At a glance
Let’s get started. We’ll guide you through start-up and tell you about your phone.
Note: software updates happen frequently, so your phone may look a little different.

Remove the back cover
To insert SIM and memory cards, remove the back cover.
Caution: don’t use tools to remove the cover - doing so may damage your phone.

Put in the cards
Your phone might support using two SIM cards. Caution: make sure you use the correct size SIM cards and don’t cut the SIM cards.

Put on the back cover
Connect your charger to charge your phone fully, then turn on the power. Select your language and follow the screen prompts to get started.
For phones that use two SIM cards, follow the prompts to set them up.

Finish up
Put on the back cover. Charge up & power on.

This product meets the applicable national or international RF exposure guidance (SAR guideline) when used normally against your ear, or when worn or carried, at a distance of 0.5 cm from the body. The SAR guideline includes a considerable safety margin designed to ensure the safety of all persons, regardless of age and health.

To view the SAR values for your phone, visit https://motorola.com/sar. To view additional SAR information on your phone, swipe up > Settings > Legal information > RF information.
To view the information on the web, visit www.motorola.com/rfhealth.

Caution: Before using your phone, please read the safety, regulatory and legal information provided with your product.

Where is my legal, safety and regulatory information?
In order to provide you with better access to this important information, we’ve made the materials accessible from the phone’s settings menu and on the web. Review these materials prior to using your device. To access the materials from a connected phone, go to Settings > Legal information and select a topic. To access the materials on the web, visit www.motorola.com/device-legal.

Battery safety
When using your mobile device for the first time, please read the included product safety and legal information provided with your product.
If your mobile device becomes unresponsive, try to: end all tasks, press and hold the Power button until the screen goes dark to shut down your device. For your safety, the battery in your mobile device should be dislocated by a Motorola-approved service centre or independent qualified professional. Don’t try to remove or replace the battery on your own. Don’t charge or use your mobile device or device battery in rain, snow, dust or sand. Don’t use the charger or use your mobile device while it is submerged in water. Don’t use the charger or use your mobile device in a microwave oven, conventional oven or dryer.

Warning about high volume usage
As a responsible mobile device user, you can help do your part! Please don’t dispose of mobile devices or electrical accessories (such as chargers, headsets or USB cables) with your household waste. You can drop off add-on devices and electrical accessories at participating retail locations or on the web. For details on approved recycling activities and the status of recycling activities in your area, visit www.motorola.com/recycling.

Disposal & recycling
We are not able to return or exchange mobile devices or electrical accessories (such as chargers, headsets or USB cables) purchased from an unrelated retailer at this time.

Usage
We refer to the latest editions of terms and services that could be a part of this service, so make sure your data plan meets your needs. Contact your service provider for details. Certain apps and features may not be available in all countries.
