This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and

(2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

— Reorient or relocate the receiving antenna.

— Increase the separation between the equipment and receiver.

— Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

— Consult the dealer or an experienced radio/TV technician for help.

FCC Radiation Exposure Statement

This device complies with FCC SAR exposure limits set forth for an uncontrolled environment.

SAR compliance for using the equipment in close proximity to the human body has been evaluated at 0mm.

This equipment must not be co-located or operating in conjunction with any other antenna or transmitter.

Caution!

Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

Canada Statement

This device complies with Industry Canada’s licence-exempt RSSs. Operation is subject to the following two conditions:

(1) This device may not cause interference; and

(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d’Industrie Canada applicables aux appareils radio exempts de licence. L’exploitation est autorisée aux deux conditions suivantes :

(1) l’appareil ne doit pas produire de brouillage; et

(2) l’utilisateur de l’appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d’en compromettre le fonctionnement.

This equipment should be installed and operated with a minimum distance of 0mm between the radiator and your body.

Cet équipement devrait être installé et actionné avec une distance minimum de 0mm entre le radiateur et votre corps.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Cet émetteur ne doit pas être Co-placé ou ne fonctionner en même temps qu’aucune autre antenne ou émetteur.
Your TND™ 740 Unit

Caution: Important Safety Information

Navigation
- Use this device at your own risk.
- Attend to this device only when it is safe to do so.
- Traffic laws and regulations always have priority over any instructions from the navigation system.

NOTE: If you do not understand the spoken instructions or are unsure of what to do, refer to the navigation map on your device.

Installation
- Make sure that the mount is securely mounted and properly adjusted before each trip.
- Make sure that the mount does not impair the driver’s visibility.
- Do not attach the mount within the airbag deployment zone.
- Install the mount in a manner that minimizes risk in the event of an accident.
- After installation, check all safety-related equipment to ensure that it operates without interference from the device, its cables, or any other accessories.
- Connect the vehicle charger to a 12V outlet only.
- The device can also be charged using a standard Micro USB charger.
- Do not use sharp-edged objects on the device touch screen.
- The device is not waterproof and is not protected against water damage.
- Protect the device from extreme temperatures. Operating temperature for the device is between 32 degrees F and 120 degrees F.
- Do not open the device casing.
- Do not attempt to replace the battery. Contact Rand McNally Customer Support with questions about the battery.
- Always follow local regulations when disposing of this device.

NOTE: Make sure that there are no kinks in the cable and that it will not be damaged by any sharp objects.
NOTE: Use only a moist cloth to clean the device.
NOTE: Do not pull the cable to unplug the unit.

Box Contents
1. TND™ 740 Unit
2. Smart mount
3. Bracket with suction cup
4. Vehicle charger
5. Micro USB cable
6. Anti-glare screen protector
Install the Mount

**NOTE:** Follow all local laws and regulations governing the placement of the mount.

1. Select an area with a line of sight to the sky and GPS satellites.
2. Clean and dry the mounting area.
3. Remove the suction cup protective film.
4. Attach the two pieces of the mount together and lock into place.
5. Adjust the angle of the mount.
6. Pull the suction cup lever up to release suction.
7. Plug the power cord into the mount and the vehicle’s 12-volt power source.
8. Place and hold the mount suction cup against the mounting surface.
9. Press the suction cup lever down until it snaps into place.
10. Snap the tablet onto the mount.
11. Adjust the tablet so that it can be easily seen and does not block the driver’s line of sight.
Getting Started

1. Connect to the Internet.
   Connect to the Wi-Fi hotspot on your smartphone or to your home Wi-Fi network.

2. Register your device with Rand McNally for updates and support.

   NOTE: You will be required to register your device in order to receive new updates.

Transferring User Information from Previous Device

To move or export user data from a previous Rand McNally TND™ device to a new Rand McNally TND™ device, please visit the following website for specific instructions: randmcnally.com/tnd740-support

TND™ 740 Operating System Home Screen

1. **Settings**
   Opens Truck GPS preferences.

2. **Wi-Fi® indicator**
   Opens Wi-Fi® settings and displays connection strength.

3. **Bluetooth® indicator**
   Opens Bluetooth® settings and shows connectivity states.

4. **Volume indicator**
   Opens volume control.

5. **System update**
   Indicates if a system update is available. Opens to initiate download.

6. **Current time**
   Displays current time.

7. **Battery power indicator**
   Displays current battery state.
### Features

1. **Truck Tools**
   Select to enter truck information, log your fuel and mileage, and access other tools.

2. **Maps**
   Show location on the map and view navigation instructions.

3. **Destination**
   Choose a destination by History, Address Book, Points of Interest, or Searching.

4. **DriverConnect**
   Record, view, and track duty status through your device. Also includes hours of service timers, vehicle inspection reports, and more.

---

**Restart Your TND™ 740**

Rand McNally has designed TND™ 740 for speed and reliability. However, from time to time, all Android devices run into problems. If your unit becomes unresponsive for any reason, it's always best to restart the unit by turning it off and on again.

**Restarting the Device**

1. Restart the unit by holding down the power button for 5 seconds, or until you see the **Power Off** screen.
2. Press **Power Off**.
3. Once the unit has shut down, press and hold the power button for 2 to 4 seconds to turn it back on.

If the unit is unresponsive and you don’t see the power down button appear on the screen, hold down the power button for 10 to 15 seconds and the device will turn off completely. Once the unit has shut down, press and hold the power button for 2 to 4 seconds to turn it back on.

**Warranties, End-User License Agreement, and Warranty**

Read attention to road conditions and street signs, and obey all traffic and safety laws. Traffic laws and current traffic conditions must always be observed and take precedence over the instructions issued by the Rand McNally navigation system. Some navigation systems may allow the user to input alternative routes and preferences, and may otherwise restrict the use of navigation and certain electronic devices in the vehicle. The User is responsible for operating his/her vehicle in a safe and prudent manner and to ensure compliance with all laws and regulations. The use of the navigation system may be prohibited by law in certain jurisdictions.

If after reading the following terms and conditions, the User decides not to accept the terms, the User should not use the navigation system.

Rand McNally hereby grants you (“User”) a limited, non-exclusive, non-transferable license to use the navigation system and any software incorporated into the navigation system, for the purposes of operating the System for the limited term of the warranty. You shall not share the software incorporated and associated data incorporated therein and as reflection documentation that associates the product (hereinafter referred to as “the Product”) to User’s own internal business or personal use and not for resale or sub-license.

This license is non-transferable and may be used only in accordance with the terms and conditions of this User Agreement. Except as permitted by such terms, the software of this Product may not be disclosed to third parties, nor may it be wholly or partially reproduced or distributed by any means, either electronically, mechanically, or otherwise in whole or in part, without the prior written consent of Rand McNally. User may not alter, remove or obscure any copyright notice, trademark notice, or proprietary legend from the Product. User is not permitted to alter, remove or obscure any reference or eu to human-readable form the software incorporated in the Product.

The User agrees to indemnify, defend and hold Rand McNally harmless from and against any liability, loss, injury (including injuries resulting in death), demand, action, cost, expense or claim of any kind or character, whether direct or indirect, that may be brought against User, or arising out of or resulting from User’s use of the Product. This license will terminate automatically if User fails to comply with any of the terms of this license, and in such case, User agrees to immediately stop using the Product. Rand McNally may revise or update the User Agreement at any time, without notice, with or without reason.
