Before Getting Started
1. Remove the back cover.
2. Install the SIM card.
3. Download the user manual.
3. Install the microSD card.

NOTE: microSD logo is a trademark of the SD Card Association.

4. Install the battery.

Charging the Battery
When you first get your new phone you’ll need to charge the battery.
1. Connect the charger to the standard AC wall outlet.
2. Connect the charger to your phone.
3. Disconnect the charger when the battery is fully charged.

Powering On/Off
Make sure the SIM card is in your phone and the battery is charged.

Press and hold the Power Key to turn on your phone.

To turn it off, press and hold the Power Key to open the options menu. Touch Power off and then touch OK.

Waking Up Your Phone
Your phone automatically goes into sleep mode when it is not in use for some time. The display is turned off to save power and the keys are locked to prevent accidental operations.

You can wake up your phone by turning on the display and unlocking the keys.

1. Press the Power Key to turn on the phone.
2. Touch and hold $\text{POWER}$ at the center of the screen.

NOTE: If you have set an unlock pattern, PIN or password for your phone, you’ll need to draw the pattern or enter the PIN/password to unlock.

Using the Touch Screen
Your phone’s touch screen lets you control actions through a variety of touch gestures.

• Touch: When you want to type using the onscreen keyboard, select items onscreen such as application and settings icons, or press onscreen buttons, simply touch them with your finger.

• Touch and Hold: To open the available options for an item (for example, a message or link in a Web page), touch and hold the item.

• Swipe or Slide: To swipe or slide means to drag your finger vertically or horizontally across the screen.

• Drag: To drag, press and hold your finger with some pressure before you start to move your finger. While dragging, do not release your finger until you have reached the target position.

• Pinch: In some apps (such as Maps, Browser, and Gallery), you can zoom in or out by pinching two fingers on the screen at once and pinching them together (to zoom out) or spreading them apart (to zoom in).

• Rotate the screen: For most screens, you can automatically change the screen orientation from portrait to landscape by turning the phone sideways.
