Important Information About Your RVND™ 7

RAND MCNALLY DOCK: Keep your device up to date by downloading the Rand McNally Dock for your home computer at www.randmcnally.com/dock and connecting your device with the USB cable provided.

POWER BUTTON: Press and hold the power button to turn the device on or off. See Preferences > General > Quick Power Press for options.

LEARN MORE: Access Tutorial & Tips under Preferences > General on your device for more information, or visit www.randmcnally.com/support to download the user manual.

Some screens include help tips. Tap this button to access.

WARNING: This product contains chemicals known to the State of California to cause cancer and/or other harm.
Install the Mount

**NOTE:** Follow all local regulations governing the placement of the mount. Select an area with a line of sight to the sky and GPS satellites to ensure reliable GPS information.

1. Clean and dry the mounting area.
2. Remove the suction cup protective film.
3. Adjust the angle of the mount.
4. Pull the suction cup lever up to release suction.
5. Plug the power cord into the device and the vehicle’s 12-volt power source.
6. Slide the device onto the mount.
7. Place and hold the mount suction cup against the mounting surface.
8. Press the suction cup lever down until it snaps into place.
9. Adjust the device so that it can be easily seen and does not block the driver’s line of sight.

Main Menu

1. Enter trip information and access tools.
2. Show location on the map and view navigation instructions.
3. Choose a destination.
4. Select device, route and map preferences. Access the tutorial.
5. Mute/unmute the speaker.
6. Adjust speaker volume.
7. Indicates charge when running on battery.

**Note:** You can select different color schemes in Preferences > General > Skin Style. The following screen images appear in the “Ice” style. Some screens may appear different, based on model number.

**Note:** From other screens, tap the Main Menu icon in the bottom right corner to return to the Main Menu.
Set Routing and Device Options

1. Tap Preferences.  
2. Tap the General, Route or Map tab.  
3. Tap and to view options.  
4. Tap the option button to be changed.  
5. Enter new settings.  
6. Tap to save changes.

On the left, tap on an option.  
On the right, enter settings for the option.

Destination

1. Route to a new location. (See page 6.)  
2. Return to a previously entered address.  
3. Access the Address Book.  
5. Route to a point of interest. (See page 10.)  
6. View trip content from Rand McNally.
Route to a New Location

1. Tap Choose Destination > New Location.
2. Tap Address.
3. Enter the name of the city. The keyboard will adapt to propose the next possible letters as you type.
4. Prompts appear in the top bar. Tap the city to select. Or, tap List to view cities beginning with the letter(s) you entered.
5. Enter the street name.
6. Enter the house number. (NOTE: To enter the house number before the street, tap the house number to choose a number on that street.)

See Confirm Destination Window (page 7.)

Tips
• You can also route to a new location by City Center, Intersection, or Latitude/Longitude, or choose Address > Zip Code Search.
• View recent destinations by tapping Choose Destination > History. View recent cities by tapping Choose Destination > New Location > Address > History.
• View saved locations by tapping Choose Destination > Address Book.

Confirm Destination Window

1. Destination address.
2. Begin route to destination.
3. Compare a primary and alternate route and choose one.
4. Add the location as a via point on the way to a previously entered destination.*
5. Save the location to the Address Book.
7. View the map.
8. Change the starting location for a route to the location displayed here.
9. Return to Main Menu.
10. Return to previous window.

NOTE: This window may include additional buttons based on the type of destination selected.

*To manage via points, Tap Choose Destination > Multi-Stop Trips. You can add up to 50 destinations in a multi-stop trip, and optimize routing for trips of up to 10 stops.
Route Map Window

1. Repeat spoken next-maneuver instructions.
2. Name of street you will turn onto next.
3. Show arrival time, remaining time, or other options.
4. Slide out to show upcoming exit information.
5. Directions list slideout. Tap Route Display Options to select detail view, highway view, trip summary, or summary map view.
6. Zoom in/out.
7. Return to Main Menu.
8. Current direction. Tap to select a map display option (Heading Up, North Up, or 3D View).
9. View current road name, upcoming cross road name, or city, county and state. Also displays current mile marker and advanced lane guidance. Tap to change.
10. View and save current location, detour, or cancel a route.
11. Tap on the current speed to display the Virtual Dashboard. (NOTE: Turns red for speed warnings; set in Trip Tools > Warnings.)
13. Minimize icons to show simply the map and next maneuver.

Junction View

When on a route, Junction View displays when you have an upcoming maneuver. Once past the maneuver, Junction View closes and the previous window displays.

1. Signs to follow for the next maneuver.
2. Number and direction of lanes for the next maneuver.
3. Distance to the upcoming maneuver. Distance decreases as you approach the ramp.
4. Lane assist arrow.
5. Return to previous window.
Find a Point of Interest (POI)

Tap Choose Destination > Points of Interest.

