CONGRATULATIONS

MOTOSMART™

Your MOTOSMART smartphone gives you music and the Internet in your pocket.

- **Music Dashboard:** Seamlessly synchronize easy access to all your favorite music, see "Dashboard" on page 44.
- **High speed Internet:** Browse the web and pinch-to-zoom on the high resolution touch display in "Web" on page 37.
- **MotoSwitch:** MotoSwitch is a dynamic interface that gives you seamless access to content relevant to you. For details, see "MOTOSWITCH" on page 9.

**Note:** Certain apps and features may not be available in all countries.

**Caution:** Before assembling, charging, or using your smartphone for the first time, please read the important safety, regulatory and legal information provided with your product.

**SAR** This product meets the applicable SAR limits of 1.6 W/kg (FCC & IC) and 2.0 W/kg (ICNIRP). The limits and guidelines include a substantial safety margin designed to assure the safety of all persons, regardless of age and health. The highest SAR values
measured for this device are listed in the regulatory information packaged with your product.

Note: When using the product while worn on your body, either use an approved accessory such as a holster or maintain a distance of 2.5 cm (1 inch) from the body to ensure compliance with SAR requirements. Note that the product may be transmitting even if you are not making a phone call.

**SET UP & GO**

**Note:** This smartphone supports apps and services that use a lot of data, so make sure your data plan meets your needs. Contact your service provider for details.

When you turn on your new smartphone, you can create or enter a Google™ account so that you can download apps, use Gmail™, and much more:

1. Press and hold the Power/Lock Key to turn on your smartphone.
2. Touch the Android™ icon to begin setup.
3. Touch to Create a Google account, Sign in with one you have, or Skip.
   You can log into your account from a computer at www.accounts.google.com.
4. When your smartphone confirms the account, it shows account sync options.
   - Touch the Google account name, to choose whether to sync your Google account’s contacts, Gmail™, and calendar.
To add another account, touch Menu > Accounts & sync > Add account. For details, see “EMAIL” on page 32.

To exit setup, touch Home ( ).

If your smartphone cannot connect, touch Menu > Settings > Wireless & networks to change mobile network settings.

**WI-FI CONNECT**

Use a Wi-Fi network for even faster Internet access. Touch the status bar at the top of the home screen and drag it down. Touch the Wi-Fi networks available notification to select a preferred network.

You can also touch Menu > Settings > Wireless & networks > Wi-Fi settings to search for and connect to wireless networks. There's more in “CONNECTIONS” on page 48.

**COOL CONTENT & MORE**

Browse and download thousands of the coolest apps on the planet from Android Market™.

Download new apps with “BROWSE & INSTALL APPS” on page 17. An optional microSD memory card can be installed in your smartphone—you can load it up with photos, videos, and music from your computer (see “CONNECTIONS” on page 48).
TOUCHSCREEN & KEYS
a few essentials

SLEEP & WAKE UP
Your screen sleeps when you hold it to your ear during a
call, or when it is inactive. To change the sleep delay,
touch Menu > Settings > Display > Screen timeout.

To unlock the screen, drag to the outer circle.
Tip: To access all your
favorite apps from a lock
screen, see "MOTOSWITCH" on page 9.
MOTOSWITCH
Jump right to your favorite apps from the lock screen!
To set up your lock screen apps:

Tip: To delete an app from this screen, touch and hold between the two rings, then drag the app icon to the trash icon.
To go to a favorite app from the lock screen, drag the app towards the lock icon.
Note: For apps that turn on/off by a toggle, such as Bluetooth or Flight Mode, the screen will remain locked.
TOUCH TIPS

It’s all in the touch:

• **Touch:** Choose an icon or option.
• **Touch & Hold:** Show options.
• **Drag:** Scroll or move slowly.
• **Flick:** Scroll or move quickly.
• **Zoom:** Slide fingers apart or together to zoom in or out on Google Maps™, web pages, or photos.
KEY TIPS

MENU, HOME, BACK, & SEARCH
Touch Home (⏎) to close any menu or app and return to the home screen. In the home screen, touch and hold Home (⏎) to show the most recent apps used, then touch an app to open it.
Touch Menu (ацион) to open menu options.
Touch Back (←) to go back.
Touch Search (○) for text search, or touch and hold for voice search.

POWER KEY MENU
Press and hold the Power/Lock Key (○) to open the power key menu, where you can turn off your smartphone (Power off), Reboot your smartphone, or turn Airplane mode or Silent mode on and off.
ADJUST VOLUME
Press the volume keys to change ring volume (in the home screen) or earpiece volume (during a call).
When playing music or video files, press the volume keys to adjust media volume.

ROTATE THE SCREEN
When you turn your smartphone, the touchscreen can rotate to stay right-side up:
Find it: Menu > Settings > Display > Auto-rotate screen
HOME SCREEN
quick access to the things you need most

QUICK START: HOME SCREEN
The home screen gives you all your latest information in one place. It’s what you see when you turn on the smartphone or touch Home (amburger) from a menu. It’s basically like this:

Note: Your home screen might look a little different.
The home screen extends left and right to give you more room for adding shortcuts, widgets, and more. Flick the
home screen left and right to see more panels or to add widgets or shortcuts.

**USE & CHANGE YOUR HOME SCREEN**

On your home screen, shortcuts are icons that open your favorite apps, web bookmarks, contacts, mail labels, or music playlists. Widgets show you news, weather, messages, and other updates.

To see other panels of shortcuts and widgets, flick the home screen left or right. Or, touch Home and touch a thumbnail to go to the panel.

- To **open** something, touch it. Touch Home to return to the home screen.
  
  **Tip:** When you open a widget, touch Menu to see any options or settings.

- To **resize** widgets, touch and hold a corner until you feel a vibration, then drag.

- To **add** something or change your wallpaper, touch and hold an empty spot until you see the Add to Home screen menu. You can add a folder to organize your shortcuts.

- To **move** or **delete** something, touch and hold it until you feel a vibration, then drag it to another spot,
another panel, or the trash at the top of the screen.

To change your ringtone, display brightness, and more, touch Menu > Settings > Audio profiles or Display. For details, see “PERSONALIZE” on page 21.

Tip: From the home screen, touch Menu > Themes to design different home screens for Work, Home, and Weekend. Your changes are stored in each theme.

SEARCH

Touch Search, then use the window that appears.

- Touch here to enter text.
- Touch for more search options.
- Touch to search by voice.
SMARTPHONE STATUS & NOTIFICATIONS

In the status bar at the top of your screen, the right side shows smartphone status. The left side shows new messages or events (for details, flick the bar down).

**APPS & UPDATES**

*get the app you want*

**QUICK START: APPS & UPDATES**

You can find all of your apps in one place. From the home screen, touch 📱 to open the app menu. To see all of your apps, flick up and down.

From the app menu, touch 📱 All apps to view or create app groups.

To close the app menu, touch Home 🏡 or Back ⏪.

**BROWSE & INSTALL APPS**

Get all the fun games and cool apps you want! Android Market™ provides direct access to apps, games, and books that you can download and install on your smartphone.
Find it: 📱 > 🏢 Market

Scroll to and touch the app you want to install. Then, touch **Install** (if app is free) or **Buy**. New apps that you install are added to the app menu.

Tip: Choose your apps and updates carefully, from trusted sites, like 🏢 Market, as some may impact your smartphone’s performance—see “CHOOSE CAREFULLY” on page 19.

**Note:** When installing an app, make sure you read the alerts that tell you what information the app will access. If you don’t want the app to have access to this information, don’t install it.

**RECENT APPS**

Your smartphone remembers the apps that you used most recently. From the home screen, touch and hold Home 🏢 to show the most recent apps used. From the app menu, touch 📱 > Recent.

**MANAGE & RESTORE APPS**

From the home screen, touch Menu 📜 > Settings > Applications > Manage Applications.

Touch an app in the list, then touch **Uninstall** (for apps you downloaded), **Clear cache**, or other options. To reinstall apps from Android Market, touch 📱 > 🏢 Market, then touch Menu 📜 > My apps. Apps
that you have previously purchased from Android Market are listed and available for download.

**CHOOSE CAREFULLY**

Apps are great. There’s something for everyone. Play, communicate, work, or have fun. But remember, choose your apps carefully. Here are a few tips:

- To help prevent spyware, phishing, or viruses from affecting your smartphone or privacy, use apps from trusted sites, like Market.
- In Market, check the apps’ ratings and comments before installing.
- If you doubt the safety of an app, don’t install it.
- Like all apps, downloaded apps will use up memory, data, battery, and processing power—some more than others. For example, a simple battery level widget will use less than a streaming music player app. After installing an app, if you’re not happy with how much memory, data, battery or processing power it’s using, uninstall it. You can always install it again later.
- Just like web browsing, you may want to monitor children’s access to apps to help prevent exposure to inappropriate content.
- Certain apps may not provide completely accurate information. Take care, especially when it comes to personal health.
**UPDATE MY SMARTPHONE**

You can check, download, and install smartphone software updates using your smartphone, or using your computer:

- **Using your smartphone:**

  You may get an automatic notification of an available update on your smartphone. Simply follow the instructions to download and install.

  To manually check for updates, touch Menu > Settings > About phone > System updates.

