

Navigate the External Touch Display
1. With the flip closed, unlock the external touch screen by pressing and holding or pressing and sliding the virtual lock slider to the right.
2. Press and drag the external touch display to the left or right to access contacts, messaging, and other convenient screens.

Customize the External Touch Display
1. With the flip closed, unlock the external touch screen by pressing and holding or pressing and sliding the virtual lock slider to the right.
2. Tap , located at the bottom of the external standby screen.
3. Tap or to the right of each item to toggle menus on or off.
The highly customizable Sprint One Click user interface showcases the features that matter to you.

Personalize the Home Screen
1. From standby mode and with the Home Tile highlighted, press the Left Soft Key for Options and choose Personalize Home Screen.
2. Press the Left Soft Key for Add, then select a bubble from the list. Press OK. Press the Left Soft Key for Insert and follow the on-screen instructions specific to the bubble.
3. To remove a bubble, return to the Personalize Home Screen menu, scroll to highlight the desired bubble, and choose Remove Bubble.

Personalize the Carousel
1. From standby mode and with the Home Tile highlighted, press the Left Soft Key for Options and choose Personalize Carousel.
   • To add a new tile, press the Left Soft Key for Add Tile and select a tile from one of the categories.
   • To remove or rearrange tiles, scroll left or right with the Navigation Key to highlight a tile and choose Remove Tile or Move Tile.

Note: You can also add up to five shortcuts to menus, media, and browser bookmarks. From standby mode and with the Home Tile highlighted, scroll to the Shortcuts Tile with the Navigation Key and select +Add Shortcut.
Take advantage of three dedicated hot keys for one-key access to social networks and your messaging and email inboxes.

**Access a Social Network**
1. From standby mode and with flip open, press **SOCIAL**.
2. Select your preferred social network from the list.
3. Enter your login information. You may now access this network directly by pressing **SOCIAL**. You may still access the other networks as tiles on the carousel.

**Set Up Email**
1. From standby mode and with flip open, press **EMAIL**.
2. Follow the steps in the instructional wizard to set up email on your LG Lotus Elite. Once complete, you may press **EMAIL** to view your inbox and compose emails.

**Send a Text Message**
1. From standby mode and with flip open, press **TEXT**.
2. Select a recipient from the recent history or contacts. You can also choose to send to multiple recipients or a new number.
3. Enter your message with the QWERTY keyboard and press the **Left Soft Key** for Send.
Snap photos on the fly with LG Lotus Elite! Take pictures of your friends with the flip closed and self-portraits with the flip open.

**Flip Open**
1. From standby mode and with the flip open, press and hold  
2. Press left or right on the **Navigation Key** to zoom in,* or press up to access camera settings.
3. Press the **Left Soft Key** for **Capture** to take a photo. This camera orientation is ideal for taking self-portraits.

**Flip Closed**
1. With the flip closed, unlock the external touch screen by pressing and holding  or pressing and sliding the virtual lock slider to the right.
2. Press and hold  to access the camera viewfinder.
3. Press  to take the picture. This camera orientation is ideal for taking photos of subjects in front of you.

*Default camera setting of 1600 x 1200 pixels does not support zoom function.*
Sit back and relax while viewing slide shows of photos taken and stored on your phone!

1. With the flip closed, unlock the external touch screen by pressing and holding ` lor pressing and sliding the virtual lock slider to the right.
2. Press and drag the external touch display to the left to access the Slide Show screen.
3. Tap Play All to view all images stored on your phone or microSD card in one slide show, or select Choose to create or access a customized slide show.
Keep your online album up to date with the auto-send feature. When enabled, this feature automatically forwards pictures taken with the digital camera to an online album of your choice.

1. From standby mode and with the flip open, quickly press 📷.
2. Select **Auto-Send (5)**, then choose **Auto-Send Places (1)**.
3. Press the **Left Soft Key** for **Enable** and, if prompted, choose to connect to the Internet.
4. Select **Add Another**, then choose **New Places**.
5. Select a place from the list and follow the on-screen instructions to add it to your potential recipients list. You may access this list from standby mode by quickly pressing 📷 and selecting **My Places (4)**.
6. Once set up, you may select which places to automatically send pictures to by quickly pressing 📷 > **Auto-Send (5)** > **Auto-Send Places (1)**.
Set Up Sprint Mobile Email Client

Access your inbox when you’re away from your computer with Sprint Mobile Email on your LG Lotus Elite!

1. From standby mode and with the flip open, press ⦅EMAIL⦇.
2. Press the Right Soft Key for Continue, then select an email provider from the list and follow the on-screen instructions to set up your account.
3. Once setup is complete, you will see your inbox. You may now compose a new message by pressing the Left Soft Key for New, view a message in your inbox by highlighting it and pressing ⦅OK⦇, or access the settings by pressing the Right Soft Key for Menu.

Note: Once you have signed into your email account, you can access it directly from standby mode by pressing ⦅EMAIL⦇.
LG Lotus Elite features a convenient document viewer. Transfer documents to your phone and view them at any time to prepare for tests, meetings, and more!

1. Before you begin, insert a memory card containing at least one document file.
2. From standby mode and with the Home Tile highlighted, press to access the main menu and select Tools (O).
3. Select Document Viewer (*).
4. Highlight your document on the list and press .
