CONGRATULATIONS

MOTOROLA PRO+

Part business, part casual and all smartphone. Whether it’s home, work or play, the MOTOROLA PRO+ is fast, efficient and secure.

- **Fast**—A 1Ghz processor for smooth browsing and super fast apps.
- **Personal**—See what’s important to you. News, Emails, Documents, Calendar, right on your home screen and laid out how you want.
- **Social**—Sharp photos, HD videos, your music and your friends. Quick, simple and shared.
- **Business ready**—Enterprise level security and business ready tools to help keep your work close.

**Note:** Certain apps and features may not be available in all countries.

**Caution:** Before assembling, charging, or using your phone for the first time, please read the important safety, regulatory and legal information provided with your product.

This product meets the applicable SAR limits of 1.6 W/kg (FCC) and 2.0 W/kg (ICNIRP). The limits and guidelines include a substantial safety margin designed to assure the safety of all persons, regardless of age and health. The highest SAR values measured for this device are listed in the regulatory information packaged with your product.

**Note:** When using the product while worn on your body, either use an approved accessory such as a holster or maintain a distance of 2.5 cm (1 inch) from the body to ensure compliance with SAR requirements. Note that the product may be transmitting even if you are not making a phone call.

**WANT MORE?**

- **Answers:** Touch > ? Help Center.
  You can also flick your home screen left or right to see the Getting Started and Tips & Tricks widgets.
- **Support:** Phone updates, PC software, user guides, online help and more at www.motorola.com/myproplus.
- **MOTOBLUR™:** After you create a MOTOBLUR account, open it at www.motorola.com/mymotoblur.
- **Accessories:** Find accessories for your phone at www.motorola.com/products.

ASSEMBLE & CHARGE

1 SIM in
2 microSD in
3 Battery in
4 Cover on
5 Charge up

Caution: Please read “BATTERY USE & SAFETY” on page 59.
SET UP & GO

Create or log into a MOTOBLUR™ account to get your contacts, email, messages, and status information, for all your accounts, all in one place. There’s more in “YOUR MOTOBLUR™ ACCOUNT” on page 10. Registration is secure, and should only take a few minutes:

1. Turn on.

   If you have not created a MOTOBLUR account, you’ll need to register: Enter your name, your current email address (where MOTOBLUR can send account information), and a new MOTOBLUR account password.

   **Tip:** You can also, touch Menu > Setup to configure your MOTOBLUR account.

2. Select a language.

3. Register or log in.

4. Add your accounts to MOTOBLUR.

   To add an account, touch it. Then, enter the user name or email and password that you set up on that account.

   **Tip:** For more, or to add accounts anytime, go to “ADD ACCOUNT” on page 11.

**Note:** This phone supports apps and services that use a lot of data, so make sure your data plan meets your needs. Contact your service provider for details.

**TURN IT ON & OFF**

To turn on your phone, press and hold Power (on the top of the phone).

To turn off your phone, press and hold Power, then touch Power off.
**LOCK & UNLOCK**

To lock the screen/phone:
- Press Power ( ).
- Let the screen time out (don’t press anything).

To unlock the screen/phone:
- Press Power ( ), then drag → right.
  If you've set a lock pattern, passcode or PIN, you'll be asked to enter it.

For more security features, see “SECURITY” on page 54.

**WI-FI CONNECT**

If you want to use a Wi-Fi network for even faster Internet access, touch Menu ( ) > Settings > Wireless & networks > Wi-Fi settings.

**COOL CONTENT & MORE**

Browse and download from thousands of the coolest apps on the planet from Android Market™ (see “APPS & UPDATES” on page 29).

**SECURITY**

Your contacts are backed-up on MOTOBLUR™, so don’t worry. Even if you lose your phone, MOTOBLUR can help you find it or wipe it. And when you get your next MOTOBLUR product, your stored info makes it a snap to set up with just a username and password.

Of course it doesn’t stop there. There are plenty of ways to protect your phone and your information, in “SECURITY” on page 54.
TOUCHSCREEN & KEYS

a few essentials

TOUCHSCREEN ON/OFF

Your touchscreen is on when you need it and off when you don’t.

- To make your touchscreen sleep or wake up, just press Power.
- When you hold the phone to your ear during calls, your touchscreen sleeps to prevent accidental touches.
- To let the touchscreen adjust brightness automatically, touch Menu > Settings > Display > Brightness and check Automatic brightness.

Note: Your touchscreen might stay dark if the sensor just above it is covered. Don’t use covers or screen protectors (even clear ones) that cover this sensor. To find Motorola accessories for your phone, visit www.motorola.com/products.

TOUCH TIPS

Here are some tips on how to navigate around your phone.

TOUCH

To choose an icon or option, touch it.

TOUCH & HOLD

To open special options, touch and hold an icon or other item. Try it: From the home screen, touch > Contacts, then touch and hold a contact to open options.

DRAG

To scroll through a list or move slowly, drag across the touchscreen. Try it: From the home screen, touch > Contacts, then drag your contacts list up or down.

Tip: When you drag or flick a list, a scroll bar appears on the right. Drag the scroll bar to move the list to a letter A - Z.

FLICK

To scroll through a list or move quickly, flick across the touchscreen (drag quickly and release).
**Tip:** When you flick a long list, touch the screen to stop it from scrolling.

**PINCH-TO-ZOOM**
Get a closer look at maps, web pages, or photos. To zoom in, touch the screen with two fingers and then slide them apart. To zoom out, drag your fingers together.

**KEY TIPS**

**MENU, HOME, BACK & SEARCH**
Touch Home  to close any menu or app and return to the home screen.

From the home screen, touch and hold Home  to show the last few apps you used, then touch an app to open it.

From the home screen, touch Home  to show all your home screen panels.

Touch Menu  to open menu options, or touch Back  to go back.

Touch Search  for text search, or press  for voice search.

---

**SLEEP & WAKE UP**
To save your battery, prevent accidental touches, or when you want to wipe smudges off your touchscreen, put the touchscreen to sleep by pressing Power . To wake up the touchscreen, just press Power , then drag right.

To change how long your phone waits before the screen goes to sleep automatically, touch Menu  > Settings > Display > Screen timeout.

**Tip:** To make the screen lock when it goes to sleep, use “SECURITY LOCK” on page 55.

**POWER KEY MENU**
Press and hold Power  to open the power key menu, where you can turn off the phone (Power off), or turn Airplane mode or Silent mode on or off.

**ADJUST VOLUME**
Press the volume keys to change the ring volume (from the home screen), the earpiece volume (during a call), or the media volume (when listening to music or watching a video clip).
HOME SCREEN
quick access to the things you need most

QUICK START: HOME SCREEN
The home screen gives you all your latest information in one place. It’s what you see when you turn on the phone or touch Home (🏠) from a menu. It’s basically like this:

Note: Your home screen might look a little different.

Tip: From the home screen, touch Menu (…) > Profiles to design different home screens for Work, Home, or Weekend. Your changes are stored in each profile.

USE YOUR HOME SCREEN
On your home screen, shortcuts are icons that you touch to open your favorite apps, web bookmarks, contacts, or music playlists. Widgets show you news, weather, messages, and other updates.

Flick the home screen left or right to open other panels of shortcuts and widgets.

- To **open** something, touch it. Touch Home (🏠) to return to the home screen.

  **Tip:** For each Messages or Social Networking widget, you can choose the accounts you want to show.

  There’s more about social networking widgets in “VIEW ACCOUNT UPDATES & FEATURES” on page 11 and “UPDATE YOUR STATUS” on page 11.

- To **resize** a widget, touch and hold the widget until you feel a vibration, then drag to resize. Arrows appear in the corners of the widget. Drag the arrows to resize.
• To **add** something or change your wallpaper, touch and hold an empty spot until you see the **Add to Home screen** menu.

You can add a folder to organize your shortcuts.

• To **move** or **delete** something, touch and hold it until you feel a vibration, then drag it to another spot, another panel, or the trash at the top of the screen.

**RUNNING MULTIPLE APPS**

No need to close an app before opening another one. Your phone runs multiple apps, all at once.

You can open a new app while already running another. Touch Home to return to the home screen. Touch and then touch the app you want. To switch from one running app to another, touch and hold Home to see what apps are already open, then touch the one you want. You can view **Recent**, **All apps**, **Downloaded**, or create a **New group**.

**SEARCH**

To search, touch **Search**.

**Text Search**

Type, then touch.

**Voice Search**

Touch, then speak.

To change search settings, touch **Menu > Search settings**.

**NOTIFICATIONS & PHONE STATUS**

At the top of the screen, icons on the left notify you about new messages or events. Icons on the right tell you about phone status.

**NOTIFICATIONS**

To access a message, email, or meeting reminder directly from the status bar, drag the status bar down and touch the notification.

**Tip:** To see today’s date, touch and hold the status bar at the top of the screen.
STATUS INDICATORS
At the top of the screen, icons on the left notify you about new messages or events (flick the bar down for details). Icons on the right tell you about phone status:

<table>
<thead>
<tr>
<th>Bluetooth® active</th>
<th>Wi-Fi active</th>
</tr>
</thead>
<tbody>
<tr>
<td>GPS active</td>
<td>airplane mode</td>
</tr>
<tr>
<td>silent mode</td>
<td>vibrate mode</td>
</tr>
<tr>
<td>microphone mute</td>
<td>speakerphone on</td>
</tr>
<tr>
<td>alarm set</td>
<td>network (full)</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>3G</th>
<th>3G ready</th>
<th>3G transferring</th>
</tr>
</thead>
<tbody>
<tr>
<td>battery (charging)</td>
<td>battery (full charge)</td>
<td></td>
</tr>
</tbody>
</table>

APP MENU
The app menu shows you all of your applications. To open it from the home screen, touch . To close it, touch Home or Back. You can view Recent, All apps, Downloaded or create a New group.

Tip: To find an app in the menu, just touch Search and type the app name.

SOCIAL NETWORKING
my life, your life

YOUR MOTOBLUR™ ACCOUNT
The first time you turned on your phone, you registered for a MOTOBLUR account that manages your messages, contacts, and more (“SET UP & GO” on page 4). You can log into this account from a PC to upload contacts, reset your password, get help, or even locate your phone: www.motorola.com/mymotoblur.

WHAT IS MOTOBLUR?
MOTOROLA PRO+ is a phone with social skills. Now, the only service that can sync all your friends, emails, messages, and Facebook™, Twitter feeds and happenings with continuous updates and back-ups, along with the ability to remotely locate and wipe your phone if it is ever lost or stolen, just got better.

INTRODUCING THE LATEST MOTOBLUR
MOTOBLUR offers new features that give you more control, including customizable filters that let you view your messages and happenings any way you like, the ability to move and resize preloaded widgets, and new ways to manage your Battery Life and data consumption.
**UPDATE YOUR STATUS**

After you add a social networking account, you can update and see your current status in a **Social Status** widget on your home screen.

To update your status, just touch your **Social Status** widget and enter text. If you have more than one account, you can use the pull-down menu to limit which accounts are updated. If you don’t see a **Social Status** widget, flick your home screen left or right to check all panels.

To add a **Social Status** widget:

1. Touch and hold an empty spot on your home screen to open the **Add to Home screen** menu.
2. Touch **Motorola widgets** > **Social Status**. The widget appears in the empty spot, and will show your status the next time your phone updates from the network.

**ADD ACCOUNT**

If you skipped setting up a MOTOTOBLUR account when you first turned on your phone, you’ll need to set up a MOTOTOBLUR account before you can add other accounts. From your home screen, touch **Set up Blur device** and follow the steps in “**SET UP & GO**” on page 4.

**Note:** You can add your Facebook, Twitter, or other accounts to your phone. If you don’t have accounts, you can visit their websites to set them up.

**Find it:** Menu \(\text{Menu} \) > **Settings** > **Accounts** > **Add account**

To sign into your account, use the user name or email and password that you set up on that account (the same as on your PC).