Search for a POI:
1. Near your car
2. In a particular city
3. Along your route
4. Near your destination
5. View custom POIs that have been uploaded through the Rand McNally Dock

POI Categories:
6. Roadside attractions, National Parks, and more
7. Restaurants, hotels, and other subcategories

Virtual Dashboard

1. Sunrise and sunset times based on vehicle location (latitude/longitude) and day.
2. Current speed.
3. Elevation at current location.
4. Percentage of current trip completed, distance to next maneuver, and the number of miles and time spent on the trip to this point.
5. Match with the vehicle’s odometer to automatically update new fuel logs. Tap the pencil to edit.
6. Gather trip information for up to three trips. Includes odometer settings, hours, and speeds.
7. Reset trip information for the selected trip (Tab 1, Tab 2, or Tab 3).
8. Select to automatically reset the information in each tab after the vehicle has remained stationary for the specified number of hours.
10. Return to the Route Map Window.
Rand McNally Dock™

The Rand McNally Dock enables you to receive software upgrades and access map updates, construction updates, and additional features. Simply download the Dock software for your PC or Mac at www.randmcnally.com/dock and connect your device using the USB cable provided.

With the Rand McNally Dock, you can also:

• Access the TripMaker® Trip Planner
• Upload custom POIs, such as red light cameras and offbeat tourist attractions, to your device
• Access the TripMaker

Exclusions: This limited warranty does not apply: 1) to any Product damaged by accident; 2) in the event of misuse or abuse of the Product or as a result of unauthorized alterations or repairs; 3) to accessories and consumables; or 4) to any side effects or consequences which are neither inherent to the software or content, nor to its delivery or installation. This warranty gives the Customer specific rights. Other rights may be available to Customer which vary from state to state.

For a detailed description of the features of your device, please see the User Manual, which can be downloaded from the Rand McNally Dock, and is also available at www.randmcnally.com/support.
Caution: Rand McNally makes no warranty as to the accuracy of completeness of the information in the Product and disclaims any and all express, implied or statutory warranties, including any implied warranty of merchantability or fitness for a particular purpose. It is the User’s responsibility to use this Product prudently. This Product is intended to be used only as a travel aid and must not be used for any purpose requiring precise measurement of direction, distance, location or topography.

RAND MCNALLY AND ITS LICENSORS DO NOT MAKE ANY OTHER WARRANTY OR REPRESENTATION, EITHER EXPRESS OR IMPLIED, WITH RESPECT TO THE PRODUCT, INCLUDING ANY WARRANTY AS TO QUALITY, PERFORMANCE, TITLE OR NON-INFRINGEMENT. IN NO EVENT WILL RAND MCNALLY OR ITS LICENSORS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES ARISING OUT OF THE USE OR INABILITY TO USE THE PRODUCT, EVEN IF ADVISED OF THE POSSIBILITY OF SUCH DAMAGES.

Some states do not allow limitations on how long an implied warranty lasts and/or do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations may not apply to some consumers.

The User agrees to allow User-provided information to Rand McNally and Rand McNally’s third party marketing and business partners to be used for internal business evaluation purposes, including but not limited to evaluating the effectiveness of the services provided, methods to simplify or improve User experiences. Such information will not be used by third parties or in any way that discloses the identity of the User.

Rand McNally may make use of third party software in the Product. Notwithstanding the terms and conditions of this license, use of some third party materials included in the Product may be subject to other terms and conditions. The official third party copyright notices are provided at the end of this License.

The User agrees to indemnify, defend and hold Rand McNally and its licensors (including their respective licensors, suppliers, assignees, subsidiary companies, and the respective directors, employees, shareholders, agents and representatives of each of them) free and harmless from and against any liability, loss, injury (including injuries resulting in death), demand, action, cost, expense or claim of any kind or character, including but not limited to attorney’s fees, arising out of or in connection with any use or possession by the User of this Product.

The above terms and conditions shall be governed by the laws of the Illinois, without giving effect to (i) its conflict of laws provisions, or (ii) the United Nations Convention for Contracts for the International Sale of Goods, which is explicitly excluded. The User agrees to submit to the jurisdiction of Illinois for any and all disputes, claims and actions arising from or in connection with the data provided to the User hereunder.

User shall not export the Product in violation of any U.S. or foreign laws. Rand McNally’s licensors shall be the third party beneficiaries of Rand McNally’s rights under this license, but are not parties hereto and have no obligations hereunder.

By using this Product, you agree to be bound both by the foregoing and to the terms of use found at www.randmcnally.com/RVGPS.

Actual toll costs may vary from estimates depending upon a number of factors including inaccurate or imprecise source data and upon variable toll costs which are dependent upon vehicle characteristics (class, axle number, weight, etc.) that vary across toll roads.

Restricted Rights Legend. For governmental agencies: Use, reproduction or disclosure is subject to restrictions set forth in subparagraph (c) (1) (iii) of the Right in Technical Data and Computer Software clause at DFARS 52.227-7013, as amended.
