Caution: Before using your phone, please read the safety, regulatory and legal information provided with your product.

This product meets the applicable national or international RF exposure guidance (SAR guideline) when used normally against your head or, when worn or carried, at a distance of 1.0 cm from the body. The SAR guideline includes a considerable safety margin designed to assure the safety of all persons, regardless of age and health.

To view the SAR values for your phone, visit https://motorola.com/sar. To view additional SAR information on your phone, tap Apps > Settings > Legal information > RF information.

Caution: Make sure you use the correct size SIM card and don’t cut the SIM card. Push tray back into your phone.

Note: Software updates happen frequently, so your phone may look a little different.

At a glance
Let’s get started. We’ll guide you through startup and tell you about your phone.

Put in the cards
Caution: Make sure you use the correct size SIM card and don’t cut the SIM card.

Charge up & power on
Connect your USB-C charger to charge your phone fully and turn the power on. Then select your language and follow the screen prompts to get started.

Moto Mods™
Transform your phone into a movie projector, a boombox, a battery powerhouse, and more. Swap out Moto Mods throughout the day to get the performance you need when you need it, and add new Moto Mods to your collection at any time.

Put in the cards

Put in the nano SIM and memory card.

With phone facing down, insert the tool included with your phone into the hole in the SIM tray to pop out the tray.

Put the SIM cards into the tray with gold contacts facing up.

Turn tray over to put in an optional microSD card.

Put the SIM cards into the tray with gold contacts facing up.

Turn tray over to put in an optional microSD card.

Put the SIM cards into the tray with gold contacts facing up.

Turn tray over to put in an optional microSD card.

Note: Your phone comes with a TurboPower™ USB-C 3A-compliant charger for the fastest charging speeds. We recommend using a TurboPower™ USB-C charger. Use of non-TurboPower™ USB-C chargers is not recommended and can slow charge speed. Avoid incompatible USB-B (micro USB) chargers and uncertified adaptors and cables, as they may damage your phone.

Moto Mods™
Transform your phone into a movie projector, a boombox, a battery powerhouse, and more. Swap out Moto Mods throughout the day to get the performance you need when you need it, and add new Moto Mods to your collection at any time.

Note: Moto Mods are sold separately. View the complete collection at www.motorola.com.
Discover your Moto app
Find it: Apps > Moto

• Actions: Shrink your screen for easy one-handed use. Swipe up in an arc to shrink. To expand, tap the black area.
• Voice: Set your custom launch phrase and control your phone with your voice.
• Display: See messages, calls, and other notifications—even if your phone is asleep.

Tip: Swipe right for effects and settings.

Help & more
Get answers, updates, and info:
• Help is here: Tap Apps > Help to get walkthrough tutorials, FAQs, and more.

Photos
With two twists of the wrist and a tap on the screen, take crisp, clear photos.
• Launch It: Even when your phone is asleep, open your camera with two twists of the black area.
• See It: Swipe left for your photo gallery.
• Share It: Put a photo or video from your gallery, then tap Share.

Battery Safety
Before recharging, charge or use your mobile device for the first time, please read the product’s original safety and usage information provided with your product. For the safety of your battery, your Motorola device should be recharged using a recommended Motorola charger. To maintain the performance of your device, do not overcharge it. For safety’s sake, your Motorola device should be recharged in a temperature range of 50°F to 80°F (10°C to 28°C). Outside of this temperature range, the battery may not charge properly and could cause surging or heat. Don’t charge your device near flammable materials, and be sure to unplug it from the charger if the battery overheats. Damage may also occur if the device is left charged for an extended period of time.

Caution about High Volume Usage
Warning: To prevent possible hearing damage, do not listen at high volume levels for extended periods.

Disposal & Recycling
Help do your part! Please dispose of mobile device, batteries, and accessories responsibly. Our products are designed to be recycled. When your mobile device reaches the end of its useful life, please return it to Motorola Mobility LLC, 222 West Merchandise Mart Plaza, Suite 1800, Chicago, IL 60654. Motorola Mobility reserves the right to charge or modify any information or specifications without notice or obligation.