When you sign into social networking accounts, you’ll see your friends and contacts in your **Contacts** list, and your status and updates can appear in **Social Status** and **Social Networking** widgets.

**Note:** Twitter messages will always appear as “read” on your phone, but your phone notifies you when you receive a new message.

For email accounts, see “**Gmail™**” on page 20.

**Tip:** To download updates faster, use “**Wi-Fi**” on page 33.

**VIEW ACCOUNT UPDATES & FEATURES**

After you add a social networking account, you can see and respond to friends’ updates with the **Social Networking** widget on your home screen. If you don’t see one, set one up in “**Widgets**” on page 37.

When you touch the **Social Networking** widget to open an update, you can touch on the social network’s icon to open its website.

**Note:** Your network or other factors might affect the speed of widget updates.
EDIT & DELETE ACCOUNTS
Find it: Menu > Settings > Accounts
Touch and hold an account, then touch Open account to edit it, or touch Remove account to remove it (along with its contacts and messages).

CALLS
it's good to talk

QUICK START: CALLS
Find it: Dialer

Tip: To quickly search for a contact, use the keypad to enter the name.
During a call, your touchscreen goes dark to avoid accidental touches. Touch Menu to place a call on Hold, or to adjust the Voice quality.

Tip: You can touch Home or Back to hide the active call display. To reopen it, touch Dialer.

MAKE & ANSWER CALLS

To make a call, touch Dialer, enter a number, then touch .

Tip: To enter an international dialing code, touch and hold . To Add pause or Add wait after numbers, touch Menu . To answer a call touch Answer or when the screen is locked, drag to the right.

To ignore a call touch Ignore or when the screen is locked, drag to the left. If you choose to ignore a call, you can touch I will call you back in a few minutes to send the caller a preset text message.

End calls

Touch End call.

VOICEMAIL

When you have a new voicemail, shows at the top of your screen. To hear the voicemail, drag the notifications bar down and touch it, or touch Dialer > 1:voicemail.

If you need to change your voicemail number, from the home screen touch Menu > Settings > Call settings > Voicemail settings.

ADD A CONTACT

Find it: Dialer > phone number

RECENT

Find it: Dialer > Recent

- To call a number, touch on the right.
- To send a text message, store the number, add to speed dial, or other options, touch and hold an entry.
- To filter the list, touch the category (like All calls) at the top.
- To delete a call from the list, touch and hold the entry, then touch Remove from list.
- To clear the list, touch Menu > Clear list.

FAVORITES

Find it: Dialer > Favorites

- To call a number, touch on the right.
- To add, or import/export entries touch Menu .
**SPEED DIAL**

Find it: Dialer > Menu > Speed dial setup

- To assign a contact, touch a number. To remove a contact from a speed dial, touch .
- To use the speed dial number, touch Dialer, then touch and hold the assigned number.

**HANDSFREE**

**Note:** Using a mobile device or accessory while driving may cause distraction and may be illegal. Always obey the laws and drive safely.

During a call:

- To use the speakerphone, touch Speaker.
- To use a Bluetooth® device, touch Bluetooth.

Dialing and commands: Touch > Voice Commands. To dial, say “Call” and then a contact name or phone number. Or, say a command from the list shown, like “Send Message” or “Go To”.

**MUTE & HOLD**

During a call:

- To mute the current call, touch Mute.
- To put a call on hold, touch Menu > Hold.

**ENTER NUMBERS DURING A CALL**

To enter numbers during a call, touch Dialpad.

**CONFERENCE CALLS**

To start a conference call, touch Menu > Conference call and call the first number. After they answer, touch Add call and call the next number. When the next number answers, touch Merge.

**YOUR PHONE NUMBER**

Find it: From the home screen, touch Menu > Settings > About phone > Status > My phone numbers

**YOUR CALLER ID**

To hide your number from the people you call, from the home screen touch Menu > Settings > Call settings > Additional settings > Caller ID.

**CALL FORWARDING & WAITING**

You can forward calls all the time or only when your phone is busy, unanswered, or unreachable (not on the network):

Find it: From the home screen, touch Menu > Settings > Call settings > Call forwarding
When you’re on a call and a second call comes in, Call waiting lets you answer it by touching Answer. You can turn off Call waiting to send second calls straight to your voicemail:

Find it: From the home screen, touch Menu > Settings > Call settings > Additional settings > Call waiting

RESTRICT OUTGOING CALLS

To restrict your phone so that it can only dial a few numbers:

Find it: From the home screen, touch Menu > Settings > Call settings > Fixed dialing number

- To turn fixed dialing on, touch FDN disabled.
- To add or delete the allowed numbers, touch Manage FDN list.

EMERGENCY CALLS

Note: Your service provider programs one or more emergency phone numbers that you can call under any circumstances, even when your phone is locked. Emergency numbers vary by country. Your pre-programmed emergency number(s) may not work in all locations, and sometimes an emergency call cannot be placed due to network, environmental, or interference issues.

1 Touch Dialer (if your phone is locked, touch Emergency call).
2 Enter the emergency number.
3 Touch to call the emergency number.

Note: Your phone can use location based services (GPS and AGPS) to help emergency services find you. See “GPS & AGPS” on page 63) in your legal and safety information.

COOL DOWN

In very limited circumstances, such as where your phone has been exposed to extreme heat, you may see “Cool Down” messages. To avoid possible damage to your battery and phone, you should follow these instructions until the phone is within its recommended temperature range. When your phone is in “Cool Down” mode, only emergency calls can be made.
CONTACTS
contacts like you’ve never had before

QUICK START: CONTACTS
Find it:  >  Contacts

Tip: When you flick or drag this list, a scroll bar appears on the right. Drag the scroll button to move the list faster or touch a letter on the right (A - Z) to jump to entries.

TRANSFER CONTACTS
Your MOTOBLUR™ account merges your contacts from your social networking and email accounts into one phonebook. All you need to do is add your accounts to MOTOBLUR, and it will handle the rest!

- To add your social networking contacts, see “ADD ACCOUNT” on page 11.
- To add your email contacts, see “GMAIL™” on page 20.
  Tip: If you add a Corporate Sync account, you can send messages to your coworkers, even if you don’t have them stored in your contacts.

- To import contacts from your SIM card (if it didn’t happen automatically), touch  >  Manage SIM card > Import SIM card or touch the Auto Contact Import notification.

- To transfer contacts using a computer, export them into a .CSV file on your computer. Then, go to www.motorola.com/mymotoblur, log into your MOTOBLUR account, and upload the .CSV file.

- To get more options and help, go to www.motorola.com/TransferContacts.

CALL, TEXT, OR EMAIL CONTACTS
Find it:  >  Contacts

For View contact, Send email, or Delete contact touch and hold the contact.
CONTACTS

With a MOTOROLA PRO+, you’ll know what everybody’s up to and when. Every time you pick up a call, check a message, or look up a friend’s contact info, sure, you’ll see their name and number, but you’ll see their social network status and smiling face, too.

Find it: 📞 > 📞 Contacts

- To filter the contacts by group (All contacts, Facebook, and so on) touch Menu (≡) > Display options.

Tip: To change which account provides the pictures for your Contacts, from the home screen touch Menu (≡) > Settings > Accounts > Menu (≡) > Picture source.

- To find a contact, touch ☀️ and type the name. Touch a contact to open their details. To start a call or message, just touch their phone number or other info.

- To send a contact’s details in a message or over a Bluetooth connection, touch the contact. Then, touch Menu (≡) > Share.

EDIT OR DELETE CONTACTS

Find it: 📞 > 📞 Contacts

To edit or delete contacts, touch and hold the contact, then touch Edit contact or Delete contact. You can set a ringer, address, and other details that will be saved on your phone and your MOTOBLUR account.

Where are contacts edited or deleted? Your phone edits the contacts in its memory, and also updates your MOTOBLUR account. Your changes won’t affect your SIM card.

LINK CONTACTS

You might have two Contacts for the same person, maybe a Facebook friend who is also stored on your SIM card, or one friend with two email addresses. To combine these two contacts:

Find it: 📞 > 📞 Contacts

Touch a contact to open it, then touch Menu (≡) > Join and touch the second entry. Your MOTOBLUR account remembers this connection.

CREATE CONTACTS

Find it: 📞 > 📞 Contacts > Menu (≡) > Add contact
Type the name and details.

When you’re finished, touch Save.

**Where are contacts saved?** Your phone saves new contacts in its memory, your MOTOBLUR account, and other accounts you select: In Contacts, touch Menu > Settings > Contact storage to choose which accounts get updated. New contacts won’t be on your SIM card, but they will download to any new MOTOBLUR phone when you log into your MOTOBLUR account.

**Synchronize contacts**

You don’t have to do anything to synchronize your Contacts with your other accounts. MOTOBLUR takes care of it for you.

When you change one of your Contacts, your phone automatically updates your MOTOBLUR account online. Also, your phone updates your Contacts and MOTOBLUR account whenever you change a friend in your social networking accounts.

**Groups**

You can put your contacts into groups that you create (like “friends,” “family,” or “work”). Then, you can find contacts faster by showing one group at a time.

To create a group in your contacts, touch > Menu > New group. Enter a group name, then touch OK, and select people. To add members to the group, touch it, then touch Menu > Add member.
MESSAGING
sometimes it’s best to text, or IM, or email . . .

QUICK START: MESSAGING
Find it: > Messaging > Universal Inbox
Tip: To see more messages, flick or drag up.

CREATE MESSAGES
Find it: > Messaging >
Choose a message type. Then, enter the recipient and message. In text messages and emails, touch Menu to add files or choose other options.

READ & REPLY TO MESSAGES
Every text, email, friend-feed, wall post, and bulletin is automatically delivered to you, ready for your immediate reply. The best part is you don’t have to dig through any apps, screens or menus—every message streams right to the phone, viewable exactly the way you want. That’s the magic of MOTOBLUR.

Find it: > Messaging > Universal Inbox
Note: Universal Inbox shows all of your messages together—text, email, and social networking messages. To filter the messages shown, touch Menu > Edit Universal Inbox.
• To open a message and all of its replies, touch it.
• To respond to a message, just open it and enter your response in the text box at the bottom.
• To open options, touch the checkbox next to the message.
Tip: Add the Messages widget to your home screen, see “WIDGETS” on page 37.
SEND & RECEIVE ATTACHMENTS
To send a file in a message, open a new message, touch Menu > Insert..., and choose the file.
When you receive a message with an attachment, open the message and touch the file name to download it. Then, touch the name again to open it. Some file formats can be converted to HTML for faster viewing, and your phone will show Get HTML version.
Tip: To send and receive large attachments faster, use a Wi-Fi connection, in “Wi-Fi” on page 33.

SET UP MESSAGING
To add email accounts, from the home screen touch Menu > Settings > Accounts > Add account.
• Corporate Sync is for Exchange server work email accounts. Enter details from your IT administrator.
  Tip: You might need to enter your domain name with your user name (like domain/username).
  Note: Some work accounts might require you to add a password lock to your phone, for security.
To stop an account from showing the contacts you create on your phone, touch > Contacts, touch Menu > More > Settings, then uncheck the account under New contacts.
• Email is for most personal email accounts. It is really easy to set up and you can set up more than one. For account details, contact the account provider.
To change your account settings, from the home screen touch > Messaging > Menu > Manage accounts.

GMAIL™
Find it: > Gmail
To get Gmail in your Messages widget and Universal Inbox, you’ll need to add it as an Email account: Touch > Messaging > Menu, then touch Manage accounts > Add account > Email and enter your Gmail details.
If you added your Google™ account too, turn off its email sync to avoid duplicate email notices: Touch > Accounts, touch your Google account, and touch the checkmark to turn off Sync Gmail.
Tip: For social network accounts, see “ADD ACCOUNT” on page 11.

GOOGLE TALK™
Google Talk instant messaging lets you chat via instant message with other Google Talk users on phone or on the web.
Find it: 📱 > 📩 Talk

Touch to change your online status message.

Touch to change your picture.

Friends list.

Instant Messages

To send and receive instant messages, you can use an instant messaging app or your browser.