  Your smartphone downloads any updates over your mobile network. Remember, these updates can be quite large (25MB or more) and may not be available in all countries. If you don’t have an unlimited data plan, or mobile network updates are not available in your country, you can update using a computer.

- **Using your computer:**

  On your computer, go to [www.motorola.com/support](http://www.motorola.com/support) and check the “Software” links. If an update is available, follow the installation instructions.
PERSONALIZE
add your personal touch

QUICK START: PERSONALIZE
To show quick settings from the home screen, touch Menu > Settings > Menu > Quick settings. Touch Menu > Edit to change your quick settings and Menu > Advance settings to return to settings. From the home screen, touch Menu > Settings > Audio profiles or Display.

Choose separate volume settings for incoming calls, media, alarms, and notifications.

Call & Message Notifications

Display settings
- Font size
- Font style
- Overall size of fonts

Brightness
- Auto-rotate screen

Animation
- All window animations are shown

Screen timeout
- Adjust the delay before the screen automatically turns off.

Set screen brightness
To choose a ringtone or vibration for calls and messages, touch Menu > Settings > Audio profiles, choose a profile (General, Silent, Meeting, or Outdoor), then touch Phone ringtone, Notification ringtone, or Vibrate.

To change the volume, touch Menu > Settings > Audio profiles, choose a profile (General, Silent, Meeting, or Outdoor), then touch Volume.

To turn dialpad sounds on or off, touch Menu > Settings > Audio profiles, choose a profile (General, Silent, Meeting, or Outdoor), then touch Audible touch tones.

To turn menu selection sounds on or off, touch Menu > Settings > Audio profiles, choose a profile (General, Silent, Meeting, or Outdoor), then touch Audible selection.

To change your wallpaper, touch and hold an empty spot on the home screen, then touch Wallpapers.

To change shortcuts and widgets on your home screen, touch and hold them. For details, see “HOME SCREEN” on page 13.

To set display brightness, touch Menu > Settings > Display > Brightness.

To control whether some apps rotate the screen when you rotate your smartphone, touch Menu > Settings > Display > Auto-rotate screen.
To turn on or off animations that make your menus look smoother, touch Menu > Settings > Display > Animation.

**LANGUAGE & REGION**

To set your menu language and region, touch Menu > Settings > Language & keyboard > Select language.
CALLS
it’s good to talk

QUICK START: CALLS
From the home screen, touch \( \text{_calls} \).

Open a list, then touch an entry to call.

Start a conference call.

Call.

Hang up.
To make a call, touch \( \textcolor{red}{1} \), enter a number, then touch \( \textcolor{green}{0} \).

When dialing, touch Menu \( \textcolor{blue}{0} \) to add a pause (pauses two seconds), or wait (waits for your confirmation). To enter the international dialing code, touch and hold \( \textcolor{blue}{0} \).

Note: Using a mobile device or accessory while driving may cause distraction and may be illegal. Always obey the laws and drive safely.

To answer a call, touch drag \( \textcolor{red}{1} \) to the right.

During a call, touch Menu \( \textcolor{blue}{0} \) to switch to a Bluetooth headset (see "CONNECTIONS" on page 48). Touch Home \( \textcolor{green}{0} \) or Back \( \textcolor{green}{0} \) to hide the active call display (to reopen it, touch \( \textcolor{green}{0} \)).

To use the speakerphone during a call, touch Speaker.

To enter numbers during a call, touch Dialpad.

To mute or unmute a call, touch Mute.

To put a call on hold, touch Hold.

To end a call, touch End.

To ignore an incoming call, drag \( \textcolor{red}{1} \) to the left.

Tip: For quick access to contacts, see "FAVORITES" on page 29.
CONFERENCE CALLS
To start a conference call, call the first number. After they answer, touch Add call and call the next number. When the next number answers, touch Merge calls. To remove individual callers, touch Conference call.

EMERGENCY CALLS
Note: Your service provider programs one or more emergency phone numbers that you can call under any circumstances, even when your smartphone is locked. Emergency numbers vary by country. Your pre-programmed emergency number(s) may not work in all locations, and sometimes an emergency call cannot be placed due to network, environmental, or interference issues.
1 Open the smartphone, then touch \( \text{X} \) (if your smartphone is locked, touch Emergency Call).
2 Enter the emergency number.
3 Touch Call to call the emergency number.

Note: Your smartphone can use location based services (GPS and AGPS) to help emergency services find you. See “LOCATION SERVICES” in your legal and safety information.

COOL DOWN
In very limited circumstances, such as where your smartphone has been exposed to extreme heat, you
may see "Cool Down" messages. To avoid possible damage to your battery and smartphone, you should follow these instructions until the smartphone is within its recommended temperature range. When your smartphone is in "Cool Down" mode, only emergency calls can be made.
CONTACTS
contacts like you’ve never had before

QUICK START: CONTACTS
From the home screen, touch Phone > Contacts.

To create a contact, touch Phone > Contacts > Menu > New contact, choose where you want to store the contact, then enter details (to close the display keyboard, touch Back).

Contacts shows the contacts from your Google™ account, which you can open from any computer at...
To stop synchronizing with your account, touch Phone > Contacts > Menu > More > Accounts, touch your Google account, then uncheck Sync Contacts.

- To call, text, or email a contact, touch Phone > Contacts, touch the contact, then touch (call), (text), or (email).
- To edit or delete a contact, touch Phone > Contacts, touch the contact, then touch Menu > Delete contact.

**FAVORITES**

For quick access to a favorite contact, open the contact, then touch the star next to their name. To show your favorites, touch Phone and touch Favorites at the top.

To add a shortcut to your favorites, touch and hold a blank spot on your home screen, then touch Folders > Starred contacts. You can also add a shortcut for an individual contact: Touch and hold a blank spot on your home screen, then choose Shortcuts > Contact.

**STORAGE & TRANSFER**

When you create a new contact, your smartphone asks if you want to store it in your Google™ account, smartphone memory, or SIM card. Contacts in all three
places appear in your Contacts list, but if you change smartphones:

- Contacts in your Google™ account can download when you log into your Google account on a new Android™ device. You can open these contacts from any computer at www.contacts.google.com.
- Contacts on your SIM card can load to a new device when you insert your SIM card.
- Contacts in your smartphone memory stay in your old smartphone, unless you export them.

To import or export contacts between your smartphone memory and a SIM or memory card, touch Phone > Contacts, then touch Menu > More > Import/Export.
MESSAGING
sometimes it's best to text or email...

**QUICK START: TEXT MESSAGING**
From the home screen, touch **Messaging**

**Tip:** To see more messages, flick or drag up.
- To **create** a text message, touch **Messaging > Compose new message**. For options like attaching files, touch Menu ▼.
• **To open** text messages, touch 📨 Messaging, then touch the sender’s name.
  When you see 📨 in the status bar at the top of your screen, flick down the status bar and touch the new message to open it.

• **To respond** to a text message, just touch it and enter your response in the text box at the bottom.

• **To forward, copy**, and more, touch 📨 Messaging, touch the sender’s name, then touch and hold the message.

**ATTACHMENTS**
To send a file in a text message, touch 📨 Messaging > Compose new message, then touch Menu 📋 > Attach.
When you open a message with an attachment, touch Download to download it. Touch the downloaded attachment to open it, then touch it again to save it, share it, and more.

**Tip:** To send and receive large attachments faster, use "CONNECTIONS" on page 48.

**EMAIL**
• **To set up** Google or Corporate (Microsoft™ Exchange server) accounts, touch Menu 📋 > Settings >
Accounts & sync > Add account. For details, contact the account provider.

To set up standard email accounts (not Gmail™ or Microsoft™ Exchange), touch Email and follow the wizard. To add more standard accounts, open Email and touch Menu > Accounts > Menu > Add account. For details, contact the account provider.

To open email, touch Email or Gmail. Touch a message to open it.

Tip: Touch Menu for options like Refresh or Search.

To create an email, touch Email or Gmail, then touch Menu > Compose.

Tip: Touch Menu for options, like Attach or Add Cc/Bcc.

Gmail synchronizes with your Google™ account mail, which you can open from any computer at mail.google.com. To stop synchronizing with your account, touch Menu > Settings > Accounts & sync, touch your Google account, then uncheck Sync Gmail.

**GOOGLE TALK™**
From the home screen, touch Talk.
Google Talk instant messaging lets you chat with other Google Talk users.
Touch Menu to see a list of your Google Talk friends, send invitations to add new friends, and much more.

**VOICEMAIL**

When you have a new voicemail, shows in the status bar at the top of your screen. To hear voicemails, touch Phone then touch and hold 1.

If you need to change your voicemail number, in the home screen touch Menu > Settings > Call settings > Voice Call > Voice mail. For your voicemail number or other details, contact your service provider.
TEXT ENTRY
keys when you need them

QUICK START: TEXT ENTRY
To change the keyboard, touch and hold a blank spot in a text box. A menu opens, where you can choose Input method > Android keyboard or Swype.

Note: Swype is not available in all regions. Your keyboard might change depending on what you’re entering.

Swype lets you drag your finger over the letters of a word, in one continuous motion.

To move the cursor, touch and hold a word you entered. This opens a magnifier where you can drag the cursor.

