Remarq’s packaging consists of a box that’s 87% post-consumer waste and a tray that’s 100% post-consumer waste. LG reduces paper consumption by forgoing the traditional printed manual in favor of a downloadable digital manual. Speaking of reductions, the included power charger is ENERGY STAR® qualified.

The handset’s outer casing is composed of 19% recycled plastics, and the phone as a whole is 87% recyclable. Remarq features low levels of materials commonly targeted in green electronics guidelines: polyvinyl chloride (PVC) and brominated flame retardants (BFR). Per RoHS* compliance, Remarq meets strict standards for restricted use of hazardous substances in both the phone and the charger.

Finally, Remarq encourages environmental responsibility with the inclusion of the Eco-Calculator. This handy tool directly illustrates your carbon output reduction when you choose to walk or ride a bike instead of driving. The reduction is calculated in pounds of CO₂ decreased or trees planted.

Please visit www.sprint.com/remarq to find out more about Remarq and its eco-friendly attributes.

*Restriction of Hazardous Substances
Remarq provides instant access to your favorite email providers. The QWERTY keyboard lets you compose messages in seconds, and the setup wizard links your phone to your inbox in no time!

1. From standby mode, press \texttt{MENU} \texttt{OK} to access the main menu and select \texttt{Messaging (6) > Email (4)}.

2. Press the \textbf{Right Soft Key} to view a list of providers. Select your provider from the list and enter your login and password information followed by the \textbf{Right Soft Key}.

3. Complete the setup wizard by pressing the \textbf{Right Soft Key}.
Wondering what your friends are up to? Remarq is your connection to Facebook®, MySpace™, and Twitter™! You can connect to even more services with Sprint Social Zone!

1. From standby mode, press \( \text{MENU} \text{OK} \) to access the main menu and select \textbf{My Stuff (8) > Applications}. 

2. Select a social network application from the list. Steps may vary depending on the social networking application you choose. For this demonstration, select \textbf{Facebook}. 

3. Enter your login and password information. 

4. When you’re done, highlight the \textbf{Log In button} and press \( \text{MENU} \text{OK} \).
Rock out to your favorite songs with Remarq’s music player! The microSD memory slot supports a card* that can hold up to 16 gigabytes of your favorite songs, so what are you waiting for?

Play a Song
1. From standby mode and with a microSD card containing music in your phone, press \text{MENU} to access the main menu and select \text{Music (3)}.
2. Select individual songs by \text{Playlists (3), Artists (4), Albums (5), or Genres (6)}. To listen to every song on the microSD card, choose \text{All Songs (2)}.
3. Press the \text{Left Soft Key} for \text{Play} to listen to a song.

Multitask While Playing Music
1. While playing music, press the \text{Right Soft Key} for \text{Options}.
2. Select \text{Send to Background (1)}.

*microSD card sold separately.
Optional Accessories

Bluetooth® Headset (HBM-210)

Bluetooth® Headset with Speakerphone and Charging Cradle (HBM-800)

Vehicle Power Charger