- To download and use an instant messaging app, touch 📱 > 🛒 Market > Apps > Communication, then choose an app for your provider. Once you download the app, you’ll see it in your “APP MENU” on page 10.
- If you don’t see an app for your IM provider, you can use your web browser. Touch 📱 > 🌐 Browser, then enter your provider’s website. Once you’re there, follow the link to sign in.

Note: To browse instant messaging apps from your PC, go to www.android.com/market.
TEXT ENTRY
keys when you need them

DEVICE KEYPAD
You can type using the phone’s keypad.

TOUCHSCREEN KEYPAD
You can open a touchscreen keypad by touching a text field. To close the keypad, touch Back.

MULTI-TOUCH
To change the sounds, corrections, and other settings for your touchscreen keypad, touch Menu > Settings > Language & keyboard > Input method > Multi-touch keyboard.
**Typing Tips**

<table>
<thead>
<tr>
<th>To...</th>
</tr>
</thead>
<tbody>
<tr>
<td>Enter a capital letter</td>
</tr>
<tr>
<td>Cut, Copy or Paste text you selected</td>
</tr>
<tr>
<td>Delete a character (hold to delete more)</td>
</tr>
<tr>
<td>Enter symbols</td>
</tr>
<tr>
<td>Start a new line</td>
</tr>
</tbody>
</table>

To change your text entry settings and see the dictionary of terms you’ve used, from the home screen touch Menu 📷 > Settings > Language & keyboard.

**Text Entry Settings**

When you use the touchscreen keypad, your phone suggests words from your dictionary and chosen language. Your phone also automatically enters apostrophes in some words, like “don’t.”

Find it: From the home screen, touch Menu 📷 > Settings > Language & keyboard.

- To edit your dictionary, touch User dictionary.
- To change the language and the style for your touchscreen keypad, touch Select locale.
- To change the sounds, corrections, automatic correction settings, and other settings for your touchscreen keypad, touch Multi-touch keyboard.
WEB
surf the web with your phone

GOOGLE LATITUDE™

JOIN LATITUDE

See where your friends and family are on Google Maps™. Plan to meet up, check that your parents got home safely, or just stay in touch.

Don’t worry, your location is not shared unless you agree to it. You need to join Google Latitude™, and then invite your friends to view your location or accept their invitations. When using Google Maps (in any mode except in Street View), touch Menu > Join Latitude or Latitude or touch > Latitude. Read the privacy policy and, if you agree with it, choose to continue.

ADD & REMOVE FRIENDS

Find it: > Latitude

To add friends:

1. Touch Menu > Add friends.
2 Touch **Select from Contacts** or **Add via email address**, then touch a contact and **Add friends**.

If your friends already use Latitude, they’ll receive a notification. If they have not yet joined Latitude, they’ll receive an invitation to join Latitude with their Google™ account.

To remove friends:
1. Touch a friend in your list.
2. Touch X.

**SHARE LOCATION**

When you receive a request to share location details you can choose to:

- **Accept and share back**: see your friend’s location, and your friend can see yours.
- **Accept, but hide my location**: see your friend's location, but your friend can't see yours.
- **Don’t accept**: location information is not shared between you and your friend.

**HIDE YOUR LOCATION**

To hide your location from a friend, touch your contact name, then touch **Edit privacy settings > Do not update your location**.

**TURN OFF LATITUDE**

Touch Menu > **Settings > Sign out of Latitude**.
YouTube™
go and create your own classic

Note: This feature is not available in all areas. Check with your service provider.

Quick start: YouTube
Post that great video you’ve taken and see how many hits you get.

Find it: [ ] >YouTube

YouTube user-generated content website lets you share videos with YouTube users everywhere. You don’t need a YouTube account to browse and view videos.

Note: If you don’t have a YouTube account, visit http://www.youtube.com to find out more. To create an account or sign in, go to “YOUR ACCOUNT” on page 28.

Watch videos
See popular video categories, like Most viewed, Most discussed, and Most recent. Touch a category, then touch the video to start playing it. To see more video categories, touch Menu > Browse.

Search for videos
Find it: Menu > Search
Enter text, then touch Search.

Share videos
Find it: Menu > Share
Send someone a link to a video that you are watching.

Your account
Log in or create account
Find it: Menu > My Channel

1 To create your YouTube™ account, touch “Don’t have a YouTube account? Touch here to create one.”

If you already have a YouTube account, enter your user name and password, and touch Sign in.
2 For a new account, enter a user name, and complete the fields, then touch I accept.

**UPLOAD VIDEOS**

*Find it: Menu > Upload*

1 Touch the video you want to upload. You can change the video title, description, set the access, and add tags.

2 Touch Upload.

**APPS & UPDATES**

get the app you want

**ANDROID MARKET™**

*Note:* You’ll need to set up a Gmail™ account (see “Gmail™” on page 20) in order to buy and download apps from the Android Market.

*Find it: > Market*

Get all the fun games and cool apps you want! Android Market provides you with access to software developers everywhere, so you can find the app you want. If you need help or have questions about Android Market, touch Menu > Help.

**BROWSE & INSTALL APPS**

*Tip:* Choose your apps and updates carefully, from trusted sites like Market, as some may impact your phone’s performance—see “CHOOSE CAREFULLY” on page 30.

*Note:* When installing an app, make sure you read the alerts that tell you what information the app will access. If you don’t want the app to have access to this information, cancel the installation.
**CHOOSE CAREFULLY**

Apps are great. There’s something for everyone. Play, communicate, work, or have fun. But remember, choose your apps carefully. Here are a few tips:

- To help prevent spyware, phishing, or viruses from affecting your phone or privacy, use apps from trusted sites, like Market.
- In Market, check the apps’ ratings and comments before installing.
- If you doubt the safety of an app, don’t install it.
- Like all apps, downloaded apps will use up memory, data, battery, and processing power—some more than others. After installing an app, if you’re not happy with how much memory, data, battery or processing power it’s using, uninstall it. You can always install it again later.
- Just like web browsing, you may want to monitor childrens’ access to apps to help prevent exposure to inappropriate content.
- Certain apps may not provide completely accurate information. Take care, especially when it comes to personal health.

**MANAGE & RESTORE APPS**

To manage your apps, from the home screen touch Menu > Settings > Manage Apps.

Touch the app to open the details screen—from here you can review, uninstall, and more.

To reinstall any downloaded items, from the home screen touch Market > My apps. All previously installed apps are listed and available for download.

**UPDATE YOUR PHONE**

Stay up to date with the latest software for your phone. You can check, download, and install updates using your phone or your computer:

- **Using your phone:**
  
  You may get an automatic notification of an available update on your phone. Follow the instructions to download and install.

  To manually check for updates, touch Menu > Settings > About phone > System updates.

  Your phone downloads any updates over your mobile network. Remember, these updates can be quite large (25MB or more) and may not be available in all countries. If you don’t have an unlimited data plan, or mobile network updates are not available in your country, you can update using a computer.

- **Using your computer:**
  
  On your computer, go to www.motorola.com/myproplus and check the
“Software” link. If an update is available, simply follow the installation instructions.

**BLUETOOTH® WIRELESS**
lose the wires and go wireless

**QUICK START: BLUETOOTH WIRELESS**

*Find it:* From the home screen, touch Menu ( ) > Settings > Wireless & networks > Bluetooth settings

![Bluetooth settings screen](image)  
- **Turn on & scan.**
- **Re-scan.**
- **Connect.**

**TURN BLUETOOTH POWER ON OR OFF**

*Find it:* From the home screen, touch Menu ( ) > Settings > Wireless & networks > Bluetooth
CONNECT NEW DEVICES

Note: This feature requires an optional accessory.

To connect with a new device, you need to pair with it. You only need to do this once for each device—to connect again, just turn on the device.

1. Make sure the device you are pairing with is in discoverable mode.

   Note: Refer to the guide that came with the device for details.

2. From the home screen, touch Menu > Settings > Wireless & networks > Bluetooth settings.

3. Touch Bluetooth to turn on and scan. If Bluetooth power is already on, touch Scan for devices.

4. Touch a device to connect.

5. If necessary, touch OK, or enter the device passkey (like 0000) to connect to the device. When the device is connected, the Bluetooth indicator appears in the status bar.

   Note: Using a mobile device or accessory while driving may cause distraction and may be illegal. Always obey the laws and drive safely.

RECONNECT DEVICES

To automatically reconnect your phone with a paired device, simply turn on the device.

To manually reconnect your phone with a paired device, touch the device name in the Bluetooth devices list.

DISCONNECT DEVICES

To automatically disconnect your phone from a paired device, simply turn off the device.

To manually disconnect your phone from a paired device, touch the device name in the devices list, then touch Menu > Disconnect.

EDIT PROPERTIES

From the home screen, touch Menu > Settings > Wireless & networks > Bluetooth settings > Device name. Enter a name and touch OK.
**Wi-Fi**
home, office, or hotspot

**Quick Start: Wi-Fi**
Use a wireless network for fast Internet access and to download data.

**Find it:** From the home screen, touch Menu > Settings > Wireless & networks > Wi-Fi settings

---

**Wi-Fi Settings**

**Wi-Fi**
- Connected to Moto

**Network Notification**
- Open Network:
  - Notify me when an open network is available: On
- Secure Network:
  - Notify me when a secure network is available: On

**Wi-Fi Network**
- Your network:
  - Connected

---

**Turn Wi-Fi On or Off**

**Find it:** From the home screen, touch Menu > Settings > Wireless & networks > Wi-Fi

**Note:** To extend battery life, turn off Wi-Fi power when not in use.

**Wi-Fi Search & Connect**

To find networks in your range:

1. From the home screen, touch Menu > Settings > Wireless & networks > Wi-Fi settings.
2. Touch Wi-Fi to turn on and scan. If Wi-Fi is already on, touch Menu > Scan. Your phone lists the networks it finds within range.
   - **Tip:** To see your phone’s MAC address or other Wi-Fi details, touch Menu > Advanced.
3. Touch a network to connect.
4. If necessary, enter **Network SSID**, **Security**, and **Wireless password**, and touch Connect. When your phone is connected to the network, the wireless indicator appears in the status bar.
   - **Tip:** When you are in range and Wi-Fi is on, you will automatically reconnect to available networks you’ve connected to before.
HOTSPOT

Note: You need to subscribe to Wi-Fi hotspot service to use this feature. Contact your service provider.

You can set up your phone as a Wi-Fi hotspot to provide portable, convenient internet access to other Wi-Fi enabled devices.

SETUP

Note: Risks can be associated with connecting to the public internet. Your phone allows you to create a 3G Mobile Hotspot, which may be accessible by unauthorized users. It is highly recommended that you use a password other possible steps to protect your computer from unauthorized access. To add security to your Wi-Fi hotspot:

Find it: 📱 > 🌐 Mobile Hotspot > Configure Mobile Hotspot

Touch a setting to modify it:

- SSID—Enter a unique name for your hotspot.
- Security—Select the type of security you want: WEP, WPA, or WPA2. Enter a unique password. Other users can access your Wi-Fi hotspot only if they enter the correct password.

Note: Keep it secure. To protect your phone and hotspot from unauthorized access, it is strongly recommended that you set up hotspot Security (WPA2 is the most secure), including password.

- Channel—Select a channel that minimizes potential interference. You may need to try different channels after your hotspot is active for a time.

Touch Save when the settings are complete.

ACTIVATE HOTSPOT

Find it: 📱 > 🌐 Mobile Hotspot > Mobile Hotspot

When your Wi-Fi hotspot is active, other Wi-Fi enabled devices can connect by entering your hotspot’s SSID, selecting a Security type, and entering the correct Wireless password.
DLNA

DLNA lets you expand the ways you can enjoy your photos and videos on a DLNA Certified HDTV or monitor, using your own Wi-Fi network.

Make sure your phone is connected to an active Wi-Fi network and has access to a DLNA Certified device.

1 Touch > DLNA.
2 Touch Play media, Copy media to server, Copy media to phone, or Share media. Then follow the instructions you see on your phone.

