Transform your mobile phone into a portable music player! Copy music, pictures, and other media files to a microSD card* and access them anywhere you go!

1. From standby mode and with the slide closed, insert a microSD card into the port on the right side of the phone.
2. Connect your phone to your PC using a USB cable.*
3. Select **Transfer Music** (1).
4. Press the **OK** Key for **Yes** (1).
5. Your phone will appear as a removable disk under Windows® Explorer. Choose to open a folder to view the files on the memory card.
6. You can now drag and drop files from your computer onto the phone’s microSD card.

*Requires microSD card and USB cable (sold separately).
Listen to your favorite songs with the integrated music player. You can listen to songs, podcasts, and other audio files without carrying around a separate MP3 player.

1. From standby mode and with a microSD card* containing music already inserted in the phone, press the Key to enter the main menu.
2. Select Media Player (0).
3. Press the Left Soft Key to begin playing the highlighted song.
4. Use the side Volume Keys to adjust the volume.

*microSD card sold separately.
Want to go wireless? Take advantage of Bluetooth wireless technology to connect your mobile phone to headsets, computers, and more.

1. Set your Bluetooth accessory into pairing mode.*
2. From standby mode and with the slide closed, press the Menu Key and select Tools (#).
3. Select Bluetooth (3), and then press the Menu Key for Pair with Hands Free (1).
4. If Bluetooth wireless technology is off, you will be prompted to turn it on by pressing the Left Soft Key.
5. Once your device is found, highlight it and press the Menu Key.
6. Enter the PIN code (typically “0000”) and press the Menu Key to pair.*
7. You can choose to customize the device’s name. Press the Left Soft Key for Save.
8. Press the Left Soft Key to connect to your device.

*Refer to your Bluetooth accessory’s user guide for information about initiating pairing mode and the passkey if asked (typically “0000”). If the accessory supports the headset/hands-free profile, your phone will automatically pair for you without having to input the passkey.

Note: Bluetooth accessories sold separately.
Access your inbox on the go. Send and receive emails without carrying around a bulky laptop.

1. Rotate your phone horizontally and open the slide.
2. Select Email (3).
3. Press the Right Soft Key to begin the email wizard. Follow the steps in the wizard to set up your email.
4. Highlight the message you want to read and press the ENTER Key. To compose an email, press the Left Soft Key for New.
Enjoy fast, discreet communication with instant messaging. Access your favorite provider right from your phone.

1. Rotate your phone horizontally and open the slide.
2. Select **IM (4)**.
3. Press the **Left Soft Key** for **OK** to acknowledge the disclaimer.
4. Highlight your preferred IM client and press the **ENTER** Key.
5. Enter your login and password information using the QWERTY keyboard, and then press the **Left Soft Key** for **Sign In**.
6. Highlight a contact that is online, and then press the **ENTER** Key.
7. Type your message, and then press the **Left Soft Key** for **Send**.
Capture images with the 1.3 megapixel digital camera. Take advantage of customizable settings to create the perfect picture, and then send it to a friend.

1. You can take pictures with the slide open or closed. From standby mode and with the slide closed, press and hold the Camera Key to access the camera viewfinder.
2. Press up on the Navigation Key to view customizable options.
3. When you're ready, press the Camera Key to take the photo.
4. To send the picture to someone, press the Left Soft Key for Send.