To enter a word, just trace a path through the letters. To capitalize, go above the keypad. For double letters, circle the letter.
- To **copy and paste**, double-tap a word to highlight it (if needed, drag the ends of the highlight). Then touch and hold a blank spot for the copy and paste menu.

- To add a word to your **dictionary**, double-tap the word to highlight it. Then touch and hold a blank spot to open the menu where you can add the word.

- To enter the small **number or symbol** at the top of a key, touch and hold the key.
  
  To enter several numbers or symbols, touch **SYM**.

- If Swype doesn’t know a word, touch individual letters to enter it. Swype remembers, so next time you can just drag over the letters.

**Android keyboard** lets you enter letters by touching them one at a time.

Touch and hold an empty spot to open a menu.
WEB
surf the web with your smartphone

QUICK START: WEB
From the home screen, touch ☰ Browser.

- To enter a website address in the browser or your home screen, just touch Search (🔍).
• To zoom in or out, pinch two fingers together or apart.
• To send the website address in a message, touch Menu > More > Share page.

Note: Your smartphone automatically uses your mobile phone network to connect to the web. Your service provider may charge to surf the web or download data. If you can’t connect, contact your service provider.

Tip: You can connect to the web with “connections” on page 48.

DOWNLOADS
To download files in your browser, touch a file link or touch and hold a picture to choose Save image.

To show the files you downloaded, touch > Downloads. Touch and hold an item to open it, see details, or remove it from the list.

You can download “APPS & UPDATES” on page 17.
LOCATION
where you are, and where you’re going

Open Maps or just touch Search to find an address, then get directions, check in, or save the location.

QUICK START: LOCATION
From the home screen, touch > Maps.

Google Maps™ offers powerful, user-friendly mapping technology and local business information—including business locations, contact information, and driving directions.

• To find an address, enter it in the search box at the top. The map moves to show the address.
Tip: You can touch and hold a spot on the map to show the nearest address.

- To find stores, restaurants, and other places near you, touch at the top.
- To get directions, find an address on the map, touch it, then touch.
- To save an address for later, touch it, then touch the star by its name to add it to your My Places.
- For help, touch Menu > Help.

**Google Maps™ with Navigation (Beta)**

Google Maps™ with Navigation (Beta) is an Internet-connected GPS navigation system with voice guidance.

To open navigation, touch > Navigation. Follow the prompts to speak or type your destination.

For more, go to www.google.com/mobile/navigation.
PHOTOS & VIDEOS
see it, capture it, share it!

QUICK START: PHOTOS & VIDEOS
From the home screen, touch > Camera to open the camera.

• To take a **photo**, touch ．
• To record a **video**, open the camera, then touch > Camcorder to switch to the camcorder. Touch ． to start and stop recording.
• To **open** photos and videos, touch > Gallery, then touch Menu for options, like Share.

**Tip:** For the clearest photos and videos, clean the lens with a soft, dry cloth.
VIEW & SHARE PHOTOS & VIDEOS

From the home screen, touch 📷 > Gallery.
Flick left and right to show folders. Touch a folder, then touch a thumbnail image to open, share, or delete it.

Tip: From the viewfinder, you can touch the thumbnail in the top right to open your last photo or video.

• To zoom in, touch the screen with two fingers and then drag them apart. To zoom out, drag your fingers together.
• To send or post the photo or video, touch Menu > Share. To use a Bluetooth or cable connection, see "CONNECTIONS" on page 48.
• To delete the photo or video, touch Menu > Delete.
• To set a photo as your wallpaper, touch Menu > More > Set as > wallpaper.
• To play a video, touch 🎥.

Tip: Turn the smartphone sideways for a widescreen view.
YOUTUBE®

The YouTube user-generated content website lets you share videos with YouTube users everywhere. You don’t need a YouTube account to browse and view videos.

From the home screen, touch 🅱️ > YouTube.

- To watch videos, touch Search 🔍, to find a video. Touch a video to watch it.

  For more video categories, touch Menu ⚙️ > Browse.

  To watch a video in high quality, touch Menu ⚙️ > Settings > High quality on mobile.

- To share a video, touch it to open it, touch More at the top, choose Share, then choose how you want to share it.

- To upload a video from your smartphone to your YouTube account, touch 🅱️ > YouTube > Menu ⚙️ > Upload. Touch the video, then touch Upload.

To sign into your YouTube account, touch 🅱️ > YouTube > Menu ⚙️ > My Channel.

Note: If you don’t have an account, touch the link to create one. For more, visit www.youtube.com.
MUSIC
when music is what you need...

DASHBOARD
You can access all your music on your smartphone, with the dashboard, just and hold an empty spot on the home screen, then touch Motorola widgets > Music now.

```
Music controls
```
**QUICK START: MUSIC**

Touch, touch, play—instant music. Just open your music library, then select what you want to play.

From the home screen, touch 🎵 > 🎧 Music > My Music.

Your music is stored by artists, albums, songs, and playlists. Touch a category, then touch the song or playlist you want to play.

* To adjust volume, use the volume keys.
When a song is playing, you touch Menu > More to use it as a ringtone.

To edit, delete, or rename playlists, touch Music > My Music > My Music touch the Playlists tab, then touch and hold the playlist name.

To hide the player and use other apps, touch Home. Your music keeps playing. To return to the player, flick down the status bar and touch.

Tip: For quick music player controls, touch and hold an empty spot in your home screen, then choose Android widgets > Music.

To stop the player, touch .

Before a flight, turn off network and wireless connections so that you can keep listening to music:

Press and hold Power/Lock Key > Airplane mode.

Note: When you select airplane mode, all wireless services are disabled. You can then turn Wi-Fi and/or Bluetooth back on, if permitted by your airline. Other wireless voice and data services (such as calls and text messages) remain off in airplane mode. Emergency calls to your region’s emergency number can still be made.

You can use your smartphone’s 3.5mm headset jack to connect wired headphones, or go wireless with a Bluetooth headset.
To listen to FM radio stations, plug in a 3.5mm headset and touch \( \text{FM Radio} \). Your smartphone uses the headset wire as the radio antenna.

**MUSIC FILES**

To get songs for your music player, you can download them from online services or copy them from your computer. Your music player can play these file formats: AMR, MP3, AAC, AAC+, eAAC+, or MIDI.

**Note:** Copyright—do you have the right? Always follow the rules. See “Content Copyright” in your legal and safety information.

To copy files **from your computer** to your smartphone, you can use “CABLE CONNECTIONS” on page 50.

To **save a CD** on your computer (“rip” the CD), you can use a program like Microsoft™ Windows™ Media Player. First, make sure you change the format to MP3 (under Rip > Format in Windows Media Player).

Your music player can play these file formats: AMR, MP3, AAC, AAC+, eAAC+, or MIDI.

**Note:** Your smartphone does not support any DRM protected files.
CONNECTIONS
home, office, or hotspot

QUICK START: CONNECTIONS
From the home screen, touch Menu > Settings > Wireless & networks, then Bluetooth settings or Wi-Fi settings.

    - Connect a device found by the scan.
    - Connect a network found by the scan.
• To connect **Bluetooth devices**, touch Menu ➤ **Settings** > **Wireless & networks** > **Bluetooth settings** > **Scan for devices** (touch **Bluetooth**, if it is off). Touch a device that your smartphone found, to connect it.

• To connect **Wi-Fi networks**, touch Menu ➤ **Settings** > **Wireless & networks** > **Wi-Fi settings** (touch **Wi-Fi**, if it is off). Touch a network that your smartphone found, to connect it.

• To use a **cable connection**, connect your smartphone’s micro USB port to a standard USB port on your computer, then use a computer program to transfer files to and from your smartphone’s memory card. Your smartphone supports microSD cards up to 32GB.

  On your smartphone, flick down the status bar and touch ☑ to enable your smartphone’s memory card.

  You can download your smartphone’s driver files from www.motorola.com/support.

• To make your smartphone a **hotspot** that other devices can use to connect to the Internet, touch Menu ➤ **Settings** > **Wireless & networks** > **Wi-Fi Direct**.

  **Note:** Keep it secure. To protect your smartphone and hotspot from unauthorized access, it is strongly recommended that you set up hotspot **Security** (WPA2 is the most secure), including password.
**WI-FI MODES**
For those who like to get a bit more technical, your smartphone supports the following Wi-Fi modes: 802.11b, g, n.

**CABLE CONNECTIONS**
You can use a cable connection to transfer songs, pictures, or other files between your smartphone and computer. You will need a:

- Microsoft™ Windows™ PC or Apple™ Macintosh™.
- Data cable with a standard USB connector on one end and a micro USB connector on the other end.
- microSD memory card (up to 32GB) inserted in your smartphone, as shown in “ASSEMBLE & CHARGE” on page 5.

**Tip:** To see the available memory on your memory card, from the home screen touch Menu > Settings > Storage.

To connect your smartphone and computer with a cable:
1. Insert a memory card in your smartphone, then connect
your smartphone’s micro USB port to a USB port on your computer.

**Note:** If your computer asks for your smartphone’s driver files, you can download them from [www.motorola.com/support](http://www.motorola.com/support).

2 Your smartphone should show a USB icon in the status bar. Flick down the status bar, touch the USB icon to enable your smartphone’s memory card.