**BATTERY TIPS**

Your phone is like a small computer, giving you a lot of information and apps, at 3G speed, with a touch display! Depending on what you use, that can take a lot of power.

To start getting the most out of your battery, touch Menu 📛 > **Settings** > **Battery & data manager** > **Battery mode.** Choose **Performance mode** for constant data transfer and battery use, **Maximum battery saver** when your battery is low, or **Nighttime saver** if you want to limit your data and wireless connections during off-peak hours.

To save even more battery life between charges, you could reduce:

- Recording or watching videos, listening to music, or taking pictures.
• Widgets that stream information to your home screen, like news or weather (“Use Your Home Screen” on page 8).

• Unused online accounts that you registered with MotoBlur (“Edit & Delete Accounts” on page 12).

• GPS, Wi-Fi, and Bluetooth® use: Touch and hold an empty spot on your home screen, then touch Motorola widgets > Bluetooth toggle, Wi-Fi toggle or GPS toggle to view and control.

• Email updates: Touch > Messaging > Menu > Messaging Settings > Email > Email delivery.

• Network speed: from the home screen touch Menu > Settings > Wireless & networks > Mobile networks > Select network > 2G only saves battery.

• Network searching: to keep your phone from looking for networks when you are out of coverage, press and hold Power > Airplane mode.

• Display brightness: from the home screen touch Menu > Settings > Display > Brightness > (dimmer setting).

• Display timeout delay: from the home screen touch Menu > Settings > Display > Screen timeout > (shorter setting).

---

**PERSONALIZE**

Add your personal touch

**WIDGETS**

To add a widget:

1. Find an empty spot on your home screen where you want to add a widget, then touch and hold.

   **Tip:** You can flick left or right to open other panels on your home screen.

2. Touch Motorola widgets or Android widgets.

3. Touch the type of widget. If necessary, enter the widget settings.

You can personalize widgets with content that you choose.

**RINGTONES**

To personalize your ringtones:

**Find it:** From the home screen, touch Menu > Settings > Sound > Phone ringtone or Notification ringtone

**Tip:** To use a song as a ringtone, touch > Music + > My Music > Songs, touch and hold the song name, then touch Set as ringtone.

To set your vibrate options:
**WALLPAPER**
To apply a new wallpaper:

1. Find an empty spot on your home screen, then touch and hold.
2. Touch **Wallpapers**.
3. Touch **Gallery** to select a photo as your wallpaper, touch **Live wallpapers** or **Wallpapers** to choose a wallpaper that comes with your phone.

**SOUNDS**
- To set volume for ringtone, media and alarms, from the home screen touch Menu > Settings > Sound > Volume.
- To play tones when using dial pad, from the home screen touch Menu > Settings > Sound > Audible touch tones.
- To play sound on a screen selection, from the home screen touch Menu > Settings > Sound > Audible selection.

**DISPLAY SETTINGS**
- To set display brightness, from the home screen touch Menu > Settings > Display > Brightness.
- To set animation, from the home screen touch Menu > Settings > Display > Animation.

**DATE & TIME**
Set date, time, time zone, and formats:

**LANGUAGE & REGION**
Set your menu language and region:
PHOTOS & VIDEOS
see it, capture it, share it!

PHOTOS

TAKE A PHOTO
Take that family photo, and post it online for everyone to see.

Find it: Camera

To take the photo, touch 📷. After you take the photo, you’ll see a small image in the top left corner.

PHOTO OPTIONS
To see the photo you have taken, touch the photo thumbnail. Then:

- To set the photo as a wallpaper or contact photo, touch Menu [่อน] > Set as.
- To delete a photo, touch Menu [Monad] > Delete.
- To send the photo in a message or post it online, touch 📩 > Photo Share, Text Messaging or Bluetooth. For more info on sharing, see “SHARE PHOTOS & VIDEOS” on page 40.
- To quick upload the photo, touch 📷.
- To comment on a photo, touch 📣.

CAMERA SETTINGS
Touch the viewfinder, then touch Menu [Monad] to change camera settings:

<table>
<thead>
<tr>
<th>Options</th>
<th>Effects</th>
</tr>
</thead>
<tbody>
<tr>
<td>Set a photo effect: Normal, Black and White, Negative, Sepia, or Solarize.</td>
<td></td>
</tr>
</tbody>
</table>
Photos & videos

In the viewfinder, touch Menu > Settings to set Picture resolution, Storage location, Geo-Tag, or Shutter tone.

<table>
<thead>
<tr>
<th>Options</th>
<th></th>
</tr>
</thead>
<tbody>
<tr>
<td>Scenes</td>
<td>Set the type of photo you want to take: Auto, Portrait, Landscape, Sport, Night Portrait, Sunset, Macro, or Steady shot.</td>
</tr>
<tr>
<td>Modes</td>
<td>Set to Single shot or Panorama mode.</td>
</tr>
<tr>
<td>Brightness</td>
<td>Drag the bar to change brightness.</td>
</tr>
<tr>
<td>Flash</td>
<td>Touch Flash to choose Flash On, Flash Off, or Auto Flash.</td>
</tr>
</tbody>
</table>

In the viewfinder, touch Menu > Settings to set Picture resolution, Storage location, Geo-Tag, or Shutter tone.

**VIEW PHOTOS & VIDEOS**

Find it: > Gallery

Your photos and videos plus your friends’ photos and videos all in one place:

- Touch Camera roll to see the photos and videos you have taken, or touch My library to sort photos and videos by Albums, Locations, Tags, or Timeline.

- Touch Online, or Friends to see your or your friends’ online albums.

**SHARE PHOTOS & VIDEOS**

Find it: > Gallery

1. Touch a photo or video, then touch .
2. Choose how you want to share—like Bluetooth, Email, Messaging, or an online album.

**MANAGE PHOTOS & VIDEOS**

Find it: > Gallery

View your captured photos & videos.

Sort your photos & videos.

Go to your friends’ online albums.

See your online albums (like Picasa™, Flickr™, or Facebook™).
Touch a thumbnail image from your camera roll or library, then:

- To delete the photo or video, press Menu > Delete.
- To set the photo as a contact picture, social network profile picture, or wallpaper, press Menu > Set as.
- To add the photo to an album, press Menu > Add to album.

Tip: To copy photos or videos to/from a computer, go to “MEMORY CARD & FILE TRANSFER” on page 47.

EDIT PHOTOS & VIDEOS
Find it: > Gallery > picture > Menu > Edit
You can choose advanced editing features to resize, crop, or change the color.

PLAY A SLIDESHOW
Touch > Gallery, touch a picture, then touch Menu > More > Slideshow to start a slideshow. To stop the slideshow, touch the display. To return to the gallery, touch Back.

VIDEOS

TAKE A VIDEO
Find it: > Camcorder
Tip: To send your video in a message, adjust the video quality: Touch Menu > Settings > Video Resolution > QVGA (320 x 240).

To record the video, touch . To stop, touch again.

After you record the video, you’ll see a small image in the top left corner. Touch the small image to open it, then touch Menu to see options.

PLAY YOUR VIDEOS
Find it: > Gallery > Camera roll > video
MUSIC
when music is what you need...

YOUR MUSIC COMMUNITY
Listen to the radio, watch videos, read music news, and more.

Find it:  >  Music +

---

**My Music.** Listen to your tunes.

**Radio.** Surf the airwaves for fresh music. There’s something for everyone. You need a headset for FM Radio. Check out SHOUTcast™ Radio for music from all generations and types.

**Music Videos.** Watch videos from YouTube™, prerecorded TV shows, and your own videos.

**Community.** Find songs, see what people are listening to all around the world, and see what’s hot on the music charts.

**Song Identification.** Get information about a song that is playing. Select **Tell me what is playing** and hold your phone close to the source of the music.

**Note:** Recognition will not take place if the music is from a live concert or a musical performance where digital recording is not even.

**Configuration data.** Some features in Connected Music Player, such as Music Videos and News, Community, Song Identification and Song lyrics, require data traffic. Set the data mode: Touch Menu > Settings > Data Usage.

**QUICK START: MUSIC**
Touch, touch, play—instant music. Just open your music library, then select what you want to play.
Find it: 🎶 > ⚪️ Music + > My Music

Tip: When a song is playing, you can add it to a playlist by touching Menu 🎵 > More > Add to playlist.

To listen to music during a flight, turn off all your network and wireless connections: Press and hold Power ⚪️ > Airplane mode.

SET UP MUSIC

WHAT MUSIC TRANSFER TOOLS DO I NEED?
To put music on your PC and then load it on your phone, you need:

- Microsoft™ Windows™ PC or Apple™ Macintosh™.
- USB data cable.

- Memory card. Your music is stored on your phone’s internal storage or a memory card. Your phone supports removable microSD memory cards up to 32 GB capacity. To make sure your memory card is installed, go to “ASSEMBLE & CHARGE” on page 3.

Tip: To see the available memory on your memory card, from the home screen touch Menu 🎵 > Settings > Storage.

WHAT MUSIC FILE FORMATS CAN I PLAY?
Your phone can play many types of files: MP3, M4A, AAC, ACC+, MIDI, WAV, and WMV.

Note: Your phone does not support any DRM protected files.

WHAT HEADPHONES CAN I USE?
Your phone has a 3.5mm headset jack for wired stereo listening. You can go wireless with Bluetooth® stereo headphones or speakers (see “BLUETOOTH® WIRELESS” on page 31).

GET MUSIC

RIP A CD
Not literally. If you’re new to digital music transfer, this means transferring music from a music CD to your PC.
To rip a music CD on your PC, you can use Microsoft™ Windows™ Media Player. You can download Windows Media Player from www.microsoft.com.

1. On your PC, open Windows Media Player.
2. Insert a music CD into the PC’s CD ROM drive.
   
   **Note:** Make sure you change the format to MP3 in “Rip > Format > Rip Settings.”
3. In the Windows Media Player window, click on the “Rip” tab.
4. Highlight the songs you want to import, and click “Start Rip.”

The songs are imported to the Windows Media Player Library.

**TRANSFER USING WINDOWS MEDIA PLAYER**
Transfer music files from a PC to your memory card.

**Note:** Copyright—do you have the right? Always follow the rules. See “CONTENT COPYRIGHT” in your legal and safety information.

1. With a memory card inserted, and your phone showing the home screen, connect a Motorola micro USB data cable from your phone’s micro USB port to a USB port on your PC. Your phone should show in the status bar.

   **Note:** Your phone supports Microsoft™ Windows™ XP, Windows Vista™, and Apple™ Macintosh™. Other operating systems may not be compatible.
2. Your phone shows a USB connection dialog. Touch **USB drive.** You can’t use the files on your memory card while it is connected.
3. On your PC, open Windows Media Player.
5. Select “Properties,” check the “Create folder hierarchy on device” box, and click “OK.”
6. Drag your music files over to the “Sync List” and press “Start Sync.”

**TRANSFER USING USB**
To use a USB cable, see “MEMORY CARD & FILE TRANSFER” on page 47.

**PLAY MUSIC**

**MUSIC LIBRARY**
Open your music library, then select what you want to play.
Find it: 🎵 > 🎧 Music ➔ My Music

Your music is stored by artists, albums, songs, and playlists. Touch a category, then touch the song or playlist you want to play. Touch Shuffle All to randomly play all your songs, or touch Search (검색) to look for a song.

MUSIC PLAYER
Just touch a song or playlist to get going.

MUSIC PLAYER CONTROLS

<table>

<td>Touch Menu &gt; More &gt; Delete.</td>
</tr>
</tbody>
</table>

**Hide, Wake, Turn Off**

Touch Home to use another app. Your music continues to play.

When you see in the status bar a song is playing, flick down to see details. Touch the song to return to the music controls.

To turn off your music touch .

**Playlists**

To add a song from the music library to a playlist, touch and hold the song then touch **Add to playlist**. Choose an existing playlist, or touch **New playlist** to create a new playlist.

