At a glance

Let’s get started. We’ll guide you through startup and tell you a bit about your phone’s features.

Note: software updates happen frequently, so your phone may look a little different.

Put in the cards & power on

Caution: make sure you use the correct size SIM card and don’t use adapters with your SIM card.

Sign in

Just follow the screen prompts to get started. If you use Google™ accounts, you can sign in from your phone, laptop or computer. If you have more than one Google account, choose which one to use.

Motorola Migrate

Copying your personal stuff from your old phone to your new phone is easy. If you did not migrate during setup, you can do it any time.

Note: if your old phone is an Android™ phone, download the Motorola Migrate app on Google Play™ before you get started.

Home screen & settings

From the home screen, you can access apps, check notifications, speak commands and more.

Volume & interruptions

Press the side volume button up or down to select a ringer volume from high to vibrate.

At a glance

Caution: before using your phone, please read the safety, regulatory and legal information provided with your product.

motorola.com

This product meets the applicable national or international RF exposure guidance (SAR guideline) when used normally against your ear, or when worn or carried, at a distance of 1.5 cm from the body. The SAR guideline includes a considerable safety margin designed to ensure the safety of all persons, regardless of age and health.
