1 Walkman (1)
3 USB cable (1)
4 Leather Carrying Case (1)
5 Spacer (1)
2 Quick Start Guide (this manual)

About the genuine leather carrying case
• This product is made of genuine leather. Unlike artificial leather, genuine leather may have scratches, wrinkles, or vein marks on the surface. Every case has a unique appearance and color.
• Wrapping the headphone cord around the leather carrying case when storing may leave headphone cord marks as the leather is soft.
• When using a cleaner, read the instructions carefully and try it on an inconspicuous part first.
• Do not use any type of solvents such as alcohol or thinner for cleaning.
• Doing so will cause color fading, deformation or degradation which may damage the leather carrying case.
• Moisture such as rain or sweat, or friction may cause discoloration or color migration to your clothes, etc.
• Do not use or store the leather carrying case in a location exposed to direct sunlight (such as in a car), extremely high/low temperatures, high humidity or dust.
• Be careful that your Walkman does not come in contact with the snap button of the leather carrying case when you put the Walkman in or remove it from the case. Otherwise, the Walkman may become scratched.

Parts and Controls
1 Screen (touch screen)
2 Built-in microphone
3 Headphone jack
4 WM-PORT jack
5 Access lamp
6 microSD card slot
7 microSD card slot cover

10 Volume + “+” and “−” buttons
11 ■ (Next) button
12 ▶ (Play/Pause) button
13 ◼ (Previous) button
14 Strap hole
15 N mark

About volume operation (Only for countries/areas complying with European Directives)
An alarm (beep* and warning [Check the volume level] are meant to protect your ears when you raise the volume setting beyond a specific level for the first time. You can cancel the alarm and warning by tapping [OK] on the alert dialog.

• The alarm (beep) does not sound when connecting a Bluetooth audio device.

Note
• You can turn up the volume beyond the specific level after canceling the alarm and warning.
• After the initial warning, the alarm and warning repeat for every 20 cumulative hours that the volume is set beyond the specific level; when this happens, the volume is changed to the initial setting automatically.
• If the volume is set beyond the specific level and you turn off your Walkman, the volume returns to the specific level automatically.

Initial Settings
1 Use the supplied USB cable to connect your Walkman to a running computer and charge the Walkman.

Note
• If a large battery symbol is displayed while you are charging your Walkman, the remaining charge is still too low for the Walkman to operate. The Walkman will start automatically after being charged for about 10 minutes.
• It takes about 4.5 hours to fully charge the battery.
• To prevent battery deterioration, charge the battery at least once every six months or every year.

2 If the USB connected screen appears, tap  to quit the screen, and then proceed to the initial settings.

The language selection screen* appears.
* Depending on where you purchased your Walkman, the language selection screen may not appear.

3 Select the desired language to be used to display the End User License Agreement.

4 Make sure that you understand the terms of the license agreement then tap [Agree].

The initial setup screen appears.

5 Tap [1].

The screens and illustrations shown are for reference only and may differ from the actual product or screen.

6 Select the desired language.
**Turning On/Off Your Walkman**

Turn off the power when not using your Walkman for an extended period of time.

1. Press the \( \bigcirc \) button to turn on your Walkman. Press and hold the \( \bigcirc \) button to turn off your Walkman.
2. When turning off your Walkman, tap \[ Power off \] – \[ OK \].

**Turning On/Off the Screen**

The screen will turn off if no operations are made for a certain period of time.

1. Press the \( \bigcirc \) button. The lock screen will be displayed.
2. Drag \( \overset{\frown}{\bullet} \) out of the circle. Your Walkman is then unlocked, and the Home screen will be displayed. Press the \( \bigcirc \) button again to turn off the screen.

**Home Screen**

The Home screen is displayed by tapping \( \bigcirc \).

**How to Use the Touch Screen**

Your Walkman screen is touch-sensitive. You can operate your Walkman by gestures such as tapping, pressing, and flicking the screen. Refer to the Help Guide for details.

**How to Use the Help Guide on Your Walkman**

When you access the Internet, you can view the full version of the Help Guide on the web from your Walkman.

1. Tap \( \bigcirc \) from the Home screen then tap \( \bigcirc \) [Help Guide].

**Troubleshooting**

If your Walkman does not function as expected, try the following steps to resolve the issue.

1. **Find the symptoms of the issue in “Troubleshooting” in the Help Guide (HTML document), and try any corrective actions listed.**
2. **Connect your Walkman to your computer to charge the battery.**
3. **Press and hold the \( \bigcirc \) button for about 8 seconds.**

**Symptom**

- The computer does not recognize your Walkman.

**Cause/Remedy**

- If the remaining battery power is low, charge the battery.
- When you use your Walkman for the first time, or if you have not used the Walkman for a long time, it may take a few minutes to be recognized by the computer. Check that the computer recognizes the Walkman after you have connected it to the computer for about 10 minutes.
- Make sure that the USB cable is connected to the computer properly and securely.
- Use the supplied USB cable.
- Connecting your Walkman via a USB hub may not work. Connect the Walkman directly to the USB connector on your computer.
- Make sure that the USB connection is not turned off. Drag the status bar, then tap \[ Turn on USB storage \] on the notification panel followed by \[ Turn on USB storage \] on \[ OK \].
- If the approaches listed above fail to resolve the issue, press and hold the \( \bigcirc \) button for about 8 seconds to reset your Walkman then try the USB connection again.

**About the headphones**

- Avoid playing the unit at a loud volume that extended play might affect your hearing.
- At a high volume, outside sounds may become inaudible. Avoid listening to the unit in situations where hearing must not be impaired, for example, while driving or cycling.
- As the headphones are of open-air design, sounds go out through the headphones. Remember not to disturb those close to you.

**Specifications**

Starting up time from battery shortage condition
- About 10 minutes

Temperature of battery use
- 5 °C to 35 °C (41 °F to 95 °F)

**Precautions**

You must accept the terms of the End User License Agreement when you use your Walkman for the first time. To read them again later, swipe the status bar down and tap \( \bigcirc \) [Settings] – \( \bigcirc \) [About device] – \( \bigcirc \) [Legal information] – \( \bigcirc \) [Sony EULA].

**Information on laws and trademarks**