To add a song to the playlist you’re playing, touch Menu > More > Add to playlist in the music player.

To edit, delete and rename playlists, touch and hold the playlist in the music library.

**Internet Radio**

Find it: > > Music + > Radio > SHOUTCastM™ Radio

**Listen to a Station**

1. Select a category, and select a station or search through subcategories to find the station you want.
2. To begin listening to a station, touch it.

**Favorite Stations**

To add a station to **Favorite stations**, touch a station to open it, then touch the star in the top right corner.

**FM Radio**

Find it: > > Music + > Radio > FM Radio

**Note:** You need to connect a wired headset to your phone to use the FM radio. The wires in your headset
act as the antenna. For best performance, use a Motorola Original headset. Indoor reception may vary and headsets with active noise reduction may not work properly.

**FIND A STATION**

To tune into a station, drag your finger across the dial, or touch - Seek or + Seek.

**STATION PRESETS**

To add a station to your presets, touch and hold the station name, then touch a preset number (1 to 10).

---

**MEMORY CARD & FILE TRANSFER**

Copy photos, music, and more to your phone.

**MEMORY CARD**

To expand your memory, to save your photos, music, and more on a memory card. Insert a memory card, see “ASSEMBLE & CHARGE” on page 3, and touch SD card. Your phone will copy all your files from its internal storage to the SD card and restart the phone. All your files will now be saved on the memory card.

**Note:** Do not remove your memory card while your phone is using it or writing files on it.

**Warning:** When you format a memory card, all data on the card is deleted.

To remove or format your memory card, you need to unmount it. Touch Menu > Settings > Storage > Unmount SD card. Then, to format your memory card, touch Format SD card.

**MANAGE FILES**

Find it: > Files > SD card

Touch a file or folder to open it, touch and hold a file to copy, rename, or delete it.
VIEW & TRANSFER FILES

Your can use Phone Portal to connect your phone and computer with a cable or a Wi-Fi network.

When you connect your phone or type the Phone Portal URL into your computer’s browser, you’ll see the Phone Portal home screen.

Open your recent activity (Home), Contacts, Photos, Settings, File Manager, or Support.

Open details about your phone’s network signal, battery, or memory.

Choose your language.

Show All recent activity, or only your SMS (text messages) or Calls.

Note: Phone Portal works best with Internet Explorer 7 or newer, with Java script and cookies enabled.

CONNECT THROUGH A WI-FI NETWORK

Note: Most public Wi-Fi networks (like the ones at coffee shops) don’t let devices connect to each other. In that case, you need a USB cable connection.

1 Touch ➔ > Phone Portal

2 If your phone is connected to a Wi-Fi network, it shows a Phone Portal URL. Use a computer on the network to enter the URL in a browser. It opens the Phone Portal home screen!

Tip: When your phone’s Wi-Fi is on, it automatically reconnects to nearby networks it has used. To turn Wi-Fi on or off, touch Menu ➔ Settings > Wireless & networks > Wi-Fi

If your phone is not connected to a Wi-Fi network, it asks you to connect. Touch OK to open the Wi-Fi settings screen, then turn on Wi-Fi and touch a network to connect.
For network passwords, ask other network users or administrators. For your phone’s MAC address and Wi-Fi details, touch Menu > Advanced.

When your phone is connected (_wifi appears in the status bar), touch Back to close the settings. Soon, Phone Portal shows a URL at the bottom of your screen. Using a computer on the same Wi-Fi network, just type the URL into the browser to open the Phone Portal home screen!

**CONNECT THROUGH A USB CABLE**

1. Turn on your phone and computer, and connect them with a USB-to-micro USB cable.

   Your computer might guide you through installing Motorola drivers.

2. Once your computer has the correct Motorola drivers, it opens the Phone Portal home page in your browser. A Motorola icon appears in your task bar, in the lower right of your computer screen.

   If you have Motorola MediaLink, it will launch instead of Phone Portal. To use Phone Portal, right-click in your task bar, select “when the phone connects, launch,” and choose Phone Portal. Disconnect and reconnect your phone to launch Phone Portal.

**TOOLS**

stay on top of things

**ALARM CLOCK**

Find it: > Alarm & Timer

To turn on an alarm, touch the check box.

When an alarm sounds, drag Dismiss to turn it off or touch the screen to snooze.

To add an alarm, touch Menu > Add alarm, then enter alarm details.

**CALENDAR**

Find it: > Calendar

Your calendar events can be viewed in different ways: Touch Show today > Agenda, Day, Week, or Month When you highlight an event in the day and week views, more details appear.

**ADD CALENDAR EVENTS**

From any calendar view, touch , and enter event details then touch Save.
MANAGE CALENDAR EVENTS
To edit an event, touch and hold it. When you’re done editing event details, touch Save.

To delete an event, touch and hold it then touch Delete event.

CALCULATOR
Find it: Menu > Calculator
Your calculator has two views: basic and advanced. To change your views, touch Menu > Advanced panel or Basic panel. To clear history, touch Menu > Clear history.

FILE MANAGER
Use file manager to view documents and files on your phone, microSD memory card, or Shared folders.

Find it: Menu > Files

QUICKOFFICE
Use Quickoffice to view recent documents and files on your memory card.

Find it: Menu > Quickoffice
Touch a file or folder to open, or touch and hold a file for options.

To manage your folders and transfer files, see “MEMORY CARD & FILE TRANSFER” on page 47.

ACCESSIBILITY
See, hear, speak, feel, and use. Accessibility features are there for everyone, helping to make things easier.

Note: For general information, accessories, and more, visit www.motorola.com/accessibility

VOICE RECOGNITION
Use your voice—just touch and speak.

• Dialing and commands: Touch Menu > Voice Commands. To dial, say “Call” and then a contact name or phone number. Or, say a command from the list shown, like “Send Message” or “Go To”.

• Text entry: Press ⍵ on your keypad, then say what you want to type.

Tip: Speak naturally, but clearly. Use the microphone in a similar way to a speakerphone, so no need to shout or hold the phone close to your mouth.

To change your voice settings, see “VOICE SETTINGS” on page 51.

VOICE READOUTS (TALKBACK)
Your navigation and selections, read out loud.
To turn on voice readouts (similar to TalkBack), touch Menu > Settings > Accessibility. Touch Accessibility to enable the settings, then touch Voice Readouts.

**Note:** You may be asked to download additional “text-to-speech” software (data charges may apply).

To use voice readouts:

- **Menus and screens:** In menus and screens, touch an item to highlight it (the item will be read out loud), and double-touch to open it.
  
  **Note:** Touch a home screen widget or shortcut to open it.

- **Dialer & text entry:** As you type, each number or letter is read out loud.

- **Notification:** When you flick the notifications bar down, all notifications are read out loud.

**Tip:** Navigate through your apps and menus to hear how voice readouts work on your phone.

To change your voice settings, see “VOICE SETTINGS” on page 51.

### CALLER ID

When you want to hear who’s calling:

- **Read out loud:** Have your caller announced—touch Menu > Settings > Call settings > Caller ID Readout.

### VOICE SETTINGS

Personalize your voice settings:

- **Ringtones:** Assign a unique ringtone to a contact—touch > Contacts, open a contact, then touch Menu > Options > Ringtone.

To change your voice settings, see “VOICE SETTINGS” on page 51.

### VOICE SETTINGS

**Personalize your voice settings:**

- **Voice recognition:** Touch Menu > Settings > Voice input & output > Voice recognizer settings. From here, you can set options like language and censorship.

- **Voice commands:** Touch > Voice Commands > Menu > Settings. From here, you can refine recognition of your voice (Adaptation) and set options like prompts and shortcuts.

- **Text-to-speech:** Touch Menu > Settings > Voice input & output > Text-to-speech settings. From here, you can set options like speed and language.

### VOLUME & VIBRATE

Choose volume and vibrate settings that work for you. Touch Menu > Settings > Sound:

- **Volume:** Touch Volume and use the sliders.

  **Tip:** To set separate ring and notification volumes, uncheck Use incoming call volume for notifications.
• **Vibrate**: Select Vibrate phone to feel your phone ring.

**ZOOM**

Get a closer look. Open a magnification window that you can drag around the screen, or pinch to zoom in on maps, web pages, and photos.

• **Magnification window**: Touch Menu > Settings > Accessibility. Touch Accessibility to enable the settings, then touch Zoom Mode.

• **Pinch to zoom**: To zoom in, touch the screen with two fingers and then slide them apart. To zoom out, drag your fingers together.

**DISPLAY BRIGHTNESS**

Set a brightness level that works for you. Touch Menu > Settings > Display > Brightness. Make sure that Automatic brightness is unchecked so you can set your own level.

**TOUCHSCREEN & KEYS**

All these touch features are great, and sometimes it’s nice to hear or feel your touches too. Touch Menu > Settings > Sound:

• **Touchscreen**: To hear screen touches (click), select Audible selection.

• **Keys**: To feel key touches (vibrate), select Haptic feedback.

• **Screen lock**: To hear when you lock/unlock the screen (click), select Screen lock sounds.

**MESSAGES**

From a simple text message to IM, email, and more. Create, send, and receive them all, in one place.

**Find it**: Messaging > Universal Inbox

And to make text entry even easier, you can use features like auto-complete, auto-correct, and auto-punctuate—touch Menu > Settings > Language & keyboard. Of course if you don’t want to type at all, then use your voice—press on the keypad.

**APPS**

Want more? No problem. Android Market™ provides access to thousands of apps, and many provide useful accessibility features.

**Find it**: Market

Select a category or touch Search to find the app you want.

**Tip**: Choose your apps carefully, from trusted sites like Market, as some may impact your phone’s performance.
MANAGEMENT
stay in control

SYNCHRONIZE WITH MICROSOFT™ OFFICE OUTLOOK
If you use Microsoft Office Outlook on your work computer, your phone can synchronize emails, events, and contacts with your Microsoft Exchange server.

Find it: From the home screen, touch Menu > Settings > Accounts > Add account > Corporate Sync

1. Enter your username (username@company.com), password, email address, and server details (server address is the same URL you use to access your company’s email using the web on your computer).

   Note: Contact your business IT department for server details.

2. Touch Next.

WIRELESS MANAGER
Find it: From the home screen, touch Menu > Settings > Wireless & networks

Managing all your wireless connections: Wi-Fi, Bluetooth™, airplane mode, & mobile networks (“NETWORK” on page 54).

AIRPLANE MODE
Use airplane mode to turn all your wireless connections off—useful when flying. Press and hold Power > Airplane mode.

Note: When you select airplane mode, all wireless services are disabled. You can then turn Wi-Fi and/or Bluetooth back on, if permitted by your airline. Other wireless voice and data services (such as calls and text messages) remain off in airplane mode. Emergency calls to your region’s emergency number can still be made.

UPDATE YOUR PHONE
Stay up to date with the latest software for your phone. You can check, download, and install updates using your phone or your computer:

- Using your phone:
  You may get an automatic notification of an available update on your phone. Follow the instructions to download and install.

  To manually check for updates, touch Menu > Settings > About phone > System updates.

Your phone downloads any updates over your mobile network. Remember, these updates can be quite large (25MB or more) and may not be available in all countries. If you don’t have an unlimited data plan, or
mobile network updates are not available in your country, you can update using a computer.

- Using your computer:
  On your computer, go to www.motorola.com/myproplus and check the “Software” links. If an update is available, simply follow the installation instructions.

**NETWORK**
You should not need to change any network settings. Contact your service provider for help.
From the home screen, touch Menu > Settings > Wireless & networks > Mobile networks to show options for roaming networks, network selection, operator selection, and access point names.

**SECURITY**
help keep your phone safe

**QUICK START: SECURITY**
You have lots of ways to keep your phone safe.
**Find it:** From the home screen, touch Menu > Settings > Location & security

If you lose your phone, you can log into your MOTOBLUR account from a PC to locate your phone or clear the data on it: www.motorola.com/mymotoblur.
SECURITY LOCK

Some work accounts might require you to add a password lock to your phone, for security.

