1 Charging Your Player
To charge your player, use a USB cable to connect the player to a computer or USB power adapter (sold separately). For more information, visit: www.cowon.com/cowondriver.

2 Accessing the User Guide
The user guide contains both user instructions and safety information. To read the user guide, plug your player into a computer, open the Documentation folder on your player, then double-click the PDF file for your language, and select Use Windows Media Player.

3 Loading Contents to Your Player
1. Connect your player to your computer.
2. Open Windows Media Player.
3. Click the Home button in Windows Media Player.
4. Choose your player in the list of devices.
5. Click the Options tab to select the files you want to load.
6. Click the Apply button to load the files.

4 Navigating Menus and Options

(H) Options

Playing Music
1. Press the Jog/Dial button on your player to select a music file.
2. Press the Jog/Dial button again to play the music file.

Recording Audio
1. Connect a microphone to the headset jack on your player.
2. Press the Jog/Dial button to select the microphone.
3. Press the Jog/Dial button again to start recording.
4. Press the Jog/Dial button again to stop recording.

Transferring Files
1. Connect your player to your computer.
2. Open Windows Media Player.
3. Click the Home button in Windows Media Player.
4. Choose your player in the list of devices.
5. Click the Options tab to select the files you want to load.
6. Click the Apply button to load the files.
5 Setting Basic Functions

Setting Menu Language
- On the main menu, select System → Language.
- Select the language that you want, and press [OK].

Scanning for FM Radio Channels*
- Connect the antennas to your player.
- On the main menu, select System → FM Radio, press [OK], and select FM Radio.
- Press [OK] to select Yes.

Repeating/Shuffling Music
- On the main menu, select Music → New Playing List, press [OK], and select the desired option.
- Select the desired option.

6 Using the Bluetooth® Wireless Feature*

You can stream music from your player to Bluetooth® compatible speakers or headphones.

Turning on Bluetooth
- On the main menu, select System → Bluetooth Settings → Bluetooth OFF, press [OK], and select Bluetooth ON.
- Alternatively, press [OK] in the New Playing list and select the desired option.

Pairing with a Bluetooth device
- On the Bluetooth settings menu, select Scan for device, press [OK], and select the desired Bluetooth device.
- Press [OK] to select the desired Bluetooth device.

Streaming music to a Bluetooth device
- On the Bluetooth settings menu, select BT STREAM OFF, press [OK], and select BT STREAM ON.
- Alternatively, press [OK] in the New Playing menu and select the desired option.

* The FM radio and Bluetooth connections are available at N300 ship.