3 On your computer, open a program (like Windows Media Player for music files, or Microsoft Windows Explorer to drag and drop other files) and use it to transfer your files.
SECURITY
help keep your smartphone safe

QUICK START: SECURITY
From the home screen, touch Menu > Settings > Security.

- To set a lock pattern, PIN, or password that you must enter whenever you wake up the screen, touch Menu > Settings > Security > Set up screen lock. Follow the prompts to enter and confirm the pattern, PIN, or password.

  Note: You can make emergency calls on a locked smartphone ("Contacts" on page 28). A locked
smartphone still rings, but you need to unlock it to answer.

- To set a **SIM card PIN** that you must enter when you turn on your smartphone, touch Menu > Settings > Security > Set up SIM card lock > Lock SIM card. Enter your SIM PIN code. To change your code, choose **Change SIM PIN**.

  **Caution:** If you enter an incorrect PIN code three times, your smartphone locks your SIM card. To unlock it, you need a PUK code from your service provider.

**RESET**

To reset your smartphone to factory settings and erase all the data on your smartphone, touch Menu > Settings > Privacy > Factory data reset > Reset phone.

**Warning:** All downloaded apps and user data on your smartphone will be deleted.
TOOLS
stay on top of things

CALENDAR
From the home screen, touch \[ tools \].

To create an event, touch \[ tools \] > \[ Calendar \] > Menu \[ tools \] > More > New event, enter details, then touch Done.

Your smartphone’s Calendar synchronizes with your Google account calendar, which you can open from any computer at calendar.google.com or open your
To stop synchronizing with your account, touch Menu > Settings > Accounts & sync, touch your Google account, then uncheck Sync Calendar.

To edit or delete an event, touch Calendar, touch the event to open it, then touch Menu > Edit event or Delete event.

**ALARM CLOCK**
To set an alarm, touch Clock, then touch 🕒.

- To turn an alarm on or off, touch 🕒 next to it.
- To add an alarm, touch Add alarm, then enter alarm details.
- To change an alarm, touch the time.
- To set a snooze period, in the Alarms list touch Menu > Settings > Snooze duration.

When an alarm sounds, touch Dismiss to turn it off or Snooze to delay it. To cancel a snoozed alarm, drag down the status bar and touch the alarm name.

**DATE & TIME**
To set the date, time, time zone, and formats, touch Menu > Settings > Date & time.
Troubleshooting
we’re here to help

Crash Recovery
In the unlikely event that your smartphone stops responding to touches and key presses, try a quick reset. Remove the back cover and battery (“Assemble & Charge” on page 5), then replace and turn on your smartphone as usual.

Service & Repairs
If you have questions or need assistance, we’re here to help.

Go to www.motorola.com/support, where you can select from a number of customer care options. You can also contact the Motorola Customer Support Center at 0800 666 8676 (Argentina), 800-201-442 (Chile), 01-800-700-1504 (Colombia), 01 800 021 0000 (México), 0800-100-4289 (Venezuela), or 0-800-52-470 (Perú).
Safety, Regulatory & Legal

Battery Use & Safety

The following battery use and safety information applies to all Motorola mobile devices. If your mobile device uses a non-removable main battery (as stated in your product information), details related to handling and replacing your battery should be disregarded—the battery should only be replaced by a Motorola-approved service facility, and any attempt to remove or replace your battery may damage the product.

Important: Handle and store batteries properly to avoid injury or damage. Most battery safety issues arise from improper handling of batteries, and particularly from the continued use of damaged batteries.

DON'Ts

- Don’t disassemble, crush, puncture, shred, or otherwise attempt to change the form of your battery.
- Don’t use tools, sharp objects, or excessive force to insert or remove the battery as this can damage the battery.
- Don’t let the mobile device or battery come in contact with liquids.* Liquids can get into the mobile device’s circuits, leading to corrosion.
- Don’t allow the battery to touch metal objects. If metal objects, such as jewelry, stay in prolonged contact with the battery contact points, the battery could become very hot.
- Don’t place your mobile device or battery near a heat source.* High temperatures can cause the battery to swell, leak, or malfunction.
- Don’t dry a wet or damp battery with an appliance or heat source, such as a hair dryer or microwave oven.

DOs

- Do avoid leaving your mobile device in your car in high temperatures.*
- Do avoid dropping the mobile device or battery.* Dropping these items, especially on a hard surface, can potentially cause damage.
- Do contact your service provider or Motorola if your mobile device or battery has been damaged in any of the ways listed here.

* Note: Always make sure that any battery, connector, and compartment covers are closed and secure to avoid direct exposure of the battery to any of these conditions, even if your product information states that your mobile device can resist damage from these conditions.
Important: Motorola recommends you always use Motorola-branded batteries and chargers for quality assurance and safeguards. Motorola’s warranty does not cover damage to the mobile device caused by non-Motorola batteries and/or chargers. To help you identify authentic Motorola batteries from non-original or counterfeit batteries (that may not have adequate safety protection), Motorola provides holograms on its batteries. You should confirm that any battery you purchase has a “Motorola Original” hologram.

If you see a message on your display such as “Invalid Battery” or “Unable to Charge”, take the following steps:

1. Remove the battery and inspect it to confirm that it has a “Motorola Original” hologram;
2. If there is no hologram, the battery is not a Motorola battery;
3. If there is a hologram, replace the battery and try charging it again;
4. If the message remains, contact a Motorola authorized service center.

Warning: Use of a non-Motorola battery or charger may present a risk of fire, explosion, leakage, or other hazard.

Proper and safe battery disposal and recycling: Proper battery disposal is not only important for safety, it benefits the environment. You can recycle your used batteries in many retail or service provider locations. Additional information on proper disposal and recycling can be found at www.motorola.com/recycling.

Disposal: Promptly dispose of used batteries in accordance with local regulations. Contact your local recycling center or national recycling organizations for more information on how to dispose of batteries.

Warning: Never dispose of batteries in a fire because they may explode.

Battery Charging

Notes for charging your product’s battery:

1. During charging, keep your battery and charger near room temperature for efficient battery charging.
2. New batteries are not fully charged.
3. New batteries or batteries stored for a long time may take more time to charge.
4. Motorola batteries and charging systems have circuitry that protects the battery from damage from overcharging.

Third Party Accessories

Use of third party accessories, including but not limited to batteries, chargers, headsets, covers, cases, screen protectors and memory cards, may impact your mobile device’s performance. In some circumstances, third party accessories can be dangerous and may void
Driving Precautions

Responsible and safe driving is your primary responsibility when behind the wheel of a vehicle. Using a mobile device or accessory for a call or other application while driving may cause distraction, and may be prohibited or restricted in certain areas—always obey the laws and regulations on the use of these products.

While driving, NEVER:

* Type, read, enter or review texts, emails, or any other written data.
* Surf the web.
* Input navigation information.
* Perform any other functions that divert your attention from driving.

While driving, ALWAYS:

* Keep your eyes on the road.
* Enter destination information into a navigation device before driving.
* Use a handsfree device if available or required by law in your area.
* Use voice activated features (such as voice dial) and speaking features (such as audible directions), if available.
* End your call or other task if you cannot concentrate on driving.

Remember to follow the "Smart Practices While Driving" at www.motorola.com/callsmart (in English only).

Seizures, Blackouts & Eyestrain

To reduce eyestrain and avoid headaches, it is always a good idea to hold the screen a comfortable distance from your eyes, use in a well-lit area, and take frequent breaks.

Some people may be susceptible to seizures or blackouts even if they have never had one before when exposed to flashing lights or light patterns, such as when playing video games, or watching videos with flashing-light effects.

Discontinue use and consult a physician if any of the following symptoms occur: seizures, blackout, confusion, eye or muscle twitching, loss of awareness, or disorientation.

If you or someone in your family has experienced seizures or blackouts, please consult with your physician before using an application that produces flashing-light effects on your mobile device.
Caution About High Volume Usage

Warning: Exposure to loud noise from any source for extended periods of time may affect your hearing. The louder the volume sound level, the less time is required before your hearing could be affected. To protect your hearing:

- Limit the amount of time you use headsets or headphones at high volume.
- Avoid turning up the volume to block out noisy surroundings.
- Turn the volume down if you can’t hear people speaking near you.

If you experience hearing discomfort, including the sensation of pressure or fullness in your ears, ringing in your ears, or muffled speech, you should stop listening to the device through your headsets or headphones and have your hearing checked. For more information about hearing, see our website at direct.motorola.com/howtomoto/hs/AcousticSafety.asp (in English only).

Repetitive Motion

When you repetitively perform actions such as pressing keys or entering finger-written characters, you may experience occasional discomfort in your hands, arms, shoulders, neck, or other parts of your body. If you continue to have discomfort during or after such use, stop use and see a physician.

Children

Keep your mobile device and its accessories away from small children. These products are not toys and may be hazardous to small children. For example:

- A choking hazard may exist for small, detachable parts.
- Improper use could result in loud sounds, possibly causing hearing injury.
- Improperly handled batteries could overheat and cause a burn.

Supervise access for older children. Similar to a computer, if an older child does use your mobile device, you may want to monitor their access to help prevent:

- Exposure to inappropriate apps or content.
- Improper use of apps or content.
- Loss of data.