Find it: From the home screen, touch Menu > Settings > Location & security > Set up screen lock

- Lock pattern: draw a pattern to unlock.
- Passcode lock: enter a code to unlock.
- PIN lock: enter a numeric PIN to unlock.

Note: You can make emergency calls on a locked phone (“EMERGENCY CALLS” on page 15). A locked phone still rings, but you need to unlock it to answer.

LOCK PATTERN

To set the lock pattern, from the home screen, touch Menu > Settings > Location & security > Set up screen lock > Pattern.

Follow the instructions to draw your lock pattern.

When prompted, draw the pattern to unlock the phone.

PASSCODE LOCK

To set the passcode, from the home screen, touch Menu > Settings > Location & security > Set up screen lock > Password.

Enter a password, then confirm it.
When prompted, enter the password to unlock the phone.

PIN LOCK

To set the PIN, from the home screen, touch Menu > Settings > Location & security > Set up screen lock > PIN.

Enter a PIN, then confirm it.
When prompted, enter the PIN to unlock the phone.

PERSONALIZE YOUR LOCK SCREEN

To change your timeout, from the home screen, touch Menu > Settings > Display > Screen timeout.
If you don’t touch the screen or touch any keys for this amount of time, the screen locks automatically. To unlock, see “LOCK & UNLOCK” on page 5.

FORGOT YOUR PATTERN, PASSCODE OR PIN?

In the password unlock screen, from the home screen, touch Menu > Forgot passcode to unlock your phone with your MOTOBLUR email address and MOTOBLUR password, or follow the onscreen instructions.

In the pattern unlock screen, after you enter an incorrect pattern five times, you can touch Forgot passcode to
unlock your phone with your MOTOBLUR email address and MOTOBLUR password.

**LOCK YOUR SIM**

**ENABLE SIM PIN**
To lock your SIM (the next time you power up the phone you will need to enter your SIM PIN), from the home screen, touch Menu > Settings > Location & security > Set up SIM card lock > Lock SIM card. Enter your SIM PIN code.

**Caution:** If you enter an incorrect PIN code three times, your phone locks your SIM card and asks for your PUK code, contact your service provider.

**CHANGE SIM PIN**
From the home screen, touch Menu > Settings > Location & security > Set up SIM card lock > Change SIM PIN.

**PUK CODE**
To unlock your SIM PIN, you need to enter your PIN unlock code (PUK code) when prompted.

**Note:** Your PUK code is provided by your service provider.

**RESET**
To reset your phone to factory settings and erase all the data on your phone, touch Menu > Settings > Privacy > Factory data reset > Reset phone.

**Warning:** All downloaded apps and user data on your phone will be deleted. Data on your memory card and internal storage (media area) will not be deleted.

To erase the data on your memory card or internal storage, touch Erase SD card or Erase internal storage (media area).

**LOST, STOLEN, BROKEN, CLEARED**
Don't you just hate it when your life is on your phone and it all goes wrong. Lose it, break it, reset it, or even worse—stolen! Relax, MOTOBLUR can help find your phone, clear it (if you need to) and best of all, restore all your stuff.

**TRACK YOUR PHONE**
To locate your phone:

1. Log into your MOTOBLUR account: www.motorola.com/mymotoblur.
2. On the phone profile page, follow the link to locate your phone.

MOTOBLUR locates your phone using GPS and AGPS (see “GPS & AGPS” on page 63).
REMOTE CLEAR
To wipe your phone data:

1. Log into your MOTOBLUR account:

2. On the phone profile page, follow the link to delete data.

   Warning: All downloaded apps and user data on your phone will be deleted. Data on your memory card will not be deleted.

RESTORE YOUR PHONE
If you lose your phone don’t worry, your contacts are backed-up on MOTOBLUR.

If you get your next MOTOBLUR product, just log into your existing MOTOBLUR account on your phone to recover all your stuff automatically.

To recover your Android Market™ apps, see “MANAGE & RESTORE APPS” on page 30.

TROUBLESHOOTING

CRASH RECOVERY
In the unlikely event that your phone stops responding to touches and key presses, try a quick reset. Remove the back cover and battery (“ASSEMBLE & CHARGE” on page 3), then replace and turn on your phone as usual.
SERVICE & REPAIRS
we’re here to help
If you have questions or need assistance, we’re here to help.
Go to www.motorola.com/support, where you can select from a number of customer care options. You can also contact the Motorola Customer Support Center at 0800 666 8676 (Argentina), 800-201-442 (Chile), 01-800-700-1504 (Colombia), 01 800 021 0000 (México), 0800-100-4289 (Venezuela), or 0-800-52-470 (Perú).
Battery Use & Safety

The following battery use and safety information applies to all Motorola mobile devices. If your mobile device uses a non-removable main battery (as stated in your product information), details related to handling and replacing your battery should be disregarded—the battery should only be replaced by a Motorola-approved service facility, and any attempt to remove or replace your battery may damage the product.

Important: Handle and store batteries properly to avoid injury or damage. Most battery issues arise from improper handling of batteries, and particularly from the continued use of damaged batteries.

DON'Ts
- Don't disassemble, crush, puncture, shred, or otherwise attempt to change the form of your battery.
- Don't let the mobile device or battery come in contact with liquids.* Liquids can get into the mobile device's circuits, leading to corrosion.
- Don't allow the battery to touch metal objects. If metal objects, such as jewelry, stay in prolonged contact with the battery contact points, the battery could become very hot.
- Don't place your mobile device or battery near a heat source.* High temperatures can cause the battery to swell, leak, or malfunction.
- Don't dry a wet or damp battery with an appliance or heat source, such as a hair dryer or microwave oven.

DOs
- Do avoid leaving your mobile device in your car in high temperatures.*
- Do avoid dropping the mobile device or battery.* Dropping these items, especially on a hard surface, can potentially cause damage.
- Do contact your service provider or Motorola if your mobile device or battery has been damaged by dropping, liquids or high temperatures.

* Note: Always make sure that the battery compartment and any connector covers are closed and secure to avoid direct exposure of the battery to any of these conditions, even if your product information states that your mobile device can resist damage from these conditions.

Important: Motorola recommends you always use Motorola-branded batteries and chargers for quality assurance and safeguards. Motorola's warranty does not cover damage to the mobile device caused by non-Motorola batteries and/or chargers. To help you identify authentic Motorola batteries from non-original or counterfeit batteries (that may not have adequate safety protection), Motorola provides holograms on its batteries. You should confirm that any battery you purchase has a “Motorola Original” hologram.

If you see a message on your display such as Invalid Battery or Unable to Charge, take the following steps:
- Remove the battery and inspect it to confirm that it has a “Motorola Original” hologram.
- If there is no hologram the battery is not a Motorola battery.
- If there is a hologram replace the battery and try charging it again.
- If the message remains, contact a Motorola authorized service center.

Warning: Use of a non-Motorola battery or charger may present a risk of fire, explosion, leakage, or other hazard.

Proper and safe battery disposal and recycling: Proper battery disposal is not only important for safety; it benefits the environment. You can recycle your used batteries in many retail or service provider locations. Additional information on proper disposal and recycling can be found at www.motorola.com/recycling

Disposal: Promptly dispose of used batteries in accordance with local regulations. Contact your local recycling center or national recycling organizations for more information on how to dispose of batteries.

Warning: Never dispose of batteries in a fire because they may explode.

Battery Charging

Notes for charging your product's battery:
- During charging, keep your battery and charger near room temperature for efficient battery charging.
- New batteries are not fully charged.
- New batteries or batteries stored for a long time may take more time to charge.
- Motorola batteries and charging systems have a circuitry that protects the battery from damage from overcharging.

Third Party Accessories

Use of third party accessories, including but not limited to batteries, chargers, headsets, covers, cases, screen protectors and memory cards, may impact your mobile device's performance. In some circumstances, third party accessories can be dangerous and may void your mobile device’s warranty. For a list of Motorola accessories, visit www.motorola.com/products.
Driving Precautions

Responsible and safe driving is your primary responsibility when behind the wheel of a vehicle. Using a mobile device or accessory for a call or other application while driving may cause distraction. Using a mobile device or accessory may be prohibited or restricted in certain areas; always obey the laws and regulations on the use of these products.

While driving, NEVER:
- Type or read texts.
- Enter or review written data.
- Surf the web.
- Input navigation information.
- Perform any other functions that divert your attention from driving.

While driving, ALWAYS:
- Keep your eyes on the road.
- Use a hands-free device if available or required by law in your area.
- Enter destination information into a navigation device before driving.
- Use voice activated features (such as voice dial) and speaking features (such as audible directions), if available.
- Obey all local laws and regulations for the use of mobile devices and accessories in the vehicle.
- End your call or other task if you cannot concentrate on driving.

Remember to follow the “Smart Practices While Driving” in this guide and at www.motorola.com/callsmart (in English only).

Caution About High Volume Usage

Warning: Exposure to loud noise from any source for extended periods of time may affect your hearing. The louder the volume sound level, the less time is required before your hearing could be affected. To protect your hearing:
- Limit the amount of time you use headsets or headphones at high volume.
- Avoid turning up the volume to block out noisy surroundings.
- Turn the volume down if you can’t hear people speaking near you.

If you experience hearing discomfort, including the sensation of pressure or fullness in your ears, ringing in your ears, or muffled speech, you should stop listening to the device through your headset or headphones and have your hearing checked.

For more information about hearing, see our website at direct.motorola.com/hellomoto/nes/AcousticSafety.asp (in English only).

Repetitive Motion

When you repetitively perform actions such as pressing keys or entering finger-written characters, you may experience occasional discomfort in your hands, arms, shoulders, neck, or other parts of your body. If you continue to have discomfort during or after such use, stop use and see a physician.

Children

Keep your mobile device and its accessories away from small children. These products are not toys and may be hazardous to small children. For example:
- A choking hazard may exist for small, detachable parts.
- Improper use could result in loud sounds, possibly causing hearing injury.
- Improperly handled batteries could overheat and cause a burn.

Similar to a computer, if a child does use your mobile device, you may want to monitor their access to help prevent exposure to inappropriate apps or content.

Glass Parts

Some parts of your mobile device may be made of glass. This glass could break if the product receives a substantial impact. If glass breaks, do not touch or attempt to remove. Stop using your mobile device until the glass is replaced by a qualified service center.

Operational Warnings

Obey all posted signs when using mobile devices in public areas.
Potentially Explosive Atmospheres

Areas with potentially explosive atmospheres are often, but not always, posted and can include fueling areas, such as below decks on boats, fuel or chemical transfer or storage facilities, or areas where the air contains chemicals or particles, such as grain dust, or metal powders.

When you are in such an area, turn off your mobile device, and do not remove, install, or charge batteries unless it is a radio product type especially qualified for use in such areas as “Intrinsically Safe” (for example, Factory Mutual, CSA, or UL approved). In such areas, sparks can occur and cause an explosion or fire.

Symbol Key

Your battery, charger, or mobile device may contain symbols, defined as follows:

<table>
<thead>
<tr>
<th>Symbol</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>!</td>
<td>Important safety information follows.</td>
</tr>
<tr>
<td>✖️</td>
<td>Do not dispose of your battery or mobile device in a fire.</td>
</tr>
<tr>
<td>ℓ</td>
<td>Your battery or mobile device may require recycling in accordance with local laws. Contact your local regulatory authorities for more information.</td>
</tr>
<tr>
<td>✟</td>
<td>Do not dispose of your battery or mobile device with your household waste. See “Recycling” for more information.</td>
</tr>
<tr>
<td>✘</td>
<td>Do not use tools.</td>
</tr>
<tr>
<td>⬇️</td>
<td>For indoor use only.</td>
</tr>
</tbody>
</table>

Radio Frequency (RF) Energy

Exposure to RF Energy

Your mobile device contains a transmitter and receiver. When it is ON, it receives and transmits RF energy. When you communicate with your mobile device, the system handling your call controls the power level at which your mobile device transmits.

Your mobile device is designed to comply with local regulatory requirements in your country concerning exposure of human beings to RF energy.

