Caution: before using your phone, please read the safety, regulatory and legal information provided with your product.

This product meets the applicable national or international RF exposure guidance (SAR guideline) when used normally against your ear, or when worn or carried, at a distance of 1.5 cm from the body. The SAR guideline includes a considerable safety margin designed to ensure the safety of all persons, regardless of age and health.

At a glance
Let’s get started! We’ll guide you through startup and tell you a bit about your phone’s features.

Put in the cards & power on
Caution: make sure you use the correct size SIM card, do not cut your SIM card and do not use adapters with your SIM card.

Push the tray back into your phone with the gold contacts facing up.

Push the tray back into your phone with the gold contacts facing up. Turn the tray over to put in a memory card.

Press & hold Power until the screen lights up.

Power on.

Motorola Migrate
Copying your personal stuff from your old phone to your new phone is easy. If you did not migrate during setup, you can do it any time.

Note: if your old phone is an Android phone, download the Motorola Migrate app on Google Play on your old phone before you get started.

Find it: on your new phone, tap Apps > Migrate.
