## Touch Screen and Navigation Keys

- **Power/End Key**: Press and hold to power on/off, turn the phone on or turn it off in full-screen mode. Press to end a call or to return to the home screen.
- **Home Key**: Press to return to the home screen. From any applications or screen, press and hold to access Google Now™.
- **Recent Apps Key**: View recently used apps.
- **Back Key**: Go to the previous screen or exit the current application.
- **Volume keys**: Turn the volume up or down. Press during a call to mute the microphone.
- **Speaker Key**: Tap speakerphone on/off during a call to switch between speakerphone and handset. To launch the camera or take a picture when the camera app is already launched.

## Customizing Home Screens

You can customize your home screen by adding shortcuts, folders, widgets, and more.

**Adding Widgets**
1. From the home screen, tap + > Wi-Fi. Your phone automatically locates and displays available Wi-Fi networks and security settings. Your phone also tries to establish a connection to the network when it is in range.
2. Tap a network to connect to it. If the network is secured, enter a password or other credentials your network administrator has set up and tap CONNECT.

**Creating a New Shortcut**
1. From the home screen, tap + > App to Mobile-APP.
2. Swipe the apps to the left (or right) to display the mobile apps menu.
3. Tap an app to add it to the home screen.

**Removing a Widget**
1. Press and hold an app or widget to access the home screen context menu.
2. Drag the widget to the trash can to remove it.