RF Energy Operational Precautions

For optimal mobile device performance, and to be sure that human exposure to RF energy does not exceed the guidelines set forth in the relevant standards, always follow these instructions and precautions:

- When placing or receiving a phone call, hold your mobile device just like you would a landline phone.
- If you wear the mobile device on your body, always place the mobile device in a Motorola-supplied or approved clip, holder, case, or body harness. If you do not use a body-worn accessory supplied or approved by Motorola, keep the mobile device and its antenna at least 2.5 cm (1 inch) from your body when transmitting.
- Using accessories not supplied or approved by Motorola may cause your mobile device to exceed RF energy exposure guidelines. For a list of Motorola-supplied or approved accessories, visit our website at: www.motorola.com.

RF Energy Interference/Compatibility

Nearly every electronic device is subject to RF energy interference from external sources if inadequately shielded, designed, or otherwise configured for RF energy compatibility. In some circumstances, your mobile device may cause interference with other devices.

Follow Instructions to Avoid Interference Problems

Turn off your mobile device in any location where posted notices instruct you to do so. In an aircraft, turn off your mobile device whenever instructed to do so by airline staff. If your mobile device offers an airplane mode or similar feature, consult airline staff about using it in flight.

Implantable Medical Devices

If you have an implantable medical device, such as a pacemaker or defibrillator, consult your physician before using this mobile device.

Persons with implantable medical devices should observe the following precautions:
ALWAYS keep the mobile device more than 20 centimeters (8 inches) from the implantable medical device when the mobile device is turned ON.

DO NOT carry the mobile device in the breast pocket.

Use the ear opposite the implantable medical device to minimize the potential for interference.

Turn OFF the mobile device immediately if you have any reason to suspect that interference is taking place.

Read and follow the directions from the manufacturer of your implantable medical device. If you have any questions about using your mobile device with your implantable medical device, consult your healthcare provider.

Specific Absorption Rate (FCC)

YOUR MOBILE DEVICE MEETS FCC LIMITS FOR EXPOSURE TO RADIO WAVES.

Your mobile device is a radio transmitter and receiver. It is designed not to exceed the limits for exposure to radio waves (radio frequency electromagnetic fields) adopted by the Federal Communications Commission (FCC). These limits include a substantial safety margin designed to assure the safety of all persons, regardless of age and health.

The radio wave exposure guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 1.6 W/kg.

Tests for SAR are conducted using standard operating positions with the device transmitting at its highest certified power level in all tested frequency bands. The highest SAR values under the FCC guidelines for your device model are listed below:

| Head SAR   | WCDMA 850/1900/2100, Wi-Fi, Bluetooth | 1.09 W/kg |
| Body-worn SAR | WCDMA 850/1900/2100, Wi-Fi, Bluetooth | 0.64 W/kg |
| WCDMA 850/1900/2100, Wi-Fi, Bluetooth | 0.64 W/kg |

During use, the actual SAR values for your device are usually well below the values stated. This is because, for purposes of system efficiency and to minimize interference on the network, the operating power of your mobile device is automatically decreased when full power is not needed for the call. The lower the power output of the device, the lower its SAR value.

Specific Absorption Rate (ICNIRP)

YOUR MOBILE DEVICE MEETS INTERNATIONAL GUIDELINES FOR EXPOSURE TO RADIO WAVES.

Your mobile device is a radio transmitter and receiver. It is designed not to exceed the limits for exposure to radio waves (radio frequency electromagnetic fields) recommended by international guidelines. The guidelines were developed by an independent scientific organization (ICNIRP) and include a substantial safety margin designed to assure the safety of all persons, regardless of age and health.

The radio wave exposure guidelines use a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit for mobile devices is 2 W/kg.

Tests for SAR are conducted using standard operating positions with the device transmitting at its highest certified power level in all tested frequency bands. The highest SAR values under the ICNIRP guidelines for your device model are listed below:

| Head SAR   | WCDMA 850/1900/2100, Wi-Fi, Bluetooth | 0.65 W/kg |
| Body-worn SAR | WCDMA 850/1900/2100, Wi-Fi, Bluetooth | 0.39 W/kg |
| WCDMA 850/1900/2100, Wi-Fi, Bluetooth | 0.65 W/kg |
| WCDMA 850/1900/2100, Wi-Fi, Bluetooth | 0.39 W/kg |
| WCDMA 850/1900/2100, Wi-Fi, Bluetooth | 0.65 W/kg |

During use, the actual SAR values for your device are usually well below the values stated. This is because, for purposes of system efficiency and to minimize interference on the network, the operating power of your mobile device is automatically decreased when full power is not needed for the call. The lower the power output of the device, the lower its SAR value.

Body-worn SAR testing has been carried out using an approved accessory or at a separation distance of 2.5 cm (1 inch). To meet RF exposure guidelines during body-worn operation, the device should be in an approved accessory or positioned at least 2.5 cm (1 inch) away from the body. If you are not using an approved accessory, ensure that whatever product is used is free of any metal and that it positions the phone at least 2.5 cm (1 inch) away from the body. If you are interested in further reducing your RF exposure then you can easily do so by limiting your usage or simply using a hands-free kit to keep the device away from the head and body. Additional information can be found at [www.motorola.com/rfhealth](http://www.motorola.com/rfhealth).
device should be in an approved accessory or positioned at least 2.5 cm (1 inch) away from the body. If you are not using an approved accessory, ensure that whatever product is used is free of any metal and that it positions the phone at least 2.5 cm (1 inch) away from the body. If you are interested in further reducing your RF exposure then you can easily do so by limiting your usage or simply using a hands-free kit to keep the device away from the head and body. Additional information can be found at www.motorola.com/rfhealth.

European Union Directives Conformance Statement

The following CE compliance information is applicable to Motorola mobile devices that carry one of the following CE marks:

CE 0168

CE 0168 (Only Indoor Use Allowed In France for Bluetooth and/or Wi-Fi)

Hereby, Motorola declares that this product is in compliance with:

* The essential requirements and other relevant provisions of Directive 1999/5/EC
* All other relevant EU Directives

FCC Notice to Users

The following statement applies to all products that bear the FCC logo on the product label.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. See 47 CFR Sec. 15.105(b). These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

* Reorient or relocate the receiving antenna.
* Increase the separation between the equipment and the receiver.
* Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
* Consult the dealer or an experienced radio/TV technician for help.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. See 47 CFR Sec. 15.19(a)(3).

Motorola has not approved any changes or modifications to this device by the user. Any changes or modifications could void the user's authority to operate the equipment. See 47 CFR Sec. 15.21.

For products that support Wi-Fi 802.11a (as defined in the product specifications available at www.motorola.com), the following information applies. This equipment has the capability to operate Wi-Fi in the 5 GHz Unlicensed National Information Infrastructure (U-NII) band. Because this band is shared with MSS (Mobile Satellite Service), the FCC has restricted such devices to indoor use only (see 47 CFR 15.407(e)). Since wireless hot spots operating in this band have the same restriction, outdoor services are not offered. Nevertheless, please do not operate this device in Wi-Fi mode when outdoors.

Location Services (GPS & AGPS)

The following information is applicable to Motorola mobile devices that provide location based (GPS and/or AGPS) functionality.
Your mobile device can use Global Positioning System (GPS) signals for location-based applications. GPS uses satellites controlled by the U.S. government that are subject to changes implemented in accordance with the Department of Defense policy and the Federal Radio Navigation Plan. These changes may affect the performance of location technology on your mobile device.

Your mobile device can also use Assisted Global Positioning System (AGPS), which obtains information from the cellular network to improve GPS performance. AGPS uses your wireless service provider’s network and therefore airtime, data charges, and/or additional charges may apply in accordance with your service plan. Contact your wireless service provider for details.

Your Location

Location-based information includes information that can be used to determine the approximate location of a mobile device. Mobile devices which are connected to a wireless network transmit location-based information. Devices enabled with GPS or AGPS technology also transmit location-based information. Additionally, if you use applications that require location-based information (e.g., driving directions), such applications transmit location-based information. This location-based information may be shared with third parties, including your wireless service provider, applications providers, Motorola, and other third parties providing services.

Emergency Calls

When you make an emergency call, the cellular network may activate the AGPS technology in your mobile device to tell the emergency responders your approximate location. AGPS has limitations and might not work in your area. Therefore:

- Always tell the emergency responder your location to the best of your ability; and
- Remain on the phone for as long as the emergency responder instructs you.

Navigation

The following information is applicable to Motorola mobile devices that provide navigation features.

When using navigation features, note that mapping information, directions and other navigational data may contain inaccurate or incomplete data. In some countries, complete information may not be available. Therefore, you should visually confirm that the navigational instructions are consistent with what you see. All drivers should pay attention to road conditions, closures, traffic, and all other factors that may impact driving. Always obey posted road signs.

Smart Practices While Driving

Check the laws and regulations on the use of mobile devices and their accessories in the areas where you drive. Always obey them. The use of these devices may be prohibited or restricted in certain areas—for example, handsfree use only may be required. Go to www.motorola.com/callsmart (in English only) for more information.

Your mobile device lets you communicate by voice and data—almost anywhere, anytime, wherever wireless service is available and safe conditions allow. When driving a car, driving is your first responsibility. If you choose to use your mobile device while driving, remember the following tips:

- Get to know your Motorola mobile device and its features such as speed dial, redial and voice dial. If available, these features help you to place your call without taking your attention off the road.
- When available, use a handsfree device. If possible, add an additional layer of convenience to your mobile device with one of the many Motorola Original handsfree accessories available today.
- Position your mobile device within easy reach. Be able to access your mobile device without removing your eyes from the road. If you receive an incoming call at an inconvenient time, if possible, let your voicemail answer it for you.
- Let the person you are speaking with know you are driving; if necessary, suspend the call in heavy traffic or hazardous weather conditions. Rain, sleet, snow, ice, and even heavy traffic can be hazardous.
- Do not take notes or look up phone numbers while driving. Jotting down a “to do” list or going through your address book takes attention away from your primary responsibility—driving safely.
- Dial sensibly and assess the traffic; if possible, place calls when your car is not moving or before pulling into traffic. If you must make a call while moving, dial only a few numbers, check the road and your mirrors, then continue.
- Do not engage in stressful or emotional conversations that may be distracting. Make people you are talking with aware you are driving and suspend conversations that can divert your attention away from the road.
- Use your mobile device to call for help. Dial 911 or other local emergency number in the case of fire, traffic accident, or medical emergencies (wherever wireless phone service is available).
- Use your mobile device to help others in emergencies. If you see an auto accident, crime in progress, or other serious emergency where lives are in danger, call 911 or other
local emergency number (wherever wireless phone service is available), as you would want others to do for you.

- Call roadside assistance or a special non-emergency wireless assistance number when necessary. If you see a broken-down vehicle posing no serious hazard, a broken traffic signal, a minor traffic accident where no one appears injured, or a vehicle you know to be stolen, call roadside assistance or other special non-emergency wireless number (wherever wireless phone service is available).

Privacy & Data Security

Motorola understands that privacy and data security are important to everyone. Because some features of your mobile device may affect your privacy or data security, please follow these recommendations to enhance protection of your information:

- **Monitor access** — Keep your mobile device with you and do not leave it where others may have unmonitored access. Use your device’s security and lock features, where available.

- **Keep software up to date** — If Motorola or a software/application vendor releases a patch or software fix for your mobile device that updates the device’s security, install it as soon as possible.

- **Secure Personal Information** — Your mobile device can store personal information in various locations including your SIM card, memory card, and phone memory. Be sure to remove or clear all personal information before you recycle, return, or give away your device. You can also backup your personal data to transfer to a new device.

**Note:**
For information on how to backup or wipe data from your mobile device, go to www.motorola.com/support

- **Online accounts** — Some mobile devices provide a Motorola online account (such as MOTOBLUR). Go to your account for information on how to manage the account, and how to use security features such as remote wipe and device location (where available).