Glass Parts

Some parts of your mobile device may be made of glass. This glass could break if the product receives a substantial impact. If glass breaks, do not touch or attempt to remove. Stop using your mobile device until the glass is replaced by a qualified service center.
Operational Warnings
Obey all posted signs when using mobile devices in public areas.

Potentially Explosive Areas
Potentially explosive areas are often, but not always, posted and can include blasting areas, fueling stations, fueling areas (such as below decks on boats), fuel or chemical transfer or storage facilities, or areas where the air contains chemicals or particles, such as grain dust, or metal powders.
When you are in such an area, turn off your mobile device, and do not remove, install, or charge batteries, unless it is a radio product type especially qualified for use in such areas and certified as “Intrinsically Safe” (for example, Factory Mutual, CSA, or UL approved). In such areas, sparks can occur and cause an explosion or fire.

Symbol Key
Your battery, charger, or mobile device may contain symbols, defined as follows:

<table>
<thead>
<tr>
<th>Symbol</th>

</table>
Exposure to RF Energy

Your mobile device contains a transmitter and receiver. When it is ON, it receives and transmits RF energy. When you communicate with your mobile device, the system handling your call controls the power level at which your mobile device transmits.

Your mobile device is designed to comply with local regulatory requirements in your country concerning exposure of human beings to RF energy.

RF Energy Operational Precautions

For optimal mobile device performance, and to be sure that human exposure to RF energy does not exceed the guidelines set forth in the relevant standards, always follow these instructions and precautions:

- When placing or receiving a phone call, hold your mobile device just like you would a landline phone.
- If you wear the mobile device on your body, always place the mobile device in a Motorola-supplied or approved accessory (e.g. clip, holster, holder, case or arm band). If you do not use a body-worn accessory supplied or approved by Motorola, ensure that whatever product is used is free of any metal and that it positions the mobile device at least 2.5 cm (1 inch) away from the body.
- Using accessories not supplied or approved by Motorola may cause your mobile device to exceed RF energy exposure guidelines. For a list of Motorola-supplied or approved accessories, visit our website at: www.motorola.com.

RF Energy Interference/Compatibility

Nearly every electronic device is subject to RF energy interference from external sources if inadequately shielded, designed, or otherwise configured for RF energy compatibility. In some circumstances, your mobile device may cause interference with other devices.

Symbol Definition

For indoor use only.

Radio Frequency (RF) Energy

Exposure to RF Energy

For optimal mobile device performance, and to be sure that human exposure to RF energy does not exceed the guidelines set forth in the relevant standards, always follow these instructions and precautions:

- When placing or receiving a phone call, hold your mobile device just like you would a landline phone.
- If you wear the mobile device on your body, always place the mobile device in a Motorola-supplied or approved accessory (e.g. clip, holster, holder, case or arm band). If you do not use a body-worn accessory supplied or approved by Motorola, ensure that whatever product is used is free of any metal and that it positions the mobile device at least 2.5 cm (1 inch) away from the body.
- Using accessories not supplied or approved by Motorola may cause your mobile device to exceed RF energy exposure guidelines. For a list of Motorola-supplied or approved accessories, visit our website at: www.motorola.com.
Follow Instructions to Avoid Interference Problems

Turn off your mobile device in any location where posted notices instruct you to do so, such as hospitals or health-care facilities.

In an aircraft, turn off your mobile device whenever instructed to do so by airline staff. If your mobile device offers an airplane mode or similar feature, consult airline staff about using it in flight.

Medical Devices

If you have a medical device, including an implantable medical device such as a pacemaker or defibrillator, consult your healthcare provider and the device manufacturer’s directions before using this mobile device.

Persons with implantable medical devices should observe the following precautions:

- ALWAYS keep the mobile device more than 20 centimeters (8 inches) from the implantable medical device when the mobile device is turned ON.
- DO NOT carry the mobile device in the breast pocket.
- Use the ear opposite the implantable medical device to minimize the potential for interference.
- Turn OFF the mobile device immediately if you have any reason to suspect that interference is taking place.

Specific Absorption Rate (FCC & IC)

YOUR MOBILE DEVICE MEETS FCC AND IC LIMITS FOR EXPOSURE TO RADIO WAVES.

Your mobile device is a radio transmitter and receiver. It is designed not to exceed the limits for exposure to radio waves (radio frequency electromagnetic fields) adopted by the Federal Communications Commission (FCC) and Industry Canada (IC). These limits include a substantial safety margin designed to assure the safety of all persons, regardless of age and health.

The radio wave exposure guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 1.6 W/kg.

Tests for SAR are conducted using standard operating positions with the device transmitting at its highest certified power level in all tested frequency bands. The highest SAR values under the FCC and IC guidelines for your device model are listed below:

<table>
<thead>
<tr>
<th>Head SAR</th>
<th>XT389 (UMTS 900/2100) (GSM 850, Wi-Fi, Bluetooth)</th>
<th>1.29 W/kg</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>XT389 (UMTS 850/1900) (GSM 850, Wi-Fi, Bluetooth)</td>
<td>0.99 W/kg</td>
</tr>
</tbody>
</table>
During use, the actual SAR values for your device are usually well below the values stated. This is because, for purposes of system efficiency and to minimize interference on the network, the operating power of your mobile device is automatically decreased when full power is not needed for the call. The lower the power output of the device, the lower its SAR value.

If you are interested in further reducing your RF exposure then you can easily do so by limiting your usage or simply using a hands-free kit to keep the device away from the head and body. Additional information can be found at www.motorola.com/rfhealth.

Specific Absorption Rate (ICNIRP)

Your mobile device meets international guidelines for exposure to radio waves.

Your mobile device is a radio transmitter and receiver. It is designed not to exceed the limits for exposure to radio waves (radio frequency electromagnetic fields) recommended by international guidelines. The guidelines were developed by an independent scientific organization (ICNIRP) and include a substantial safety margin designed to assure the safety of all persons, regardless of age and health.

The radio wave exposure guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 2 W/kg. Tests for SAR are conducted using standard operating positions with the device transmitting at its highest certified power level in all tested frequency bands. The highest SAR values under the ICNIRP guidelines for your device model are listed below:

<table>
<thead>
<tr>
<th>Model</th>
<th>UMTS 850/2100</th>
<th>GSM 850</th>
<th>Wi-Fi</th>
<th>Bluetooth</th>
<th>Body-worn SAR</th>
</tr>
</thead>
<tbody>
<tr>
<td>XT389</td>
<td>0.992 W/kg</td>
<td></td>
<td></td>
<td></td>
<td>1.27 W/kg</td>
</tr>
<tr>
<td>XT389</td>
<td>1.11 W/kg</td>
<td></td>
<td></td>
<td></td>
<td>1.09 W/kg</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Model</th>
<th>UMTS 900/2100</th>
<th>UMTS 1900</th>
<th>Wi-Fi</th>
<th>Bluetooth</th>
<th>Head SAR</th>
</tr>
</thead>
<tbody>
<tr>
<td>XT389</td>
<td>0.939 W/kg</td>
<td>0.658 W/kg</td>
<td></td>
<td></td>
<td>0.939 W/kg</td>
</tr>
<tr>
<td>XT389</td>
<td>0.859 W/kg</td>
<td>0.658 W/kg</td>
<td></td>
<td></td>
<td>0.859 W/kg</td>
</tr>
<tr>
<td>XT389</td>
<td>0.859 W/kg</td>
<td>0.658 W/kg</td>
<td></td>
<td></td>
<td>0.859 W/kg</td>

</tbody>
</table>

64 Safety, Regulatory & Legal
During use, the actual SAR values for your device are usually well below the values stated. This is because, for purposes of system efficiency and to minimize interference on the network, the operating power of your mobile device is automatically decreased when full power is not needed for the call. The lower the power output of the device, the lower its SAR value.

If you are interested in further reducing your RF exposure then you can easily do so by limiting your usage or simply using a hands-free kit to keep the device away from the head and body. Additional information can be found at www.motorola.com/rfhealth.

European Union Directives Conformance Statement

The following CE compliance information is applicable to Motorola mobile devices that carry one of the following CE marks:

![CE 0168](blue)

![CE 0168](red)

Only Indoor Use Allowed In France for Bluetooth and/or Wi-Fi

Heredly, Motorola declares that this product is in compliance with:

- The essential requirements and other relevant provisions of Directive 1999/5/EC
- All other relevant EU Directives.

For products that support Wi-Fi 802.11a (as defined in your product information) This device is restricted to indoor use when operating in the 5.15 to 5.25 GHz (802.11a) Wi-Fi frequency band.
The following gives an example of a typical Product Approval Number:

![Product Approval Number](image)

You can view your product’s Declaration of Conformity (DoC) (to Directive 1999/5/EC) at [www.motorola.com/rtte](http://www.motorola.com/rtte) (in English only). To find your DoC, enter the Product Approval Number from your product label in the “Search” bar on the website.

**FCC Notice to Users**

The following statement applies to all products that bear the FCC logo on the product label.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. See 47 CFR Sec. 15.105(a). These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. See 47 CFR Sec. 15.105(a)(3).