- **Applications and updates** — Choose your apps and updates carefully, and install from trusted sources only. Some apps can impact your phone’s performance and/or have access to private information including account details, call data, location details and network resources.

- **Wireless** — For mobile devices with Wi-Fi features, only connect to trusted Wi-Fi networks. Also, when using your device as a hotspot (where available) use network security. These precautions will help prevent unauthorized access to your device.

- **Location-based information** — Location-based information includes information that can be used to determine the approximate location of a mobile device. Mobile phones which are connected to a wireless network transmit location-based information. Devices enabled with GPS or AGPS technology also transmit location-based information. Additionally, if you use applications that require location-based information (e.g. driving directions), such applications transmit location-based information. This location-based information may be shared with third parties, including your wireless service provider, applications providers, Motorola, and other third parties providing services.

- **Other information your device may transmit** — Your device may also transmit testing and other diagnostic (including location-based) information, and other non-personal information to Motorola or other third-party servers. This information is used to help improve products and services offered by Motorola.

If you have further questions regarding how the use of your mobile device may impact your privacy or data security, please contact Motorola at privacy@motorola.com or contact your service provider.

Use & Care

To care for your Motorola mobile device, please observe the following:

**liquids**
Don’t expose your mobile device to water, rain, extreme humidity, sweat, or other liquids. If it does get wet, don’t try to accelerate drying with the use of an oven or dryer, as this may damage the mobile device.

**extreme heat or cold**
Don’t store or use your mobile device in temperatures below -10°C (14°F) or above 60°C (140°F). Don’t recharge your mobile device in temperatures below 0°C (32°F) or above 45°C (113°F).

**microwaves**
Don’t try to dry your mobile device in a microwave oven.

**dust and dirt**
Don’t expose your mobile device to dust, dirt, sand, food, or other inappropriate materials.
To clean your mobile device, use only a dry soft cloth. Don’t use alcohol or other cleaning solutions.

Don’t drop your mobile device.

To help protect your mobile device, always make sure that the battery compartment and any connector covers are closed and secure.

Recycling

Mobile Devices & Accessories
Please do not dispose of mobile devices or electrical accessories (such as chargers, headsets, or batteries) with your household waste, or in a fire. These items should be disposed of in accordance with the national collection and recycling schemes operated by your local or regional authority. Alternatively, you may return unwanted mobile devices and electrical accessories to any Motorola Approved Service Center in your region. Details of Motorola approved national recycling schemes, and further information on Motorola recycling activities can be found at: www.motorola.com/recycling

Packaging & Product Guides
Product packaging and product guides should only be disposed of in accordance with national collection and recycling requirements. Please contact your regional authorities for more details.

Software Copyright Notice
Motorola products may include copyrighted Motorola and third-party software stored in semiconductor memories or other media. Laws in the United States and other countries preserve for Motorola and third-party software providers certain exclusive rights for copyrighted software, such as the exclusive rights to distribute or reproduce the copyrighted software. Accordingly, any copyrighted software contained in Motorola products may not be modified, reverse-engineered, distributed, or reproduced in any manner to the extent allowed by law. Furthermore, the purchase of Motorola products shall not be deemed to grant either directly or by implication, estoppel, or otherwise, any license under the copyrights, patents, or patent applications of Motorola or any third-party software provider, except for the normal, non-exclusive, royalty-free license to use that arises by operation of law in the sale of a product.

Content Copyright
The unauthorized copying of copyrighted materials is contrary to the provisions of the Copyright Laws of the United States and other countries. This device is intended solely for copying non-copyrighted materials, materials in which you own the copyright, or materials which you are authorized or legally permitted to copy. If you are uncertain about your right to copy any material, please contact your legal advisor.

Open Source Software Information
For instructions on how to obtain a copy of any source code being made publicly available by Motorola related to software used in this Motorola mobile device, you may send your request in writing to the address below. Please make sure that the request includes the model number and the software version number.
MOTOROLA MOBILITY, INC.
CSS Management
600 North US Hwy 45
Libertyville, IL 60048
USA
The Motorola website opensource.motorola.com (in English only) also contains information regarding Motorola’s use of open source. Motorola has created the opensource.motorola.com website to serve as a portal for interaction with the software community-at-large. To view additional information regarding licenses, acknowledgments and required copyright notices for open source packages used in this Motorola mobile device, please press Menu Key > Settings > About phone > Legal information > Open source licenses. In addition, this Motorola device may include self-contained applications that present supplemental notices for open source packages used in those applications.

Service & Repairs
If you have questions or need assistance, we’re here to help.
Go to [www.motorola.com/support](http://www.motorola.com/support), where you can select from a number of customer care options. You can also contact the Motorola Customer Support Center at 0800 666 8676 (Argentina), 800-201-442 (Chile), 01-800-700-1504 (Colombia), 01 800 021 0000 (México), 0800-100-4289 (Venezuela), or 0-800-52-470 (Perú).

**Latin America Warranty, Except Mexico**

**Latin America Warranty Motorola Mobility Inc.**

**Subscribers/Cellular Division**

Through its own service centers and/or its authorized service centers, Motorola provides a 1-year warranty that covers the cellular phone, all its parts and labor against any defect and operation as long as the “Product” has been operated and handled under normal conditions. The term of 1 year begins when the “Product” is purchased.

**Conditions**

1. For warranty service, return the “Product” and this warranty to the place of purchase or to any Motorola authorized service center. If additional information is needed, please contact any of our service centers:

   - Motorola Comercial, S.A. de C.V.
     Bosque Alisos No. 125
     Bosques de las Lomas
     CP 05120 México, D.F.
     Telephone: 257-6700

   - Motorola Industrial Ltda.
     Chedid Jafet
     222-Bloco D-1 Andar
     Vila Olmípia 04551-065
     São Paulo, Brazil
     Telephone: 0800-773 1244

   - Motorola Mobility Colombia S.A.S.
     Carrera 7 7152
     Torre B Piso 13 Oficina 1301
     Torre del Banco Ganadero
     Santa Fe de Bogotá, Colombia
     Telephone: 01800 700 1504

If the cellular phone has been installed in a vehicle, take the vehicle to the service center to analyze the equipment, or the installation on the vehicle. This warranty does not cover the installation of the cellular phone.

2. Motorola Mobility Inc., through its own service centers and/or their authorized service centers, will repair or replace the cellular phone at no charge. This warranty covers shipping expenses, only if it is needed to make the repair.

   Motorola Mobility Inc., through its own service centers and/or their authorized service centers, at its own discretion, will repair, replace, or reimburse the purchase price of the defective cellular phone only during the warranty period, as long as the “Product,” in accordance with the conditions established in this warranty, is returned to a Motorola service center or to a Motorola authorized service center. All the accessories, battery, parts, small boards or equipment of the cellular telephone that by virtue of being defective are replaced in fulfillment of this warranty, will automatically become property of Motorola Mobility, Inc.

3. To receive warranty service, present your cellular phone or accessory to any Motorola service center or Motorola authorized service center, along with your receipt of purchase or comparable substitute that indicates the date of purchase, serial number of the transceiver, and/or electronic serial number.

4. The repair time will not be greater than 30 days, starting from the day the equipment was received at the service center.

5. To purchase parts, spare parts, accessories and service not covered by this warranty, contact one of the service centers listed in section 1, or any authorized service center in your locality.

6. This warranty is not valid in the following cases:

   - Defects or damages derived from abnormal use.
   - Defects or damages derived from accident or negligence.
   - Defects or damages derived from tests, unsuitable operation, maintenance, installation and adjustments, or derived from any alteration or modification of any type.
   - Damage caused to antennas, unless they are consequences of defects in material or workmanship.
   - When the cellular phone has been disassembled and/or repaired so that its operation has been affected or that it can not be tested to verify any claim that grants this warranty.
   - Any cellular phone with a serial number that has been removed, altered, or obliterated.
   - Defects or damages caused by food spills or liquids.
   - When the cables of the control unit have been stretched or the module tongue-piece has broken.
When the surface of the “Product” and its pieces have been scratched or damaged due to normal use.

Leather cases.

Rented cellular phones.

When the “Product” has been altered or repaired by non-Motorola authorized service centers.

When the “Product” has not been operated in agreement with the instructions that accompany the “Product.”

When the surface of the “Product” and its pieces have been scratched or damaged due to normal use.

Leather cases.

Rented cellular phones.

When the “Product” has been altered or repaired by non-Motorola authorized service centers.

When the “Product” has not been operated in agreement with the instructions that accompany the “Product.”

7. The batteries (Nickel-Cadmium) are warranted only if their capacity is reduced by 80% below its predicted capacity. This warranty is null for all types of batteries if:

- The batteries are charged by a charger that has not been approved by Motorola.
- Any of the battery seals are broken or tampered with.
- The batteries were used or installed in non-Motorola equipment.

Guarantee Policy (Mexico)

This Guarantee Policy represents the only guarantee that applies to personal communication Products and Accessories of the Motorola Trademark that are purchased in Mexico and represents any other guarantee contained in the instructions, manuals, guides and/or warnings contained inside the packaging of said Products and Accessories.

I. Items Covered by this Guarantee

It protects the manufacturing defects and hidden defects of the “Products” and “Accessories” (such as batteries, antennas, chargers, wired headphones and wireless devices) of the Motorola trademark, described in the space that for such purpose is established on the back of this Guarantee Policy, which covers all of the parts, components, accessories and labor of Motorola Products, as well as the transportation costs that derive from fulfilling this policy within its service network.

The Motorola “Products” that this guarantee protects may be: (a) cellular phones, (b) smart phones (pocket computer and cellular phone), (c) beepers, (d) two-way radios, (e) wireless phones.

Motorola, free of charge for you, shall have the option to repair or replace the “Products”, “Accessories” and components that present problems and are covered by the Guarantee. Prior authorization expressed by the service requester, Motorola Comercial, S.A. de C.V. shall use used, equally functioning, refurbished, repaired or second hand parts or spare parts to repair the “Product.” Software updates shall not be provided.

II. Duration of the Guarantee

The duration of the guarantee shall be one year starting from the purchase date of the new “Product” or “Accessory” at an authorized establishment.

III. Procedure for Exercising the Guarantee

To demand the fulfillment of this guarantee, the address where the “Product” or “Accessory” was purchased must be sent to the address of the Person Responsible for the “Products” and “Accessories” in Mexico:

Motorola Comercial, S.A. de C.V.
Bosque de Alisos 125
Col. Bosques de las Lomas
Del. Cuajimalpa de Morelos
C.P. 05120 México, D.F.
Phone Number: (55) 5257-6700

or to the address of the authorized service center (which you can consult free of charge by calling 01 800 021 0000) and presenting the “Product” or “Accessory” with its parts and components.

“Product”:

Brand: Motorola Model:
Number of Mechanical Series:
Number of Electronic Series:
Name of Distributor:
Street and Number:
Town:
Municipality:
Postal Code, City, State, or Country:
Telephone:
Date of Delivery or Installation:
To exercise this guarantee, you must present the “Product” or “Accessory” and this Guarantee Policy duly sealed by the establishment where it was purchased. In the event that this policy was not established on the date in which the “Product” or “Accessory” was purchased, you must present the receipt from this purchase.

IV. Limitations or Exceptions of this Guarantee

The guarantee shall not be valid:

- When the “Product” or “Accessory” had been used in conditions different than normal conditions.
- When the “Product” or “Accessory” had not been operated in accordance with the accompanying usage instructions.
- When the “Product” or “Accessory” had been changed or repaired by people who are not authorized by the national manufacturer, importer or respective responsible retailer.

Motorola shall notify the consumer if the service request is covered by this guarantee policy; in the event that it is not covered, Motorola shall inform the consumer of the availability, prices and other conditions that apply to repairing the “Product.” Motorola shall only replace the “Product” or “Accessory,” upon turning in the “Product” or “Accessory” purchased.

For more information about the “Product” that needs repairs that are not covered by this guarantee, please call 01 800 021 0000.

Note: In other countries, consult the local guarantee laws and regulations and your local Motorola office.