Motorola has not approved any changes or modifications to this device by the user. Any changes or modifications could void the user’s authority to operate the equipment. See 47 CFR Sec. 15.21.
For products that support Wi-Fi 802.11a (as defined in your product information), this device is restricted to indoor use when operating in the 5.15 to 5.25 GHz (802.11a) Wi-Fi frequency band.

Software Notices

Warning against unlocking the bootloader or altering a product’s operating system software: Motorola strongly recommends against altering a product’s operating system, which includes unlocking the bootloader, rooting a device or running any operating software other than the approved versions issued by Motorola and its partners. Such alterations may permanently damage your product, cause your product to be unsafe and/or cause your product to malfunction. In such cases, neither the product nor any damage resulting therefrom will be covered by warranty.

Important FCC information: You must not make or enable any changes to the product that will impact its FCC grant of equipment authorization. The FCC grant is based on the product’s emission, modulation, and transmission characteristics, including: power levels, operating frequencies and bandwidths, SAR levels, duty-cycle, transmission modes (e.g., CDMA, GSM), and intended method of using the product (e.g., how the product is held or used in proximity to the body). A change to any of these factors will invalidate the FCC grant. It is illegal to operate a transmitting product without a valid grant.

Location Services

The following information is applicable to Motorola mobile devices that provide location based functionality. Location sources can include GPS, AGPS and Wi-Fi.

Your mobile device can use Global Positioning System (GPS) signals for location-based applications. GPS uses satellites controlled by the U.S. government that are subject to changes implemented in accordance with the Department of Defense policy and the Federal Radio Navigation Plan. These changes may affect the performance of location technology on your mobile device.

Your mobile device can also use Assisted Global Positioning System (AGPS), which obtains information from the cellular network to improve GPS performance. AGPS uses your wireless service provider’s network and therefore airtime, data charges, and/or additional charges may apply in accordance with your service plan. Contact your wireless service provider for details.

Your mobile device can also use Wi-Fi signals to determine your approximate location, using information from known and available Wi-Fi networks.
Your Location
Location-based information includes information that can be used to determine the approximate location of a mobile device. Mobile devices which are connected to a wireless network transmit location-based information. Devices enabled with location technology also transmit location-based information. Additionally, if you use applications that require location-based information (e.g., driving directions), such applications transmit location-based information. The location-based information may be shared with third parties, including your wireless service provider, applications providers, Motorola, and other third parties providing services.

Emergency Calls
When you make an emergency call, the cellular network may activate the AGPS technology in your mobile device to tell the emergency responders your approximate location. AGPS has limitations and might not work in your area. Therefore:
- Always tell the emergency responder your location to the best of your ability; and
- Remain on the phone for as long as the emergency responder instructs you.

Navigation
The following information is applicable to Motorola mobile devices that provide navigation features.
When using navigation features, note that mapping information, directions and other navigational data may contain inaccurate or incomplete data. In some countries, complete information may not be available. Therefore, you should visually confirm that the navigational instructions are consistent with what you see. All drivers should pay attention to road conditions, closures, traffic, and all other factors that may impact driving. Always obey posted road signs.

Privacy & Data Security
Motorola understands that privacy and data security are important to everyone. Because some features of your mobile device may affect your privacy or data security, please follow these recommendations to enhance protection of your information:
- Monitor access—Keep your mobile device with you and do not leave it where others may have unmonitored access. Use your device’s security and lock features, where available.
- Keep software up to date—If Motorola or a software/application vendor releases a patch or software fix for your mobile device that updates the device’s security, install it as soon as possible.
Secure Personal Information—Your mobile device can store personal information in various locations including your SIM card, memory card, and phone memory. Be sure to remove or clear all personal information before you recycle, return, or give away your device. You can also backup your personal data to transfer to a new device.

Note: For information on how to backup or wipe data from your mobile device, go to: www.motorola.com/support

Online accounts—Some mobile devices provide a Motorola online account (such as MOTOBLUR®). Go to your account for information on how to manage the account, and how to use security features such as remote wipe and device location (where available).

Applications and updates—Choose your apps and updates carefully, and install from trusted sources only. Some apps may impact your phone’s performance and/or have access to private information including account details, call data, location details and network resources.

Wireless—For mobile devices with Wi-Fi features, only connect to trusted Wi-Fi networks. Also, when using your device as a hotspot (where available) use network security. These precautions will help prevent unauthorized access to your device.

Location-based information—Mobile devices enabled with location based technologies such as GPS, AGPS or Wi-Fi, can transmit location-based information. See “Location Services” for more details.

Other information your device may transmit—Your device may also transmit testing and other diagnostic (including location-based) information, and other non-personal information to Motorola or other third-party servers. This information is used to help improve products and services offered by Motorola.

If you have further questions regarding how the use of your mobile device may impact your privacy or data security, please contact Motorola at privacy@motorola.com, or contact your service provider.
Use & Care
To care for your Motorola mobile device, please observe the following:

- **liquids**: Don't expose your mobile device to water, rain, extreme humidity, sweat, or other liquids.
- **drying**: Don't try to dry your mobile device using a microwave oven, conventional oven, or dryer, as this may damage the mobile device.
- **extreme heat or cold**: Don't store or use your mobile device in temperatures below -10°C (14°F) or above 60°C (140°F). Don't recharge your mobile device in temperatures below 0°C (32°F) or above 45°C (113°F).
- **dust and dirt**: Don't expose your mobile device to dust, dirt, sand, food, or other inappropriate materials.
- **cleaning**: To clean your mobile device, use only a dry soft cloth. Don't use alcohol or other cleaning solutions.
- **shock and vibration**: Don't drop your mobile device.
- **protection**: To help protect your mobile device, always make sure that any battery, connector and compartment covers are closed and secure.
Recycling

Mobile Devices & Accessories

Please do not dispose of mobile devices or electrical accessories (such as chargers, headsets, or batteries) with your household waste, or in a fire. These items should be disposed of in accordance with the national collection and recycling schemes operated by your local or regional authority. Alternatively, you may return unwanted mobile devices and electrical accessories to any Motorola Approved Service Center in your region. Details of Motorola approved national recycling schemes, and further information on Motorola recycling activities can be found at: www.motorola.com/recycling

Packaging & Product Guides

Product packaging and product guides should only be disposed of in accordance with national collection and recycling requirements. Please contact your regional authorities for more details.

Software Copyright

Motorola products may include copyrighted Motorola and third-party software stored in semiconductor memories or other media. Laws in the United States and other countries preserve for Motorola and third-party software providers certain exclusive rights for copyrighted software, such as the exclusive rights to distribute or reproduce the copyrighted software. Accordingly, any copyrighted software contained in Motorola products may not be modified, reverse-engineered, distributed, or reproduced in any manner to the extent allowed by law. Furthermore, the purchase of Motorola products shall not be deemed to grant either directly or by implication, estoppel, or otherwise, any license under the copyrights, patents, or patent applications of Motorola or any third-party software provider, except for the normal, non-exclusive, royalty-free license to use that arises by operation of law in the sale of a product.

Content Copyright

The unauthorized copying of copyrighted materials is contrary to the provisions of the Copyright Laws of the United States and other countries. Open Source Software Information

For instructions on how to obtain a copy of any source code being made publicly available by Motorola-related to software used in this Motorola mobile device, you may send your request in writing to the address below. Please make sure that the request includes the model number and the software version number.

MOTOROLA MOBILITY, INC.
OSS Management
600 North US Hwy 45
Libertyville, IL 60048
USA

The Motorola website opensource.motorola.com (in English only) also contains information regarding Motorola’s use of open source.

Motorola has created the opensource.motorola.com website to serve as a portal for interaction with the software community-at-large.

To view additional information regarding licenses, acknowledgments and required copyright notices for open source packages used in this Motorola mobile device, please press Menu Key > Settings > About phone > Legal information > Open source licenses. In addition, this Motorola device may include self-contained applications that present supplemental notices for open source packages used in those applications.

Service & Repairs

If you have questions or need assistance, we're here to help.

Go to www.motorola.com/support, where you can select from a number of customer care options. You can also contact the Motorola Customer Support Center at 0800 666 8676 (Argentina), 800-301-442 (Chile), 01-800-711-1504 (Colombia), 01 800 021 0000 (México), 0800-100-4289 (Venezuela), or 0-800-52-470 (Perú).

How to Obtain Service or Other Information

1. Please access and review the online Customer Support section of Motorola’s consumer website prior to requesting warranty service.

2. If the Product is still not functioning properly after making use of this resource, please contact the Warrantor listed at the Motorola website or the contact information for the corresponding location.

3. A representative of Motorola, or of a Motorola Authorized Repair Center, will help determine whether your Product requires service. You may be required to download, or otherwise obtain and accept software updates from Motorola or a Motorola Authorized
Repair Center. You are responsible for any applicable carrier service fees incurred while obtaining the required downloads. Complying with the warranty process, repair instructions and accepting such software updates is required in order to receive additional warranty support.

4. If the software update does not fix the problem, you will receive instructions on how to ship the Product to a Motorola Authorized Repair Center or other entity.

5. To obtain warranty service, as permitted by applicable law, you are required to include: (a) a copy of your receipt, bill of sale or other comparable proof of purchase; (b) a written description of the problem; (c) the name of your service provider, if applicable; (d) your address and telephone number. In the event the Product is not covered by the Motorola Limited Warranty, Motorola will inform the consumer of the availability, price and other conditions applicable to the repair of the Product.

To obtain service or other information, please access and review the online Customer Support section of Motorola’s consumer website at www.motorola.com.

Motorola Mobility Inc. Limited Global Warranty Mobile Phones

FOR CONSUMERS WHO ARE COVERED BY CONSUMER PROTECTION LAWS OR REGULATIONS IN THEIR COUNTRY OF PURCHASE OR, IF DIFFERENT, THEIR COUNTRY OF RESIDENCE, THE BENEFITS CONFERRED BY THIS LIMITED WARRANTY ARE IN ADDITION TO ALL RIGHTS AND REMEDIES CONVEYED BY SUCH CONSUMER PROTECTION LAWS AND REGULATIONS.

Who is Covered?
This Limited Warranty extends only to the first consumer purchaser of the Product, and is not transferable.

What Does this Limited Warranty Cover?
Motorola Mobility Inc. or its subsidiaries’ warranty obligations are limited to the terms and conditions set forth herein. Subject to the exclusions contained below, Motorola Mobility Inc or its subsidiaries (“Motorola”) warrant this Mobile Phone, and any in-box accessories which accompany such Mobile Phone (“Product”) against defects in materials and workmanship, under normal consumer use, for a period of (ONE) (1) YEAR from the date of retail purchase by the original end-user purchaser, or the period of time required by the laws of the country where the Product is purchased, whichever is longer (“Warranty Period”).
Repairs made under this Limited Warranty are covered for the balance of the original Warranty Period, or 90 days from the date of service, whichever is longer. Any upgrade to the original product will be covered only for the duration of the original Warranty Period.

This Limited Warranty is only available in the country where the Product was purchased. Motorola may provide service outside the country of purchase, to the extent that it is possible and under the terms and conditions of the country of purchase.

This Limited Warranty applies only to new Products which are (a) manufactured by or for Motorola as identified by the “Motorola” trademark, trade name, or logo legally affixed to them, (b) purchased by consumers from an authorized retailer or distributor of Motorola Products, and (c) accompanied by this written Limited Warranty.

What Will Motorola Do?

If a covered defect or damage arises and a valid warranty claim is received within the applicable Warranty Period, Motorola, at its sole option, unless otherwise required by applicable law, will either (1) repair, at no charge, the defect or damage using new, used or reconditioned/refurbished (functionally equivalent) replacement parts; or (2) exchange the Product with a replacement Product that is new or which has been reconditioned/refurbished or otherwise remanufactured from new or used parts and is functionally equivalent to the original Product; or (3) refund the purchase price of any Products covered by the terms and conditions of this Limited Warranty.

Products, parts and supporting documentation provided to Motorola as part of the warranty process, shall become the property of Motorola, and may not be returned. When a replacement or refund is given, the Product for which the replacement or refund is provided must be returned to Motorola and shall become the property of Motorola.

Exclusions (Products and Accessories)

This warranty does not apply to:

(a) Consumable parts, such as batteries or protective coatings designed to diminish over time unless failure has occurred due to a defect in materials or workmanship. As with all batteries, the maximum capacity of the battery will decrease with time and use; this is not a defect. Only defective batteries and batteries that leak are covered by this warranty.

(b) Cosmetic damage, including but not limited to scratches, dents, cracks or other cosmetic damage.

(c) Damage caused by use with non-Motorola products. Defects or damage that result from the use of non-Motorola branded or certified Products, accessories or other peripheral equipment, including without limitation housings, parts, or software, are excluded from coverage.

74 Safety, Regulatory & Legal
(d) Damage caused by accident, abuse, misuse, liquid contact, fire, earthquake or other external causes, including but not limited to (i) improper usage or operation (e.g. operating the Product outside their permitted or intended uses as defined by Motorola, including but not limited to as set forth by Motorola in the Products’ User Manual, Quick Start Guide, Online Tutorials, and other documentation), improper storage (e.g. subjecting the Product to extreme temperatures), abuse or neglect (e.g. broken/bent/missing clips/fasteners/connections), impact damage (e.g. dropping the Product), contact with liquids, water, rain, extreme humidity, heavy perspiration or other moisture, sand, food, dirt or similar substances (except for Products sold as resistant to such substances, but only to the extent the damage was not caused by incorrectly securing the phone’s protective elements or subjecting the Product to conditions beyond its stated specifications or limits), (ii) use of the Products for commercial rental purposes, or (iv) external causes or acts which are not the fault of Motorola, including but not limited to flood, fire, earthquake, tornado or other acts of God, are excluded from coverage.

(e) Unauthorized Service or Modification. Defects or damage resulting from service, testing, adjustment, installation, maintenance, alteration, or modification in any way, including but not limited to tampering with or altering the software, by someone other than Motorola, its authorized service centers, or Motorola’s distributors are excluded from coverage. Notwithstanding the foregoing, any Product which has had its bootloader unlocked, or whose operating system has been altered, including any failed attempts to unlock the bootloader or alter such operating system, is not covered by this warranty, regardless of whether such modifications are authorized, approved, or otherwise sanctioned by Motorola.

(f) A product or part that has been modified in any manner without the written permission of Motorola. Products that have been altered in any manner so as to prevent Motorola from determining whether such Products are covered under the terms of this Limited Warranty are excluded from coverage. The forgoing shall include but not be limited to (i) serial numbers, date tags or other manufacturer coding that has been removed, altered or obliterated; (ii) mismatched or duplicated serial numbers; or (iii) broken seals or other evidence of tampering. Do not open the Product or attempt to repair the Product yourself; such conduct may cause damage that is not covered by this warranty.

(g) Normal wear and tear or otherwise due to the normal aging of the Product.

(h) Defects, damages, or the failure of the Product due to any communication service or network you subscribe to or use with the Products.

(i) All software, including operating system software, third-party software, applications, and all other software of any kind. Software distributed by Motorola is provided "AS-IS" and "AS AVAILABLE," "WITH ALL FAULTS" and without a warranty of any kind. The Limited Warranty does not apply to any non-Motorola product or any software,
even if packaged or sold with the Motorola hardware, unless otherwise required by applicable local law.

(i) Products that have been refurbished, reconditioned, or remanufactured, except for Products repaired or replaced pursuant to the terms of this Limited Warranty. If damage is outside the scope of warranty coverage, repair services may be available, but all costs associated with such out of warranty repair will be your responsibility.

What Other Limitations are There?

• TO THE EXTENT PERMITTED BY APPLICABLE LAW, THIS LIMITED WARRANTY AND THE REMEDIES SET FORTH HEREIN ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND REMEDIES, WHETHER ORAL OR WRITTEN, STATUTORY, EXPRESS OR IMPLIED. NO ORAL OR WRITTEN REPRESENTATIONS MADE BY MOTOROLA OR ANY SELLER, RESELLER OR DISTRIBUTOR OF THE PRODUCTS, INCLUDING EMPLOYEES AND AGENTS THEREOF, SHALL CREATE ANY ADDITIONAL WARRANTY OBLIGATIONS, INCREASE THE SCOPE, OR OTHERWISE MODIFY IN ANY MANNER THE TERMS OF THIS LIMITED WARRANTY.

• TO THE EXTENT PERMITTED BY APPLICABLE LAW, MOTOROLA SPECIFICALLY DISCLAIMS ANY AND ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING, WITHOUT LIMITATION, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, NONINFRINGEMENT AND ALL WARRANTIES AGAINST HIDDEN OR LATENT DEFECTS. WHERE SUCH STATUTORY OR IMPLIED WARRANTIES CANNOT LAWFULLY BE DISCLAIMED, THEN TO THE EXTENT PERMITTED BY LAW, ALL SUCH WARRANTIES SHALL BE LIMITED IN DURATION TO THE DURATION OF THE EXPRESS LIMITED WARRANTY CONTAINED HEREIN AND THE REMEDIES OF REPAIR, REPLACEMENT, OR REFUND AS DETERMINED BY MOTOROLA IN ITS SOLE DISCRETION SHALL BE THE EXCLUSIVE REMEDY OF THE CONSUMER.

• TO THE EXTENT PERMITTED BY APPLICABLE LAW, MOTOROLA DOES NOT WARRANT THAT THE OPERATION OF ANY PRODUCTS OR SOFTWARE COVERED UNDER THIS LIMITED WARRANTY WILL MEET YOUR REQUIREMENTS, WORK IN COMBINATION WITH ANY HARDWARE OR SOFTWARE APPLICATIONS OR THIRD PARTY SERVICES, BE UNINTERRUPTED, ERROR-FREE, OR WITHOUT RISK TO, OR LOSS OF, ANY INFORMATION, DATA, SOFTWARE OR APPLICATIONS CONTAINED THEREIN, OR THAT DEFECTS IN THE PRODUCTS OR SOFTWARE WILL BE CORRECTED.

• TO THE EXTENT PERMITTED BY APPLICABLE LAW, IN NO EVENT SHALL MOTOROLA BE LIABLE, WHETHER IN CONTRACT, TORT OR UNDER OTHER LEGAL THEORY (INCLUDING NEGLIGENCE), FOR DAMAGES IN EXCESS OF THE PURCHASE PRICE OF THE PRODUCTS, OR FOR ANY INDIRECT, INCIDENTAL, SPECIAL OR CONSEQUENTIAL DAMAGES OF ANY
Safe, Regulatory & Legal

KIND, OR LOSS OF REVENUE OR PROFITS; LOSS OF BUSINESS; BUSINESS INTERRUPTION; LOSS OF OPPORTUNITY, LOSS OF GOODWILL, LOSS OF REPUTATION, LOSS OF DAMAGE TO, OR CORRUPTION OF INFORMATION, DATA, SOFTWARE OR APPLICATIONS INCLUDING ANY COSTS ASSOCIATED WITH RECOVERING, REPROGRAMMING, OR REPRODUCING ANY INFORMATION, DATA, SOFTWARE OR APPLICATIONS STORED ON OR USED WITH MOTOROLA PRODUCTS, OR ANY FAILURE TO MAINTAIN THE CONFIDENTIALITY OF ANY INFORMATION OR DATA STORED ON THE PRODUCTS; OR OTHER FINANCIAL LOSS ARISING OUT OF OR IN CONNECTION WITH THE ABILITY OR INABILITY TO USE THE PRODUCTS.

• SOME STATES OR JURISDICTIONS DO NOT ALLOW THE LIMITATION OR EXCLUSION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, OR THE EXCLUSION OR LIMITATION ON THE LENGTH OF AN IMPLIED WARRANTY, OR THE LIMITATION OR EXCLUSION OF DAMAGES FOR PERSONAL INJURIES CAUSED BY NEGLIGENCE, SO THE ABOVE LIMITATIONS OR EXCLUSIONS MAY NOT APPLY TO YOU. THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS, AND YOU MAY ALSO HAVE OTHER RIGHTS THAT VARY FROM STATE OR JURISDICTION.

• DATA BACKUP: ALL INFORMATION, DATA, SOFTWARE OR OTHER APPLICATIONS, INCLUDING BUT NOT LIMITED TO PERSONAL CONTACTS, ADDRESS BOOKS, PICTURES, MUSIC AND GAMES WILL BE ERASED DURING THE REPAIR PROCESS, AND CANNOT BE REINSTALLED BY MOTOROLA. TO AVOID LOSING SUCH INFORMATION, DATA, SOFTWARE OR OTHER APPLICATIONS PLEASE CREATE A BACK UP BEFORE YOU DELIVER YOUR PRODUCT FOR WARRANTY SERVICE, REMOVE ANY CONFIDENTIAL, PROPRIETARY OR PERSONAL INFORMATION AND DISABLE ANY SECURITY PASSWORDS. YOU WILL BE RESPONSIBLE FOR REINSTALLING ALL SUCH INFORMATION, DATA, SOFTWARE, OTHER APPLICATIONS AND PASSWORDS. MOTOROLA AND/OR ITS AUTHORIZED SERVICE CENTERS ARE NOT RESPONSIBLE FOR THE LOSS OR MISUSE OF ANY DATA, FILES, CONTENT, APPLICATIONS AND PROGRAMS WHEN THE PRODUCT IS DELIVERED FOR WARRANTY SERVICE. YOUR PRODUCT OR A REPLACEMENT PRODUCT WILL BE RETURNED TO YOU AS YOUR PRODUCT WAS CONFIGURED WHEN ORIGINALLY PURCHASED, SUBJECT TO APPLICABLE SOFTWARE UPDATES. MOTOROLA MAY INSTALL OPERATING SYSTEM SOFTWARE UPDATES AS PART OF WARRANTY SERVICE THAT MAY PREVENT THE PRODUCT FROM REVERTING TO AN EARLIER VERSION OF THE OPERATING SYSTEM SOFTWARE. THIRD PARTY APPLICATIONS INSTALLED ON THE PRODUCT MAY NOT BE COMPATIBLE OR WORK WITH THE PRODUCT AS A RESULT OF THE OPERATING SYSTEM SOFTWARE UPDATE. MOTOROLA AND ITS AUTHORIZED SERVICE CENTERS ARE NOT RESPONSIBLE FOR THE LOSS OF, OR INABILITY TO USE, SUCH INFORMATION, DATA, SOFTWARE OR OTHER APPLICATIONS.
**WARNING AGAINST UNLOCKING THE BOOTLOADER OR ALTERING A PRODUCT’S OPERATING SYSTEM SOFTWARE:** MOTOROLA STRONGLY RECOMMENDS AGAINST ALTERING A PRODUCT’S OPERATING SYSTEM, WHICH INCLUDES UNLOCKING THE BOOTLOADER, ROOTING A DEVICE OR RUNNING ANY OPERATING SOFTWARE OTHER THAN THE APPROVED VERSIONS ISSUED BY MOTOROLA AND ITS PARTNERS. SUCH ALTERATIONS MAY PERMANENTLY DAMAGE YOUR PRODUCT, CAUSE YOUR PRODUCT TO BE UNSAFE AND/OR CAUSE YOUR PRODUCT TO MALFUNCTION. IN SUCH CASES, NEITHER THE PRODUCT NOR ANY DAMAGE RESULTING THEREFROM WILL BE COVERED BY THIS WARRANTY.

**IMPORTANT FCC INFORMATION:** YOU MUST NOT MAKE OR ENABLE ANY CHANGES TO THE PRODUCT THAT WILL IMPACT ITS FCC GRANT OF EQUIPMENT AUTHORIZATION. THE FCC GRANT IS BASED ON THE PRODUCT’s EMISSION, MODULATION, AND TRANSMISSION CHARACTERISTICS, INCLUDING: POWER LEVELS, OPERATING FREQUENCIES AND BANDWIDTHS, SAR LEVELS, DUTY-CYCLE, TRANSMISSION MODUS (E.G., CDMA, GSM), AND INTENDED METHOD OF USING THE PRODUCT (E.G., HOW THE PRODUCT IS HELD OR USED IN PROXIMITY TO THE BODY). A CHANGE TO ANY OF THESE FACTORS WILL INVALIDATE THE FCC GRANT. IT IS ILLEGAL TO OPERATE A TRANSMITTING PRODUCT WITHOUT A VALID GRANT.

---

**Guarantee Policy (Mexico)**

This Guarantee Policy represents the only guarantee that applies to personal communication Products and Accessories of the Motorola Trademark that are purchased in Mexico and represents any other guarantee contained in the instructions, manuals, guides and/or warnings contained inside the packaging of said Products and Accessories.

**I. Items Covered by this Guarantee**

It protects the manufacturing defects and hidden defects of the “Products” and “Accessories” (such as batteries, antennas, chargers, wired headphones and wireless devices) of the Motorola trademark, described in the space that for such purpose is established on the back of this Guarantee Policy, which, covers all of the parts, components, accessories and labor of Motorola Products, as well as the transportation costs that derive from fulfilling this policy, within its service network.

The Motorola “Products” that this guarantee protects may be: (a) cellular phones, (b) smart phones (pocket computer and cellular phone), (c) beepers, (d) two-way radios, (e) wireless phones.

Motorola, free of charge for you, shall have the option to repair or replace the “Products”, “Accessories” and components that present problems and are covered by the Guarantee.
Prior authorization expressed by the service requester, Motorola Comercial, S.A. de C.V. shall use used, equally functioning, refurbished, repaired or second hand parts or spare parts to repair the “Product.” Software updates shall not be provided.

II. Duration of the Guarantee

The duration of the guarantee shall be one year starting from the purchase date of the new “Product” or “Accessory” at an authorized establishment.

III. Procedure for Exercising the Guarantee

To demand the fulfillment of this guarantee, the address where the “Product” or “Accessory” was purchased must be sent to the address of the Person Responsible for the “Products” and “Accessories” in Mexico:

Motorola Comercial, S.A. de C.V.
Bosque de Alisos 125
Col. Bosques de las Lomas
C.P. 05120 México, D.F.
Phone Number: (55) 5257-6700

or to the address of the authorized service center (which you can consult free of charge by calling 01 800 021 0000) and presenting the “Product” or “Accessory” with its parts and components.

To exercise this guarantee, you must present the “Product” or “Accessory” and this Guarantee Policy duly sealed by the establishment where it was purchased. In the event that this policy was not established on the date in which the “Product” or “Accessory” was purchased, you must present the receipt from this purchase.

IV. Limitations or Exceptions of this Guarantee

The guarantee shall not be valid:

- When the “Product” or “Accessory” had been used in conditions different than normal conditions.
- When the “Product” or “Accessory” had not been operated in accordance with the accompanying usage instructions.
- When the “Product” or “Accessory” had been changed or repaired by people who are not authorized by the national manufacturer, importer or respective responsible retailer.
Motorola shall notify the consumer if the service request is covered by this guarantee policy; in the event that it is not covered, Motorola shall inform the consumer of the availability, prices and other conditions that apply to repairing the “Product.” Motorola shall only replace the “Product” or “Accessory”, upon turning in the “Product” or “Accessory” purchased.

For more information about the “Product” that needs repairs that are not covered by this guarantee, please call 01 800 021 0000.

**Note:** In other countries, consult the local guarantee laws and regulations and your local Motorola office.
